President Ram Nath Kovind during the 5th Annual Convocation of IIM Jammu.

JAMMU: [President Ram Nath Kovind](#) on Thursday praised girls for securing the top three ranks in the Civil Services Examinations (CSE) and top three medals at [IIM Jammu](#), and said that it indicates India is moving not only towards greater [women](#) empowerment, but also towards women-led empowerment.

Kovind presented medals to three IIM toppers-- Ms. Sonali (Gold), Ms. Shraddha Shukla (Silver) and Ms Raafeeq Dawara (Bronze) during the [5th Annual Convocation of IIM Jammu](#).

Addressing the gathering, including 214 pass out students, President said, "I congratulate the recipient of medals. I am delighted to see that all the three medals, including convocation, are won by our daughters. As we now that in the latest results of civil service examination released recently, our daughter have captured top three ranks. These happy developments related to the excellence of our daughters indicate that India is moving not only towards greater women empowerment but also towards women-led empowerment."

"The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger," he added.

Further, Kovind said that the National Education Policy (NEP) seeks to position India as a 'Knowledge Hub' in today's knowledge economy." It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable."

The president said that the mindset of being a job-giver and not a job-seekers among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world.

Kovind appreciated that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes to promote entrepreneurship, and advised students to remain quick learners and re-learners throughout their life.

"Many of you may be aware of the fact that the Lt. governor came into the field of public service with an illustrious academic career as an engineering student from IIT, BHU. I appreciate his efforts for the improvement of education in Jammu and Kashmir."

"I hope that each one of you would strive to make our nation proud and make a positive contribution in the development of the society and the nation," President Kovind said.

## Happy With Course Integration Under NEP: Prez

Publish Date: Jun 10 2022 2:48AM Updated Date: Jun 10 2022 2:48AM

President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the National Education Policy, 2020.

"I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelise the potential of the people for bigger goals, be it in the field of entrepreneurship/research or skill development."

"I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase higher education outreach in this part of the country."

"I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu," Kovind said.

"I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes," he added.

"I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target."

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

"In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions," he added.

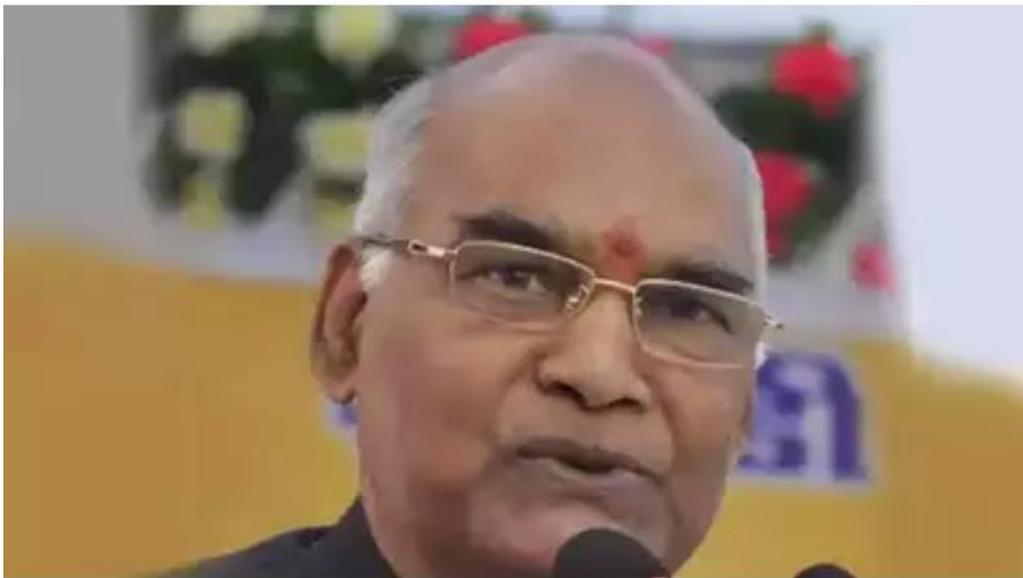

He said that in this context, the initiative of setting up a centre for happiness, named 'Anandam', by IIM Jammu is a welcome step.

## India moving towards women-led development: President Ram Nath Kovind

Sanjay Khajuria / TNN / Jun 11, 2022, 00:38 IST

JAMMU: Lauding the feat of women who bagged the top three ranks in the civil services examinations and three female toppers of IIM Jammu, President [Ram Nath Kovind](#) said this indicated that India is moving towards greater women empowerment and women-led empowerment.

“The future of our country depends on good education of our young population,” he said as he presented medals to IIM toppers - Sonali (gold), [Shraddha Shukla](#) (silver), and [Raafeeq Dawara](#) (bronze) at the fifth annual convocation of IIM Jammu.

“The future of our country depends on good education of our young population,” he said as he presented medals to IIM toppers - Sonali (gold), [Shraddha Shukla](#) (silver), and [Raafeeq Dawara](#) (bronze) at the fifth annual convocation of IIM Jammu.

“The [National Education Policy](#) seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values, which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” he added.

The mindset of being a job-creator and not a job-seeker was one of the key factors in the country having one of the best start-up ecosystems in the world, the President. He advised students to remain quick learners and re-learners throughout their life. “Convert challenges into opportunities. You have to be ‘pro-changers’ and yet be sensitive to ‘no-changers’ so as to convert them into supporters of change. They have to look at tomorrow while learning from yesterday,” he said.

Advising students to keep an open mind and heart and a strong will, [Kovind](#) said: “I hope that each one of you would strive to make our nation proud and make a positive contribution to the development of society and the nation.”

Updated Jun 10, 2022 | 08:34 AM IST

President Kovind at IIM Jammu Convocation (Source : President of India official twitter)

Asserting that the National Education Policy seeks to position India as a "knowledge hub", President [Ram Nath Kovind](#) on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable.

Laying focus on start-ups, [Kovind](#) said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," Kovind said in his address at the fifth convocation of the Indian Institute of Management ([IIM](#)) Jammu.

The President also inaugurated a diversity cell at the institute. "For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

"I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like [IIM Jammu](#) to quickly adopt global best practices and aspire for higher ranking," he added.

Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021. "Innovation and entrepreneurship strengthen each other," he said.

On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added.

He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said. Kovind also expressed happiness over the cooperation among the Jammu-based IIM, [Indian Institute of Technology](#) and All India Institute of Medical Sciences.

"I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelize the potential of the people in the union territory for bigger goals.

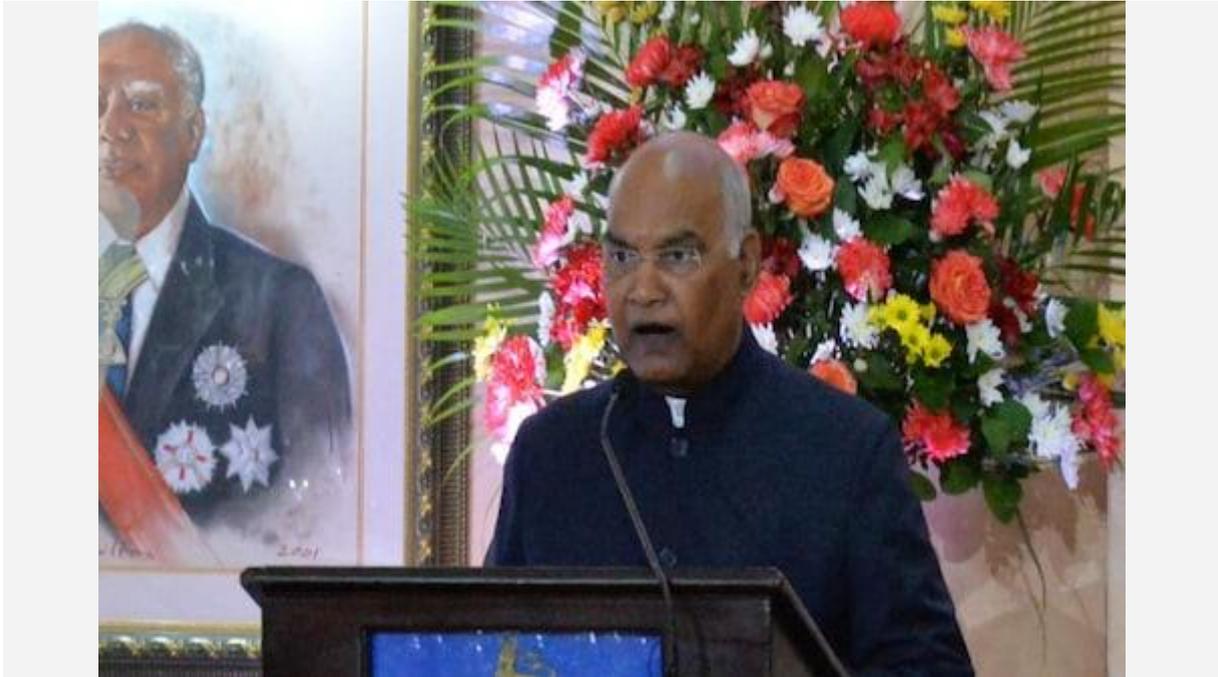

To the papas-outs Kovind said education and knowledge remove ignorance and set the mind and soul free. Only learning which liberates the learner is real learning, he added.

Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilizing the known' to the approach of 'exploring the unknown'," he said.

“The future of [India](#) depends on providing better education to the youth,” said President Ram Nath Kovind on Thursday while addressing the fifth annual convocation of the Indian Institute of Management (IIM) Jammu. He said that education is the greatest enabler.

“The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger,” said the president.

Talking about National Education Policy (NEP) he said, “We know, the National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable.”

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. The President added that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. The president noted that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes.

The president advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. “The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown’. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be ‘pro-changers’ and yet be sensitise to ‘no-changers’ for converting them as supporters of change. They have to look at tomorrow while learning from yesterday,” he said.

He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. “Excellence and ethics go together.”

President Ram Nath Kovind on Thursday said that the future of India depends on providing better education to the youth and institutions like IIM Jammu were nurturing the youth.

“These talented youths are going to make the future of India. They are going to make the life of the people better and the nation stronger,” he said while addressing the fifth convocation of the Indian Institute of Management (IIM) Jammu here.

He asked IIM Jammu and other higher educational institutions in the country to adopt villages and towns in their surrounding areas and utilise the potential of the people for a bigger goal, be it in the field of entrepreneurship or research or skill development.

He said, "I am happy that IIM Jammu, IIT, Jammu, AIIMS, are providing integrated courses in which students of one institute can take advantage of other institutes. The synergy between courses and institutions is the aim of the National Education Policy 2020".

"You are going into the world of successful professionals and will move from one place to another. I call upon you to always stay connected with your roots. Don't fail to return to society. It has given you a chance to become a successful person," he added.

The President said that to make India a hub of knowledge, institutions also have to improve. He also said that India was moving towards women-led empowerment.

"Three medals have been won by daughters in the initiation ceremony today. Recently, daughters had also secured the first three top positions in the civil services examination of the Union Public Service Commission. India is moving towards women-led empowerment," he said.

Earlier, the President arrived on Thursday afternoon on a two-day visit to Jammu. He was received at the Technical Airport Jammu by lieutenant governor Manoj Sinha, and Jammu mayor Chandra Mohan Gupta.

He went straight to the Raj Bhawan and then attended the fifth convocation as the chief guest. He will go to the cave shrine of Shri Mata Vaishno Devi on Friday before returning to Delhi. A total of 214 degrees were awarded to as many students in which 77 were girls. Sonali was given the chairperson's gold medal, Shraddha Shukla was given the director's silver medal and Rafiq Dagra was given the chairperson's MBA bronze medal. The Institute of Company Secretaries of India presented the ICSI Signature Award to Sonali, a topper in MBA. The President also inaugurated the diversity cell of IIM Jammu.

**National Education Policy seeks to position India as 'Knowledge Hub': President Kovind ANI**

| Updated: Jun 09, 2022 23:12 IST Jammu (Jammu and Kashmir (/topic/jammu-and-kashmir)) [India], June 9 (ANI):

Highlighting that the future of our country depends on the good education of our young population, President Ram Nath Kovind on Thursday said that talented young people are going to build India's future and are going to make the lives of the people better. President Ram Nath Kovind graced and addressed the 5th annual convocation of the Indian Institute of Management Jammu on Thursday.

Speaking on the occasion, the President said that education is the greatest enabler. "The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youths. These talented young people are going to build India of the future. They are going to make the lives of the people, better, and the country, stronger." The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy.

"It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,"

President said. He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking. The President said that aided by the convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. "Unicorns, most of which are set up by young people, must be a source of inspiration for all students. The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world," he said.

He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion. The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast-paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. "

To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro changers' and yet be sensitised to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together," President said. (ANI)

## **India's future depends on good education of young population: President Jammu,**

June 9 (UNI) Advising students to remain quick learners and re-learners throughout their life, President Ram Nath Kovind on Thursday said that India's future depends on good education of our young population. "Remain quick learners and re-learners throughout your life. The role of fast paced technological changes is going to be disruptive," Kovind said while addressing the Fifth Convocation of Indian Institute Management of Jammu here this evening.

Union Minister Dr Jitendra Singh and Jammu and Kashmir Lieutenant Governor Manoj Sinha also attended the event. The President said that the role of fast paced technological changes is going to be disruptive, adding, "Education is the greatest enabler. The future of our country depends on the good education of our young population." "Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future.

They are going to make the lives of the people better, and the country stronger," the President observed. He said, "as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today." "For India to become a global knowledge hub, our institutes of learning have to be globally comparable," he said and expressed happiness noting that the number of Indian institutions in the global ranking is gradually increasing.

He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking. The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. "Unicorns, most of which are set up by young people, must be a source of inspiration for all students," he said and added, "the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world. India's future depends on good education of young population:

"I am happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes," he added and appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion. The shelf life of technologies is getting shorter, he said. Kovind added that therefore, the shelf life of management and leadership styles is also going to be shorter and added, to deal with such a scenario,

they have to move from the mindset of 'utilizing the known' to the approach of 'exploring the unknown'.

"They (students) have to move beyond their comfort zones to the areas of uncertainty and have to convert challenges into opportunities," he advised. The President further asked the students to be 'pro-changers' and yet be sensitise to 'nochangers' for converting them as supporters of change. Students have to look at tomorrow while learning from yesterday and have to create a future based on the relevant learning from the past, said Kovind.

The President advised them to keep an open mind, an open heart and a strong will and said, "a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together."

President Kovind attends IIM Jammu 5th Convocation today

**Jammu:** Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable. Laying focus on start-ups, President Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," President Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute. "For India to become a global knowledge hub, our institutes of learning have to be globally comparable. "I am happy to note that the number of Indian institutions in the global ranking is gradually increasing.

I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added. President Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

"Innovation and entrepreneurship strengthen each other," he said. On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars

and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said.

President Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences. "I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals. To the passouts, President Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added. Asserting that the role of fast-paced technological changes is going to be disruptive, President Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'," he said.

President Ram Nath Kovind and J&K L-G Manoj Sinha at the IIM Jammu convocation on Thursday. (PTI)

President Ram Nath Kovind Thursday said that the bagging of the top three ranks by “our daughters” in the Civil Services examination indicate that “India is moving not only towards greater women’s empowerment, but also towards women-led empowerment”.

He was addressing the 5th annual convocation of IIM Jammu. Addressing the 214 passouts, he said: “A very important point for all of you is to remain quick learners and re-learners throughout your life.” He asked them to move beyond their comfort zones.

“The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up eco-systems in the world,” he said, expressing happiness that IIM Jammu, in collaboration with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, was in the process of setting up a special diversity cell, the first centre of its kind among IIMs, for helping potential entrepreneurs from scheduled castes and scheduled tribes.

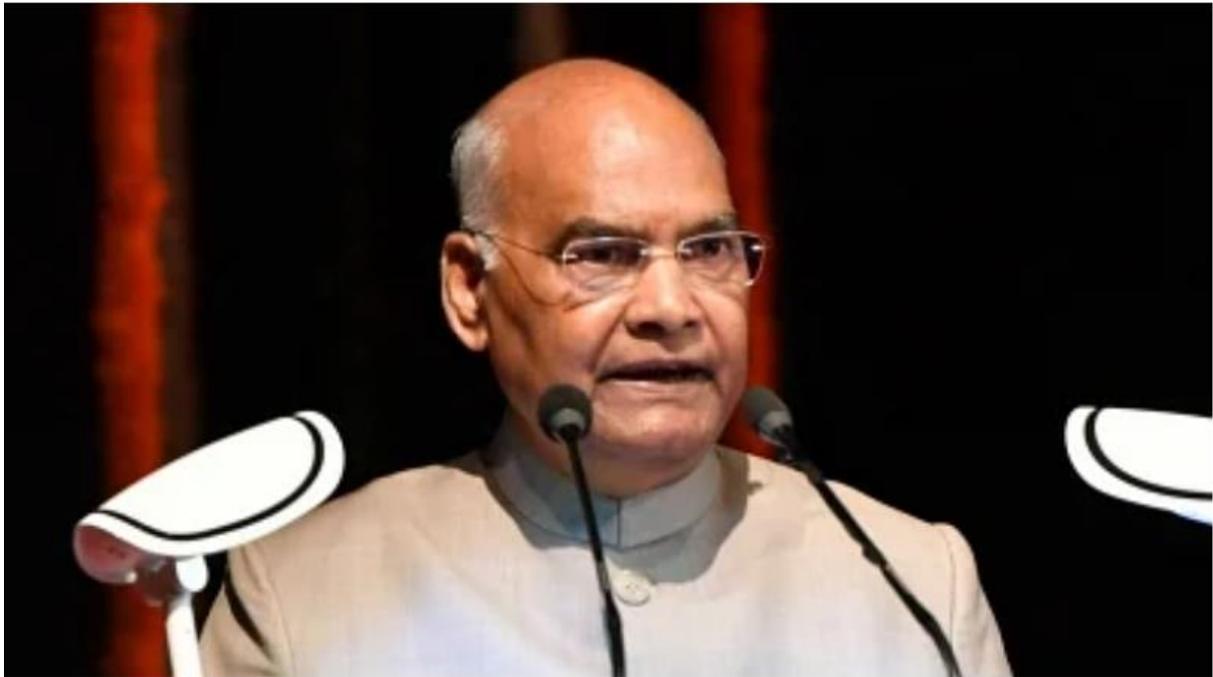

Describing education as the “greatest enabler”, he said: “The future of our country depends on good education to our young population.” The National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy, he said.

**I am happy about integration of courses and institutions in line with NEP:  
President Kovind**

[IANS Updated:](#) Friday, June 10, 2022, 11:18 AM IS President Ram Nath Kovind |  
IANS

**Jammu, June 10 (IANS)** President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the National Education Policy, 2020.

"I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelise the potential of the people

for bigger goals, be it in the field of entrepreneurship/research or skill development."

"I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase higher education outreach in this part of the country."

"I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu," Kovind said.

"I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes," he added.

"I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target."

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

"In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions," he added.

He said that in this context, the initiative of setting up a centre for happiness, named 'Anandam', by IIM Jammu is a welcome step.

[Press Trust of India](#) | Jun 10, 2022 - 8:08 a.m. IST

**Jammu:** Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable.

Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu. The President also inaugurated a diversity cell at the institute.

"For India to become a global knowledge hub, our institutes of learning have to be globally comparable. "I am happy to note that the number of Indian institutions

in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added.

Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021. "Innovation and entrepreneurship strengthen each other," he said. On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes". "I am told that this is going to be the first centre of its kind among the IIMs," he said.

Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences. "I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals. To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added. Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'," he said.

President Kovind addresses Annual Convocation of IIM at Jammu

| 8:13 am

**In the Union Territory of Jammu and Kashmir, President of India, Ramnath Kovind addressed the 5th Annual Convocation of the Indian Institute of Management in Jammu on Thursday.**

Speaking on this occasion, President Kovind said that a new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better. Urging students to positively contribute to the development of a stronger nation, the President said that education sets mind and soul free from ignorance and negativity, adding youth are catalysts of a future and stronger India.

Commending girls for getting the top three gold medals, President Kovind said that India is moving forward with greater women empowerment.

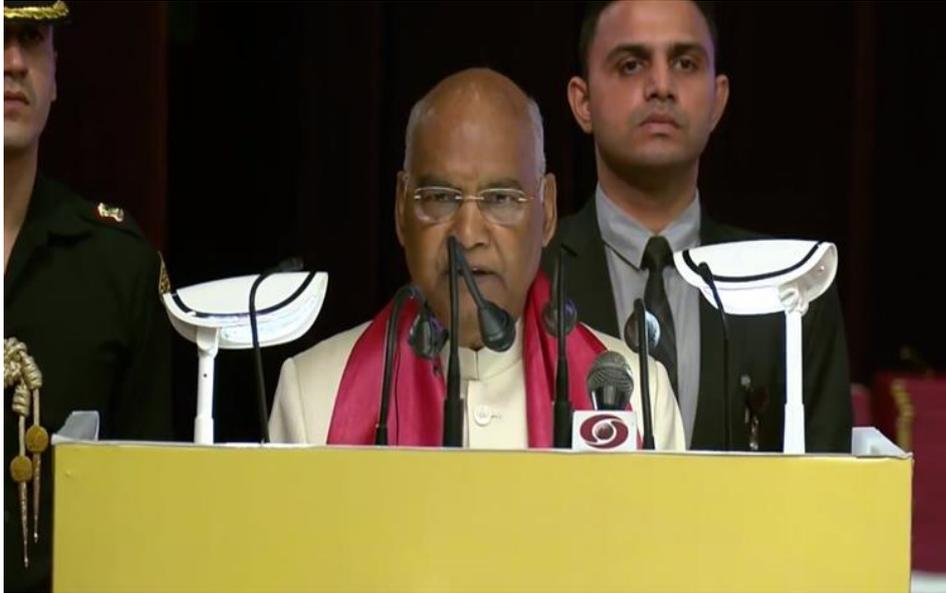

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree this year. The main highlight of the convocation was that 77 female students were awarded their degrees. On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu. He will also pay obeisance at the shrine of Shri Mata Vaishno Devi Ji on Friday.

## Adopt villages to facilitate growth: Prez at IIM-Jammu

- Updated At: Jun 10, 2022 07:28 AM (IST)

President Ram Nath Kovind being welcomed by Lieutenant Governor Manoj Sinha in Jammu on Thursday. PTI

### [Our Correspondent](#)

**Jammu, June 9**

President Ram Nath Kovind today urged the Indian Institute of Management (IIM), Jammu, and other institutes to adopt villages and towns in their vicinity to channelise the potential of people and help them achieve their goals, be it in the field of entrepreneurship, research or skill development.

**Hails integration of institutes**

- President Ram Nath Kovind hails the IIM, the IIT and AIIMS in Jammu for integrating and offering courses through which students from one institute can get access to the other
- 214 students get MBA degree at the IIM-Jammu's convocation

At the annual convocation of the IIM, he said, "I am happy that the IIM, the IIT and AIIMS in Jammu are integrating and offering courses through which students from one institute can get access to the other. This is in line with the objectives of the National Education Policy-2020."

As many as 214 students of the IIM-Jammu, including 77 girls, were awarded MBA degree. Confederation of Indian Industries Director General Chandrajit Banerjee and Dalit Indian Chamber of Commerce president Ravi Kumar Narra were the special guests.

The President said, "The future of the country depends on good education therefore I try not to miss any opportunity that is related to the promotion of education."

Referring to Lieutenant Governor (L-G) Manoj Sinha, he said Sinha was also known as a dhoti-wearing IITian by his friendly associates. "I appreciate his efforts for improving the education system," he said.

According to President Kovind, the National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. "It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable," he said.

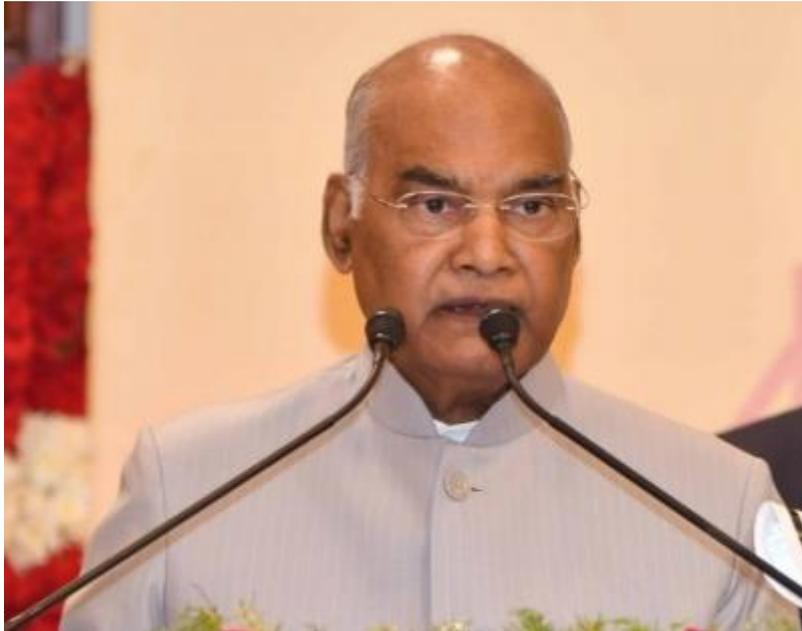

"I am happy to note that the number of Indian institutions in global ranking is gradually increasing. A few institutions like IIM-Jammu have adopted the best global practices. The mindset of being a job giver and not a job seeker among the youth is one of the key factors of having one of the best startup ecosystems in the world," the President added.

## President Kovind asks IIM students to play key role in startup ecosystem

*Lt. Governor Manoj Sinha, Union Minister Dr. Jitendra Singh and Director IIM Dr. BS Sahay were among others who spoke on the occasion.*

Statesman News Service | New Delhi | June 9, 2022 10:30 pm

President Ram Nath Kovind (Photo: IANS)

President Ram Nath Kovind on Thursday urged the students of IIM Jammu to always remain connected with their roots and play a key role in the startup ecosystem of the country.

The President, who was the chief guest, was speaking at the fifth convocation of the IIM.

He urged the IIM Jammu and other institutes in its proximity to adopt towns and villages of the neighbourhood and channel the potential of the people there for bigger goals, be it in the field of entrepreneurship or research, or skill development.

He said; "I am happy that IIM Jammu, IIT Jammu, and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020".

“As you step into the world of professional excellence and move from one place to another, I urge you to always remain connected with your roots. Never fail to give back to the society which has given you the opportunity to become a successful individual”, the President said.

He said that for India to become a global knowledge hub, our institutes of learning have to be globally comparable.

Attaching importance to the event as it relates to the future of youth and to the future of India. “Yesterday I interacted with VCs of Central Universities and Director Institutions of national importance in presence of the Union Minister of Education and experts of higher education responsible for implementing education policy. The future of our country depends on good education therefore I try not to miss any opportunity that is related to the promotion of education. I remember having attended virtually the implementation of education policy in J&K in September last year, he said.

The National Education Policy seeks to position India as a knowledge hub in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant. For India to become a global knowledge hub our institutes of learning have to be globally comparable.

“I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. Few institutions like IIM Jammu have adopted global best practices” he said.

Lt. Governor Manoj Sinha, Union Minister Dr. Jitendra Singh and Director IIM Dr. BS Sahay were among others who spoke on the occasion.

The President was earlier during the day received at the airport by LG Manoj Sinha and others. The President is expected to pay obeisance at the Vaishnodevi shrine on Friday before leaving for Himachal Pradesh.

## **For India to become global knowledge hub, institutes of learning need to be globally comparable: Kovind**

**PTI** 9 June, 2022 10:01 pm IST

Jammu, Jun 9 (PTI) Asserting that the National Education Policy seeks to position India as a “knowledge hub”, President Ram Nath Kovind on Thursday said that for India to become so, the country’s institutes of learning need to be globally comparable. Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

“The National Education Policy seeks to position India as a knowledge hub in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today,” Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute.

“For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

“I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking,” he added.

Kovind also noted that India’s ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

“Innovation and entrepreneurship strengthen each other,” he said.

On a successful start-up ecosystem in the country, the President said, “Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all.” The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added.

He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said “is going to set up a

special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes”.

“I am told that this is going to be the first centre of its kind among the IIMs,” he said.

Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences.

“I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020,” he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals.

To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added.

Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, “The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown’,” he said. PTI AB AB CJ CJ

## National Education Policy seeks to position India as ‘Knowledge Hub’: President Kovind

ANI 9 June, 2022 11:13 pm IST

President Ram Nath Kovind in Jammu (Photo/Rashtrapati Bhavan)

Jammu (Jammu and Kashmir) [India], June 9 (ANI): Highlighting that the future of our country depends on the good education of our young population, President Ram Nath Kovind on Thursday said that talented young people are going to build India’s future and are going to make the lives of the people better.

President Ram Nath Kovind graced and addressed the 5th annual convocation of the Indian Institute of Management, Jammu on Thursday.

Speaking on the occasion, the President said that education is the greatest enabler. “The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youths. These talented young people are going to build India of the future. They are going to make the lives of the people, better, and the country, stronger.”

The President said that as we know, the National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy.

“It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” President said.

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by the convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. “Unicorns, most of which are set up by young people, must be a source of inspiration for all students. The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world,” he said.

He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast-paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter.

“To deal with such a scenario, they have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be ‘pro-changers’ and yet be sensitised to ‘no-changers’ for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together,” President said. (ANI)

## **Education is greatest enabler: Kovind at 5th convocation of IIM-Jammu**

Friday, 10 June 2022 | Pioneer News Service | Jammu

For India to become a global knowledge hub, our institutes of learning have to be globally comparable, said the President of India Ram Nath Kovind here on Thursday. He was addressing the 5th annual convocation of Indian Institute of Management, Jammu.

Speaking on the occasion, the President said that education is the greatest enabler. The future of our country depends on the good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger.

Referring to the start-up ecosystem President Kovind emphasised the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world. He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, most of which are set up by young people, must be a source of inspiration for all students.

The President advised students to remain quick learners and re-learners throughout their life.

Union Minister Dr. Jitendra Singh, Lieutenant Governor Manoj Sinha, Dr. Chandrajit Banerjee, Director General, Confederation of Indian Industries (CII), and Ravi Kumar Narra, President, Dalit Indian Chamber of Commerce (DICCI) along with Dr. Milind Kamble, Chairman, Board of Governors, IIM Jammu. Prof. B.S. Sahay Director, IIM Jammu attended the ceremony.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree this year. A total number of 77 female students were also awarded the degrees.

## **President of India Graces 5th Annual Convocation of IIM Jammu**

### **A Really Good Entrepreneur, Good Manager or a Good Business Leader is one who Believes in doing well by Doing Good: President Kovind**

Posted On: 09 JUN 2022 8:45PM by PIB Delhi

The President of India, Shri Ram Nath Kovind graced and addressed the 5<sup>th</sup> annual convocation of Indian Institute of Management Jammu at Jammu today (June 9, 2022).

Speaking on the occasion, the President said that education is the greatest enabler. The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger.

The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable. He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, most of which are set up by young people, must be a source of inspiration for all students. He said that the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world. He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. They have to move beyond their comfort zones to the areas

of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

## India moving towards women-led development: President Ram Nath Kovind

**J**AMMU: Lauding the feat of women who bagged the top three ranks in the civil services examinations and three female toppers of IIM Jammu, President Ram Nath Kovind said this indicated that India is moving towards greater women empowerment and women-led empowerment. “The future of our country depends on good education of our young population,” he said as he presented medals to IIM toppers - Sonali (gold), Shraddha Shukla (silver), and Raafeeq Dawara (bronze) at the fifth annual convocation of IIM Jammu.

“The National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values, which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” he added.

The mindset of being a job-creator and not a job-seeker was one of the key factors in the country having one of the best start-up ecosystems in the world, the President. He advised students to remain quick learners and re-learners throughout their life. “Convert challenges into opportunities. You have to be ‘pro-changers’ and yet be sensitive to ‘no-changers’ so as to convert them into supporters of change. They have to look at tomorrow while learning from yesterday,” he said.

Advising students to keep an open mind and heart and a strong will, Kovind said: “I hope that each one of you would strive to make our nation proud and make a positive contribution to the development of society and the nation.”

## Women are Becoming more Empowered in India, Says President Kovind

By WE Staff

President Ram Nath Kovind stated that the top three girls in the civil services examinations and three female toppers at IIM Jammu showed that India is heading toward greater women empowerment and women-led empowerment. He added as he handed medals to IIM toppers Sonali (gold), Shraddha Shukla (silver), and Raafeeq Dawara (bronze) at the fifth annual convocation of IIM Jammu, “The future of our country depends on good education of our young population.”

He said, “The National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values, which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable.”

The President stated that one of the important elements in the country having one of the strongest start-up ecosystems in the world is the mindset of being a job-creator rather than a job-seeker. He also exhorted students to be rapid learners and re-learners throughout their lives. “Convert challenges into opportunities. You have to be ‘pro-changers’ and yet be sensitive to ‘no-changers’ so as to convert them into supporters of change”, he stated, “they have to look at tomorrow while learning from yesterday.”

"I hope that each one of you would strive to make our nation proud and make a positive contribution to development of society and nation," Kovind said, advising students to retain an open mind, open heart, and a strong will.

## For India To Become Global Knowledge Hub, Institutes Need To Be Globally Comparable: President Kovind

By [admin](#) June 10, 2022 Updated: June 10, 2022 [No Comments](#) 3 Mins Read

Asserting that the National Education Policy seeks to position India as a “knowledge hub”, President Ram Nath Kovind on Thursday said that for India to become so, the country’s institutes of learning need to be globally comparable. Laying focus on start-ups, President Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

“The National Education Policy seeks to position India as a knowledge hub in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today,” President Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute. “For India to become a global knowledge hub, our institutes of learning have to be globally comparable. “I am happy to note that the number of Indian institutions in the global ranking is gradually increasing.

I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking,” he added. President Kovind also noted that India’s ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

“Innovation and entrepreneurship strengthen each other,” he said. On a successful start-up ecosystem in the country, the President said, “Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all.”

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said “is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes”.

“I am told that this is going to be the first centre of its kind among the IIMs,” he said.

President Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences. “I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020,” he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals. To the pass outs, President Kovind said education and knowledge remove ignorance and set the mind and soul free.

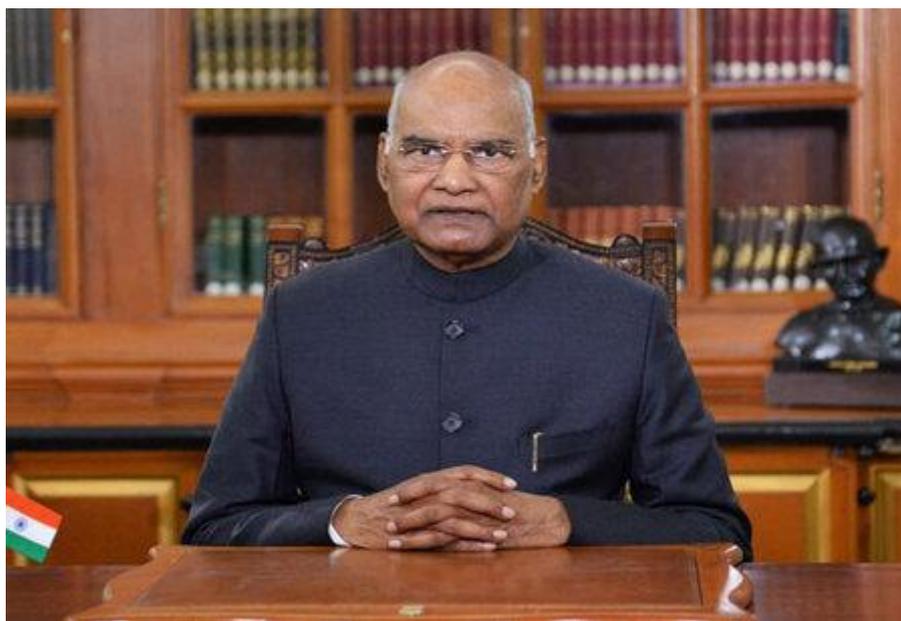

Only that learning which liberates the learner is real learning, he added. Asserting that the role of fast-paced technological changes is going to be disruptive, President Kovind told the students, “The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown’,” he said.

# Institutes Need To Be Globally Comparable For India To Become Global Knowledge Hub, States President Kovind

Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday has said that for India to become so, the country's **institutes** of learning need to be globally comparable. Laying focus on start-ups, President Kovind also said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," President Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute. "For India to become a global knowledge hub, our institutes of learning have to be globally comparable. "I am happy to note that the number of Indian institutions in the global ranking is gradually increasing.

I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added. President Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

"Innovation and entrepreneurship strengthen each other," he said. On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said.

President Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences. "I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

## **India News | For India to Become Global Knowledge Hub, Institutes of Learning Need to Be Globally Comparable: Kovind**

*Get latest articles and stories on India at LatestLY. Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable.*

**Agency News** PTI| Jun 09, 2022 09:52 PM IST

Jammu, Jun 9 (PTI) Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable.

Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute.

"For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

"I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added.

Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

"Innovation and entrepreneurship strengthen each other," he said.

On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added.

He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said.

Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences.

"I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals.

To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added.

Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'," he said.

## President of India Ram Nath Kovind attends 5th Annual Convocation of IIM Jammu

by [Shawn Johnson](#) June 10, 2022 in [Entrepreneurship](#)

The President of India, Ram Nath Kovind, attended and addressed the 5th Annual Convocation of the Indian Institute of Management Jammu, in Jammu today (June 9, 2022). Speaking on the occasion, the President said that education is the biggest enabler.

The future of our country depends on the good education of our young population. Institutions like IIM Jammu are nurturing our youth. These talented youth are going to build the India of the future. They are going to make people's lives better and country stronger.

The President said that as we know, the National Policy on Education seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It strives to equip our youth for the world of the 21st century while preserving our ancient values that are relevant even today.

For India to become a global knowledge hub, our educational institutions must be globally comparable. He is happy to note that the number of Indian institutions in the global rankings is gradually increasing. He said that new institutes like IIM Jammu should rapidly adopt global best practices and aspire for higher rankings.

The President said that aided by the convergence of technologies and opportunities, many start-ups have become very successful and are being described as an emerging mainstay of the Indian economy.

Unicorns, most of which are founded by young people, should be a source of inspiration for all students. He said that the job giver and not job seeker mentality among the youth of India is one of the major factors in our country which has one of the best start-up ecosystem in the world.

He was happy to learn that IIM Jammu in collaboration with DICCI and CII is going to set up a special Diversity Cell to help potential entrepreneurs from Scheduled Castes and Scheduled Tribes. He lauded everyone involved in this initiative to promote entrepreneurship and inclusion.

The President advised the students to remain early learners and re-learners throughout their lives. He said the role of fast-paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter.

Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from a mindset of 'using the known' to 'exploring the unknown'.

They have to go beyond their comfort zones into areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and still be vulnerable to 'no-changers' to convert them into supporters of change.

They have to look to tomorrow while learning from yesterday. They have to build their future on the basis of relevant learnings from the past. He advised them to have an open mind, an open heart and a strong will.

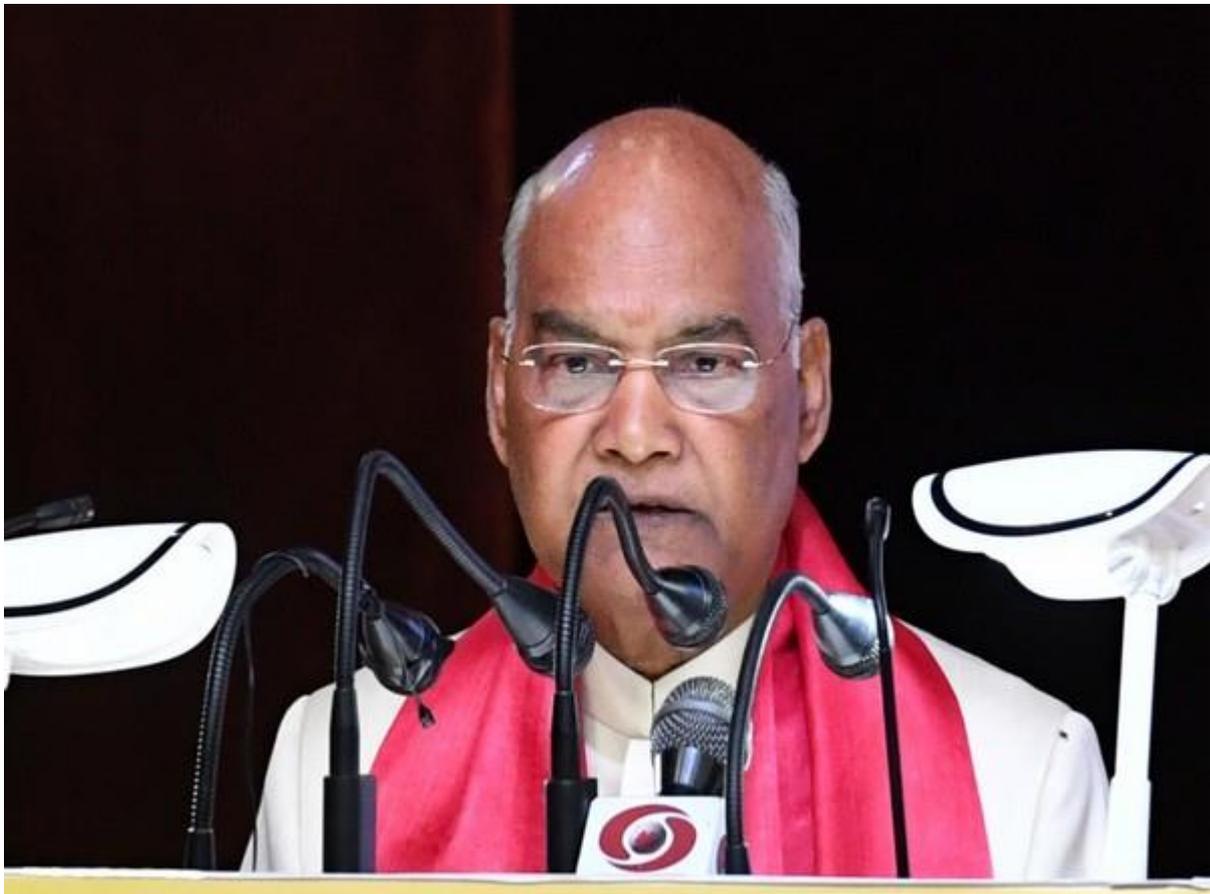

He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing good by doing good. Excellence and ethics go together.

## IIM Jammu 5th Annual Convocation: President Kovind confers degrees to MBA students

2 mins read [Comment](#)

**Anum Ansari** Assistant Manager – Content Updated on Jun 10, 2022 09:13 IST

*A total of 214 students were conferred with a Master of Business Administration (MBA) Degree. On this meritorious occasion, the Institute confers the Chairman's Gold Medal, Director's Silver medal, and Chairperson MBA's Bronze Medal for their scholastic performance.*

President Ram Nath Kovind presents degrees to students

IIM Jammu 5<sup>th</sup> Convocation: Indian Institute of Management (IIM) Jammu successfully conducted its Fifth Annual Convocation on June 9, 2022, at the Convention Centre Jammu. Shri Ramnath Kovind, President of India graced the ceremony as the Chief Guest and delivered the convocation address. Dr Jitendra Singh, Union Minister of State (Independent Charge), Government of India, and Shri Manoj Sinha, Lieutenant Governor, Union territory of J&K were the Guests of Honour on the occasion. Chandrajit Banerjee, Director General, Confederation of Indian Industries (CII), and Ravi Kumar Narra, President, Dalit Indian Chamber of Commerce and Industry (DICCII) were the special guests on the occasion, according to the official press release.

### 214 students conferred during IIM Jammu Fifth Annual Convocation

Dr Milind P Kamble, Chairman, Board of Governors, IIM Jammu delivered the welcome address, and Professor B.S. Sahay, Director IIM Jammu presented the Directors' Report.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree. On this meritorious occasion, the Institute confers the Chairman's Gold Medal, Director's Silver medal, and Chairperson MBA's Bronze Medal for their scholastic performance.

Sonali of the Batch 2020-22 was awarded the Gold medal, Shraddha Shukla received the Silver medal, and Raafeeq Dawara got the Bronze medal. The medals were presented to the students by the President of India. The Institute of Company Secretaries of India (ICSI) awarded the ICSI signature award to Ms. Sonali who is the top rank holder in the MBA programme.

## President of India inaugurated IIM Jammu Diversity Cell

On this occasion, the Hon'ble President of India inaugurated the diversity cell at IIM Jammu for the SC/ ST Community in the IIM Incubation Center with the support of the Confederation of Indian Industries (CII) and the Dalit Indian Chamber of Commerce and Industries (DICCI). The Diversity Cell aims to promote entrepreneurship in this segment of society for their economic and social upliftment.

Speaking on the occasion, Ramnath Kovind, the President of India said, "Education is the greatest enabler" and congratulated the students, parents, and the faculty for providing the country with its future. He also appreciated IIM Jammu for its accomplishments over the past years, with special emphasis on IIM Jammu's Centre of Happiness, 'Anandam', hoping that it would continue a similar growth trajectory in the upcoming years. He advised everyone to remain quick learners and contribute to the growth of the country. The three medal winners of IIM Jammu were women, and the Hon'ble President lauded them, calling them the Nation's daughters.

Sh. Manoj Sinha, Hon'ble Lieutenant Governor, Union territory of J&K, congratulated the graduating students, remarking that learning shouldn't be confined to books and courses but should also be used in the real world. He also proposed to make Jammu and Kashmir 'Aatmanirbhar' in the upcoming years and stressed the need for interdisciplinary and holistic education, which is the main motto of NEP2020.

The event was attended by all the Chairpersons, faculty members, staff members, graduate students, their family members, and media personnel. A live webcast of the event was done through National Informatics Centre (NIC). The link was <https://webcast.gov.in/moe/iimj>.

President Ram Nath Kovind on Thursday said that the future of India depends on providing better education to the youth and institutions like IIM Jammu were nurturing the youth.

“These talented youths are going to make the future of India. They are going to make the life of the people better and the nation stronger,” he said while addressing the fifth convocation of the Indian Institute of Management (IIM) Jammu here.

He asked IIM Jammu and other higher educational institutions in the country to adopt villages and towns in their surrounding areas and utilise the potential of the people for a bigger goal, be it in the field of entrepreneurship or research or skill development.

He said, “I am happy that IIM Jammu, IIT, Jammu, AIIMS, are providing integrated courses in which students of one institute can take advantage of other institutes. The synergy between courses and institutions is the aim of the National Education Policy 2020”.

“You are going into the world of successful professionals and will move from one place to another. I call upon you to always stay connected with your roots. Don’t fail to return to society. It has given you a chance to become a successful person,” he added.

The President said that to make India a hub of knowledge, institutions also have to improve.

He also said that India was moving towards women-led empowerment.

“Three medals have been won by daughters in the initiation ceremony today. Recently, daughters had also secured the first three top positions in the civil services examination of the Union Public Service Commission. India is moving towards women-led empowerment,” he said.

Earlier, the President arrived on Thursday afternoon on a two-day visit to Jammu. He was received at the Technical Airport Jammu by lieutenant governor Manoj Sinha, and Jammu mayor Chandra Mohan Gupta.

He went straight to the Raj Bhawan and then attended the fifth convocation as the chief guest. He will go to the cave shrine of Shri Mata Vaishno Devi on Friday before returning to Delhi.

A total of 214 degrees were awarded to as many students in which 77 were girls.

Sonali was given the chairperson’s gold medal, Shraddha Shukla was given the director’s silver medal and Rafiq Dagra was given the chairperson’s MBA bronze medal.

The Institute of Company Secretaries of India presented the ICSI Signature Award to Sonali, a topper in MBA. The President also inaugurated the diversity cell of IIM Jammu.

## IIM convocation: Future of India depends on better education, says President Kovind

Staff June 10, 2022

President Ram Nath Kovind on Thursday mentioned that the way forward for India depends upon offering higher schooling to the youth and establishments like IIM Jammu have been nurturing the youth.

“These proficient youths are going to make the way forward for India. They’re going to make the lifetime of the folks higher and the nation stronger,” he mentioned whereas addressing the fifth convocation of the Indian Institute of Administration (IIM) Jammu right here.

He requested IIM Jammu and different larger academic establishments within the nation to undertake villages and cities of their surrounding areas and utilise the potential of the

folks for a much bigger objective, be it within the subject of entrepreneurship or analysis or ability improvement.

He mentioned, "I'm completely satisfied that IIM Jammu, IIT, Jammu, AIIMS, are offering built-in programs through which college students of 1 institute can reap the benefits of different institutes. The synergy between programs and establishments is the goal of the Nationwide Schooling Coverage 2020".

"You're going into the world of profitable professionals and can transfer from one place to a different. I name upon you to at all times keep linked together with your roots. Don't fail to return to society. It has given you an opportunity to change into a profitable particular person," he added.

The President mentioned that to make India a hub of information, establishments even have to enhance.

He additionally mentioned that India was shifting in direction of women-led empowerment.

"Three medals have been gained by daughters within the initiation ceremony in the present day. Not too long ago, daughters had additionally secured the primary three high positions within the civil companies examination of the Union Public Service Fee. India is shifting in direction of women-led empowerment," he mentioned.

Earlier, the President arrived on Thursday afternoon on a two-day go to to Jammu. He was obtained on the Technical Airport Jammu by lieutenant governor Manoj Sinha, and Jammu mayor Chandra Mohan Gupta.

He went straight to the Raj Bhawan after which attended the fifth convocation because the chief visitor. He'll go to the cave shrine of Shri Mata Vaishno Devi on Friday earlier than returning to Delhi.

## **President Kovind During IIM Jammu Convocation**

June 10, 2022

Save

“The future of India depends on providing better education to the youth,” said President Ram Nath Kovind on Thursday while addressing the fifth annual convocation of the Indian Institute of Management (IIM) Jammu. He said that education is the greatest enabler.

“The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger,” said the president.

Talking about National Education Policy (NEP) he said, “We know, the National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable.”

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. The President added that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. The president noted that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes.

The president advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday," he said.

He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. "Excellence and ethics go together."

## IIM Jammu successfully holds its 5<sup>th</sup> Annual Convocation

**09<sup>th</sup> June 2022 Jammu:** The Fifth Annual Convocation of IIM Jammu was successfully held on 09<sup>th</sup> June 2022 at the Convention Centre in the city of Jammu. Shri Ramnath Kovind, Hon'ble President of India was the Chief Guest on the occasion and delivered the convocation address. Dr. Jitendra Singh, Hon'ble Union Minister of State (Independent Charge), Govt of India, and Shri Manoj Sinha, Hon'ble Lieutenant Governor, Union territory of J & K were the Guests of Honour on the occasion. Shri Chandrajit Banerjee, Director General, Confederation of Indian Industries (CII), and Shri Ravi Kumar Narra, President, Dalit Indian Chamber of Commerce and Industry (DICCI) were the special guests on the occasion.

After the arrival of the dignitaries, the event started with the national anthem and the Convocation was declared open by Dr. Milind. P. Kamble, Chairman, Board of Governors (BoG), IIM Jammu. Dr. Milind. P. Kamble, Chairman, BoG, IIM Jammu delivered the welcome address and Prof. B.S. Sahay, Director, IIM Jammu presented the Directors' Report.

A total of 214 students which included 210 students from the 2020-22 batch and 04 students from the 2019-21 batch were conferred with a Master of Business Administration (MBA) Degree this year. On this occasion, the Institute conferred the Chairman's Gold Medal, Director's Silver medal, and Chairperson MBA's Bronze Medal for their scholastic

performance. Ms. Sonali of the Batch 2020-22 was awarded the Gold medal, Ms. Shraddha Shukla received the Silver medal, and Ms. Raafeeq Dawara got the Bronze medal. Hon'ble President of India, Shri Ram Nath Kovind, the Chief Guest for the Convocation, presented the medals and certificates to the students. The Institute of Company Secretaries of India (ICSI) awarded the ICSI signature award to Ms. Sonali who is the top rank holder in the MBA programme.

On this occasion, the Hon'ble President of India inaugurated the diversity cell at IIM Jammu for the SC/ ST Community in the IIM Incubation Center with the support of the Confederation of Indian Industries (CII) and the Dalit Indian Chamber of Commerce and Industries (DICCI). The Diversity Cell aims to promote entrepreneurship in this segment of society for their economic and social upliftment.

Speaking on the occasion, Shri Ramnath Kovind, Hon'ble President of India stated that '*Education is the greatest enabler*' and congratulated the students, parents, and the faculty for providing the country with its future leaders. He appreciated IIM Jammu for its accomplishments over the past years, with special emphasis on IIM Jammu's Center of Happiness, '*Anandam*', hoping that it would continue a similar growth trajectory in the upcoming years. He advised everyone to remain quick learners and contribute to the growth of the country. The three medal winners of IIM Jammu were women, and the Hon'ble President lauded them, calling them the Nation's daughters.

Dr. Jitendra Singh, Hon'ble Union Minister of State (Independent Charge), Govt of India encouraged the graduating MBA batch to actively participate in taking India to the next pedestal. He also emphasized that the establishment of IIM Jammu happened during the commencement of two important events: NEP 2020 and Start-Up India. He stressed the growing importance of start-ups, especially in the agricultural, dairy industries, and agritech.

Shri Manoj Sinha, Hon'ble Lieutenant Governor, Union territory of J & K, congratulated the graduating students, remarking that learning shouldn't be confined to books and courses but should also be used in the real world. He also proposed to make Jammu and Kashmir 'Aatmanirbhar' in the upcoming years and stressed the need for interdisciplinary and holistic education, which is the main motto of NEP2020.

Dr. Milind P. Kamble, Chairman, Board of Governors ( BoG), IIM Jammu gave an overview of the Institute and mentioned that IIM Jammu provides a conducive environment for nurturing talent, excellence, and innovation. He reminded everyone of the importance of adaptability and preparedness in this new era and wished success to the future corporate leaders.

Prof. B. S Sahay, Director, IIM Jammu presented the highlights of IIM Jammu in the past one year where he spoke about the progress of the Institute in the form of research publications, academics, infrastructure development, and setting up of the new state of the art campus at Jagti which is nearing completion. He gave an insight into the programmes currently offered by IIM Jammu and mentioned the various MoUs that have been signed between IIM Jammu and various institutions, both nationally and internationally. He mentioned that there was an increase of 33% in average salary with the highest salary of 32 LPA. He congratulated the graduating students and wished them good luck in their future endeavors.

Present on the occasion were Dr. Pankaj K Agarwal, Chairperson-Executive Education & Consultancy, Dr. Prateek Jain, Chairperson-Centre for Innovation & Entrepreneurship, Dr. Nitin Upadhyay, Chairperson-MBA, Dr. Sumant. K. Bishwas, Chairperson-Ph.D., Dr. Ateeque

Shaikh, Chairperson-Corporate Communications, Dr. Rashmi Ranjan Parida, Chairperson-Admissions, Dr. Abhishek Srivastava, Chairperson-IT, Dr. Mahesh Gadekar, Chairperson-EMBA, Dr. Sujeet Kumar Singh, Chairperson-Research, Dr. Barnali Chaudhary, Chairperson-Student Affairs, Dr. Minakshi Kumari-Chairperson Alumni Affairs Committee, Dr. Mamta Tripathi-Chairperson Anandam, Dr. Kapil Manohar Gumte, Chairperson-IPM, and Dr. Rambalak Yadav, Chairperson -International Relations.

The event was attended by all the faculty members, officers, staff members, graduating students, their family members, and media personnel in large nos. A live webcast of the event was done through National Informatics Centre (NIC) and DD Kashir.

The link: <https://webcast.gov.in/moe/iimj>

Dr. Milind Kamble declared the Convocation closed and the event concluded with the National Anthem.

## **National Education Policy seeks to position India as 'Knowledge Hub': President Kovind | Headlines**

Highlighting that the future of our country depends on the good education of our young population, President Ram Nath Kovind on Thursday said that talented young people are going to build India's future and are going to make the lives of the people better. President Ram Nath Kovind graced and addressed the 5th annual convocation of the Indian Institute of Management, Jammu on Thursday.

Speaking on the occasion, the President said that education is the greatest enabler. "The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youths. These talented young people are going to build India of the future. They are going to make the lives of the people, better, and the country, stronger." The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy.

“It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” President said. He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by the convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. “Unicorns, most of which are set up by young people, must be a source of inspiration for all students. The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world,” he said. He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast-paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. “To deal with such a scenario, they have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be ‘pro-changers’ and yet be sensitised to ‘no-changers’ for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together,” President said. (ANI)

## Not only women empowerment, but women leadership empowerment is happening in India: President Kovind TOU

June 9, 2022

## Not only women empowerment, but women leadership empowerment is happening in India: President Kovind

Addressing the fifth convocation of Indian Institute of Management (IIM) Jammu on Thursday, President Ramnath Kovind said that not only women empowerment but also women leadership empowerment is taking place in India. Three medals have been won by daughters in the convocation ceremony today. Recently, the daughters had also secured the first three top positions in the Union Public Service Commission's civil service examination. He described the role of youth in a self-reliant India as important and mentioned the National Education Policy in which India would be the center of knowledge.

The President asked IIM Jammu and other institutions of higher learning in the country to adopt the villages and towns in their vicinity and use the potential of the people for big goals, be it in the field of entrepreneurship or research or skill development. He said that I am happy that IIM Jammu, IIT Jammu, AIIMS are integrating and providing courses, in which students of one institute can take advantage of another institute. Coordination between courses and institutions is the goal of National Education Policy 2020.

President Kovind told the students that you are going into the world of successful professionals and in the meanwhile you will go from one place to another. I urge you to always stay connected to your roots. Don't fail to give back to the society. Society has given you a chance to become a successful person. Our institutions also need to be improved to make India a hub of knowledge.

Degrees were conferred on 214 students at the ceremony, including 77 girls. Among these, student Sonali was given Chairperson Gold Medal, Shraddha Shukla was given Director Silver Medal, Rafiq Dagra was given Chairperson MBA Bronze Medal. The Institute of Company Secretaries of India gave the ICSI Signature Award to Sonali, a student who topped in MBA. The President also inaugurated the Diversity Cell of IIM Jammu.

Earlier, President Ramnath Kovind arrived in Jammu on a two-day visit on Thursday afternoon. He was received at the Technical Airport Jammu by Lieutenant Governor Manoj Sinha and GMC Jammu Mayor Chandra Mohan Gupta. From the airport he went straight to Raj Bhavan and then attended the 5th Convocation of IIM Jammu as the Chief Guest.

The President will visit Shri Mata Vaishno Devi on Friday morning. President Kovind Dharma along with his wife will land on the helipad directly from the special helicopter on the battery car route of mother Vaishno Devi. From there, they will board the special battery car and head straight to the building. After resting in the building for some time, the President will perform special worship at the feet of mother Vaishno Devi and wish happiness and peace to the country. Helicopter service will be disrupted for some time during this time and devotees will not be allowed to visit Mother Vaishno Devi enthroned in pindi form in the cave for some time while reaching the Presidential Palace.

After the supernatural darshan of Maa Vaishno Devi, President Ramnath Kovind will be honored by the Shri Mata Vaishno Devi Shrine Board in the building by giving Chunari of Maa Vaishno Devi along with Prasad and a picture of Maa Vaishno Devi. At the same time, he will write his experiences on the visitor book in Rashtrapati Bhavan.

## I am happy about integration of courses: Prez Kovind

by Argus News [Jammu](#) | Fri, Jun 10 | 7:56 a.m.

### NEWS HIGHLIGHTS

President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

**Jammu, June 10:** President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the National Education Policy, 2020.

"I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelise the potential of the people for bigger goals, be it in the field of entrepreneurship/research or skill development."

"I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase higher education outreach in this part of the country."

"I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu," Kovind said.

"I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes," he added.

"I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target."

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

"In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions," he added.

He said that in this context, the initiative of setting up a centre for happiness, named 'Anandam', by IIM Jammu is a welcome step.(IANS)

## President Of India Graces 5th Annual Convocation Of IIM Jammu

By Odisha Diary Bureau On Jun 9, 2022

Share

New Delhi :The President of India, Ram Nath Kovind graced and addressed the 5th annual convocation of Indian Institute of Management Jammu at Jammu today (June 9, 2022).

Speaking on the occasion, the President said that education is the greatest enabler. The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger.

The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable. He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, most of which are set up by young people, must be a source of inspiration for all

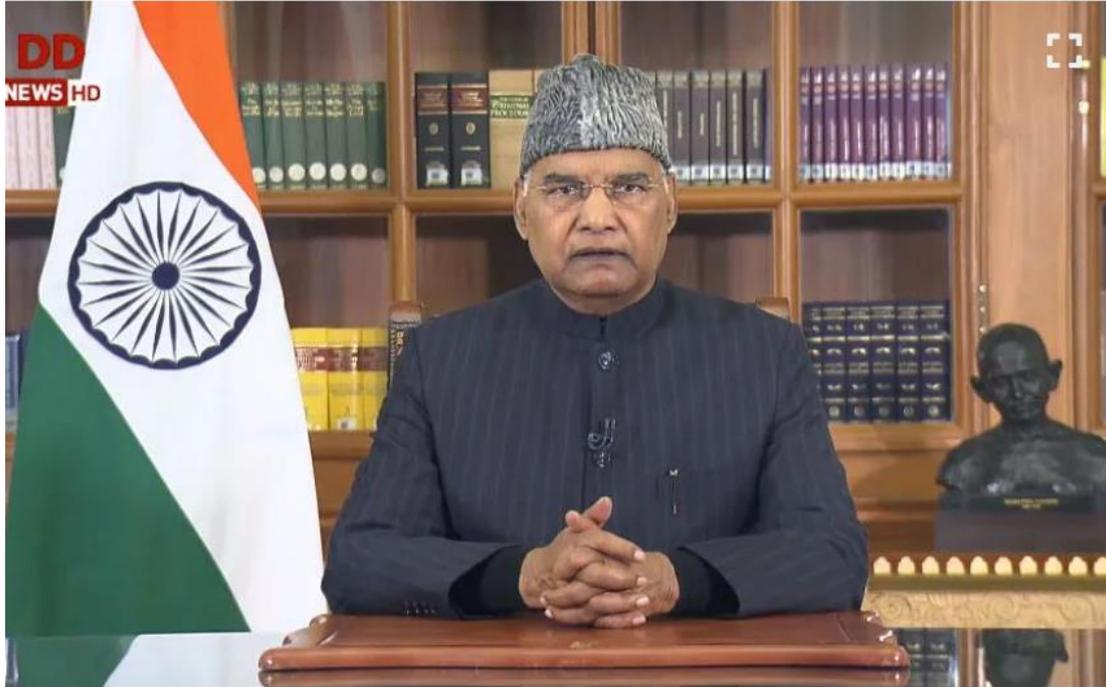

students. He said that the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world. He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

## Institutes of learning in India need to be globally comparable: Ram Nath Kovind

Jammu: Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable.

Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute.

"For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

"I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added.

Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

"Innovation and entrepreneurship strengthen each other," he said.

On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added.

He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said.

Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences.

"I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals.

To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added.

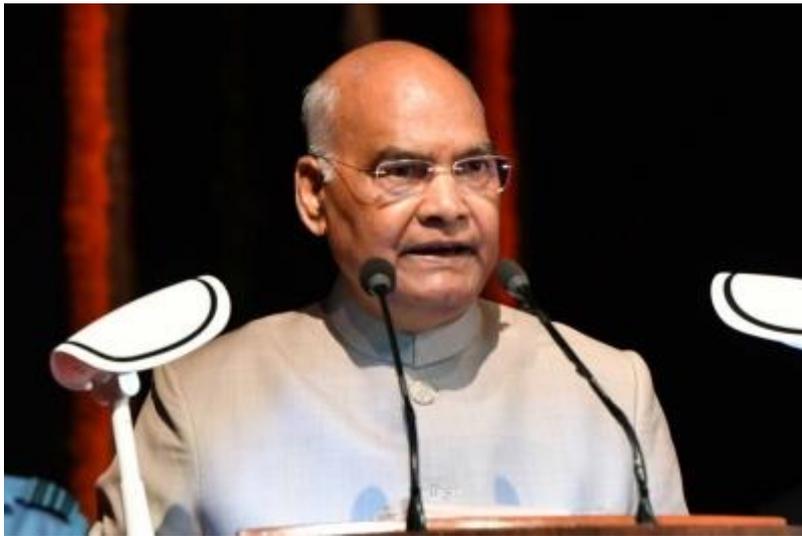

Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'," he said. PTI

## **I am happy about integration of courses and institutions in line with National Education Policy: Prez Kovind**

By **IANs** June 10, 2022

## **I am happy about integration of courses and institutions in line with National Education Policy: Prez Kovind**

**Jammu:** President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the National Education Policy, 2020.

“I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelise the potential of the people for bigger goals, be it in the field of entrepreneurship/research or skill development.”

"I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase higher education outreach in this part of the country."

"I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu," Kovind said.

"I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes," he added.

"I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target."

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

"In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions," he added.

He said that in this context, the initiative of setting up a centre for happiness, named 'Anandam', by IIM Jammu is a welcome step.

**For India to become global knowledge hub, institutes of learning need to be globally comparable: Kovind**

President Ram Nath Kovind | PTI [INDIA](#) 9th June 2022

**Jammu, June 9 (PTI)** Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable.

Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute.

"For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

"I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added.

Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

"Innovation and entrepreneurship strengthen each other," he said.

On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added.

He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up

a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said.

Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences.

"I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals.

To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added.

Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of utilising the known' to the approach of exploring the unknown'," he said.

**National Education Policy seeks to position India as 'Knowledge Hub': President Kovind**

ANI10 Jun 2022, 05:18 GMT+10

Jammu (Jammu and Kashmir) [India], June 9 (ANI): Highlighting that the future of our country depends on the good education of our young population, President Ram Nath Kovind on Thursday said that talented young people are going to build India's future and are going to make the lives of the people better.

President Ram Nath Kovind graced and addressed the 5th annual convocation of the Indian Institute of Management, Jammu on Thursday.

Speaking on the occasion, the President said that education is the greatest enabler. "The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youths. These talented young people are going to build India of the future. They are going to make the lives of the people, better, and the country, stronger."The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy.

"It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable," President said.

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by the convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. "Unicorns, most of which are set up by young people, must be a source of inspiration for all students. The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world," he said.

He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast-paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter.

"To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitised to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together," President said. (ANI)

President Kovind During IIM Jammu Convocation

"The long term of India depends on supplying greater education to the youth," said President Ram Nath Kovind on Thursday whilst addressing the fifth annual convocation of the Indian Institute of Administration (IIM) Jammu. He stated that instruction is the finest enabler.

"The potential of our place depends on great schooling of our young population. Institutes like IIM Jammu are nurturing our youth. These proficient youthful persons are going to make the India of the potential. They are going to make the life of the individuals, better, and the country, more robust," said the president.

Speaking about Nationwide Schooling Coverage (NEP) he mentioned, "We know, the Countrywide Education and learning Plan seeks to position India as a 'Knowledge Hub' in today's awareness financial system. It seeks to make our youth equipped for the environment of 21st century while preserving our historical values which continue being suitable even these days. For India to grow to be a world wide awareness hub, our institutes of discovering have to be globally equivalent."

He was happy to be aware that the variety of Indian institutions in the international rating is little by little escalating. The President added that aided by convergence of technologies and options, quite a few commence-ups have develop into pretty profitable and are becoming described as the rising mainstay of the Indian financial state.

The frame of mind of staying a task-giver and not a career-seeker amid the youth of India is just one of the vital aspects in our place possessing a person of the finest start off-up ecosystems in the earth, he additional. The president observed that IIM Jammu, in collaboration with DICCI and CII, is going to set up a specific variety cell for assisting opportunity entrepreneurs from scheduled castes and scheduled tribes.

The president encouraged college students to continue to be quick learners and re-learners through their existence. He claimed that the part of quick paced technological adjustments is heading to be disruptive. "The shelf life of technologies is getting shorter. Therefore, the shelf everyday living of management and management designs is also likely to be shorter. To offer with this kind of a circumstance, they have to move from the mindset of 'utilising the known' to the solution of 'exploring the unknown'. They have to move beyond their convenience zones to the parts of uncertainty. They have to convert problems into prospects. They have to be 'pro-changers' and nevertheless be sensitise to 'no-changers' for changing them as supporters of alter. They have to glance at tomorrow although discovering from yesterday," he said.

He recommended them to preserve an open head, an open up heart and a robust will. He reported that a definitely very good entrepreneur, very good supervisor or a good business chief is a person who believes in doing nicely by undertaking excellent. "Excellence and ethics go collectively."

“The future of India depends on providing better education to the youth,” said President Ram Nath Kovind on Thursday while addressing the fifth annual convocation of the Indian Institute of Management (IIM) Jammu. He said that education is the greatest enabler.

“The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger,” said the president.

Talking about National Education Policy (NEP) he said, “We know, the National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable.”

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. The President added that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. The president noted that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes.

The president advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday," he said.

He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. "Excellence and ethics go together."

President of India Graces 5th Annual Convocation of IIM Jammu

A Really Good Entrepreneur, Good Manager or a Good Business Leader is one who Believes in doing well by Doing Good: President Kovind

Posted On: 09 JUN 2022 8:45PM by PIB Delhi

The President of India, Shri Ram Nath Kovind graced and addressed the 5<sup>th</sup> annual convocation of Indian Institute of Management Jammu at Jammu today (June 9, 2022).

Speaking on the occasion, the President said that education is the greatest enabler. The future of our country depends on good education of our young population. Institutes like IIM Jammu are

nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger.

The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable. He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, most of which are set up by young people, must be a source of inspiration for all students. He said that the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world. He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

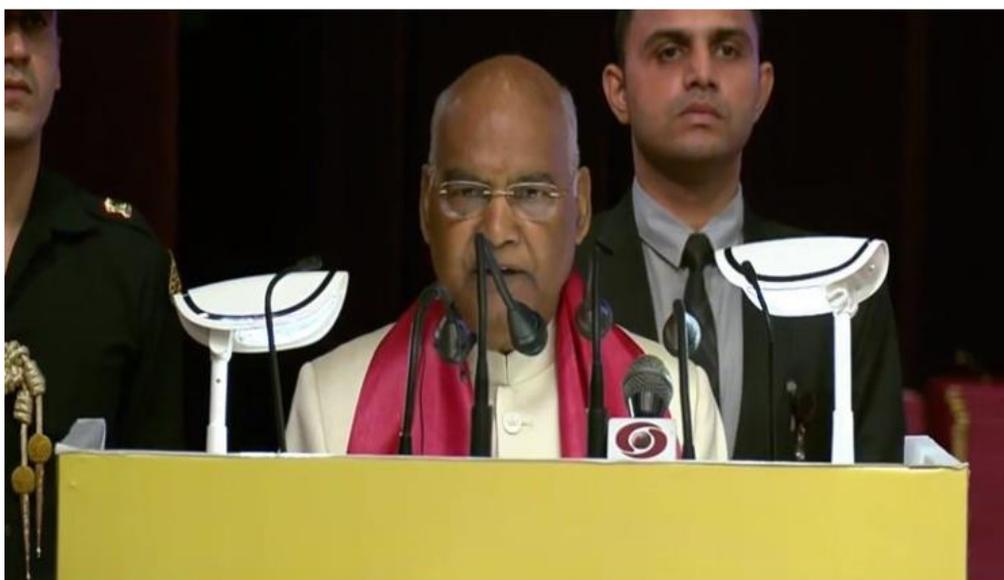

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

## President Says, A New Era Of Higher Education Is Flourishing In J&K; Addresses Annual Convocation Of IIM At Jammu

By India Education Diary Bureau Admin On Jun 9, 2022

New Delhi: In the Union Territory of Jammu and Kashmir, President of India, Ramnath Kovind addressed the 5th Annual Convocation of the Indian Institute of Management in Jammu this evening.

Speaking on this occasion, President Kovind said that a new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better. Urging students to positively contribute to the development of a stronger nation, the President said that education sets mind and soul free from ignorance and negativity, adding youth are catalysts of a future and stronger India.

Commending girls for getting the top three gold medals, Mr Kovind said that India is moving forward with greater women empowerment.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree this year. The main highlight of the convocation was that 77 female students were awarded their degrees. On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu. He will also pay obeisance at the shrine of Shri Mata Vaishno Devi Ji tomorrow.

Addressing the Indian Institute of Management (IIM), Kovind said, “The National Policy on Education seeks to position India as a knowledge hub in today’s knowledge economy. It seeks to prepare our youth for the world of the 21st century while preserving our ancient values, which are relevant even today.

Jammu| President Ram Nath Kovind on Thursday said that the National Policy on Education seeks to establish India as a ‘Knowledge Centre’ and for India to do so, the country’s educational institutions need to be made world class. Referring to the focus on ‘Start-ups’, the President said that it has been successful by leveraging many

technologies and opportunities and 'Start-ups' is being described as an emerging mainstay of the Indian economy.

Addressing the fifth convocation of the Indian Institute of Management (IIM), Jammu, Kovind said, "The National Policy on Education seeks to position India as a knowledge hub in today's knowledge economy. It seeks to prepare our youth for the world of the 21st century while preserving our ancient values, which are relevant even today.

The President also inaugurated a diversity cell at the institute. "To make India a global knowledge hub, our educational institutions need to be world-class," he said.

The President said, "I am happy to note that the number of Indian institutions in the global rankings is gradually increasing. I am hopeful that new institutes like IIM-Jammu will rapidly adopt best global practices and aspire to rank higher." Kovind also said that India's ranking in the Global Innovation Index improved from 76 in 2014 to 46 in 2021. . He said, "Innovation and entrepreneurship strengthen each other." He appreciated IIM-Jammu's association with the 'Dalit Indian Chamber of Commerce and Industry' and Confederation of Indian Industry (CII), saying, "Scheduled Castes And a special Diversity Cell is being set up to help potential entrepreneurs from Scheduled Tribes.

"I am told that this will be the first of its kind among the IIMs," Kovind said.

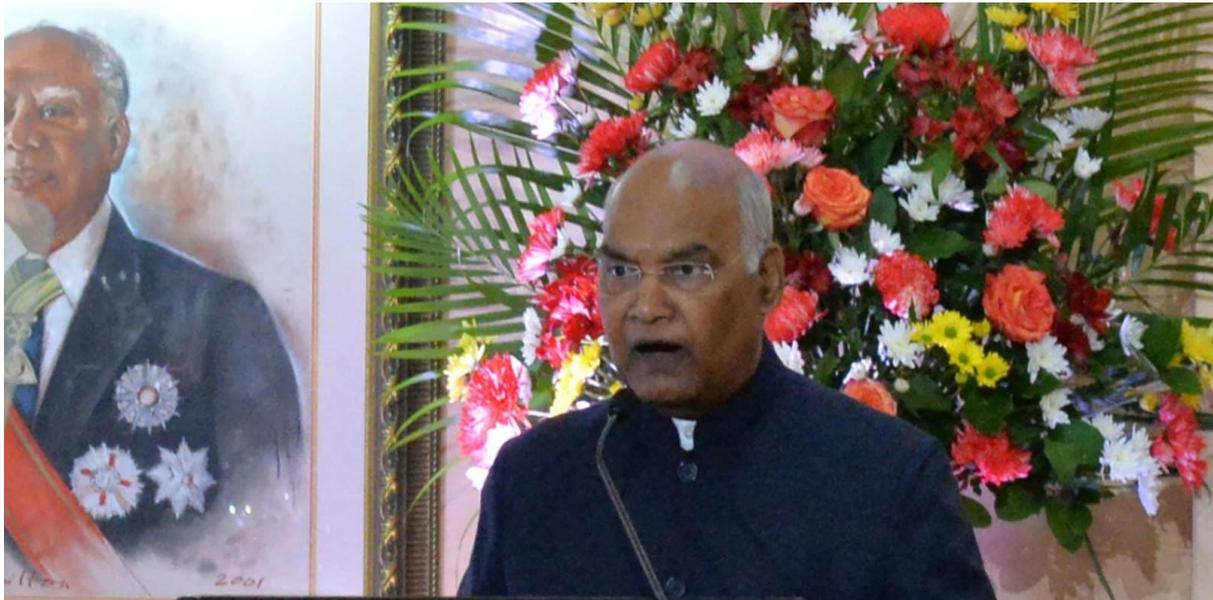

Kovind also expressed happiness over the collaboration between the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences. The President also urged IIMs and other institutions in Jammu and Kashmir to adopt towns and villages.

Friday 10<sup>th</sup> June 2022

Hon'ble President of India Shri Ram Nath Kovind at the 5th Annual Convocation of IIM Jammu

It is a pleasure to be with you all, as this convocation is a landmark event in the lives of the bright young students who have earned their degrees and medals today. I congratulate the students for their achievements. I also congratulate the parents and teachers who have toiled hard to witness this day which is so important in the lives of these young students.

I attach great importance to this event, as it is directly related to the future of our talented youth and thereby, to the future of India. Only yesterday, I interacted with many Vice-Chancellors of Central Universities and Directors of 'Institutions of National Importance' in the presence of the Union Minister of Education and experts of higher education who are responsible for implementing the National Education Policy 2020 and other related measures. The occasion was the Visitor's Conference held in the Rashtrapati Bhavan.

Ladies and gentlemen,

Education is the greatest enabler. The future of our country depends on good education of our young population. Therefore, I try not to miss any opportunity that is related to promotion of education. I remember having participated, in virtual mode, at the 'Conference on Implementation of the National Education Policy in Jammu and Kashmir' in September, 2020. When the Lt. Governor, Shri Manoj Sinha Ji requested me to participate in that conference, I had happily agreed. Many of you may be aware of the fact that the Lt. Governor came into the field of public service with an illustrious academic career as an engineering student from IIT, BHU. On a lighter note, the Lt. Governor is also described as a dhoti-wearing IITian by his friendly associates. I appreciate his efforts for improvement of education in Jammu and Kashmir. Coming from this region, Dr. Jitendra Singh has been closely involved with the overall development of Jammu and Kashmir, along with his responsibilities in the Central Government. The presence of Dr. Milind Kamble here, who is also the Founder Chairman of Dalit Indian Chamber of Commerce and Industry or DICCI, is a good example of convergence between academia and industry. I appreciate the team of IIM Jammu, led by its Director, for taking the institute forward in line with the educational objectives of the nation.

Ladies and gentlemen,

As we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable. With this perspective, a presentation was made on global ranking of higher education institutions at the Visitor's Conference I mentioned about. I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking.

We are in an era of enterprise, innovation, and value-creation. I have been informed that innovation councils have been set up in higher education institutions in almost all the states and union territories. India's ranking in Global Innovation Index has improved from 76 in the year 2014 to 46 in 2021. Innovation and entrepreneurship strengthen each other.

Aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all. The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up eco-systems in the world. I feel very happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. I am told that this is going to be the first centre of its kind among the IIMs. I appreciate everyone concerned with this initiative to promote entrepreneurship and inclusion.

Ladies and gentlemen,

The establishment of IIM, Jammu in 2016 marks the beginning of a new chapter of higher education in this area. I am sure that this institute will soon emerge as a major education destination for students from different parts of the country, and even from other countries. I am glad to note that students from 25 States and Union Territories are receiving education from the faculty drawn from all over the country. This makes IIM Jammu reflect a young mini-India.

I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu. I am also happy to note that the Institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programs. I have been told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target. I am also happy to know about the steps taken to develop Srinagar Off-Campus of IIM Jammu. That will further increase the higher education outreach in this part of the country.

I am glad to note that the educational eco-system of this area is getting stronger by cooperation among the Jammu based IIM, IIT and AIIMS. I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. IIM Jammu has been offering dual degree program with IIT Jammu. It is also starting MBA programs in inter-disciplinary areas with IIT Jammu and AIIMS Jammu. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020. I am told that other higher education institutions have been asked to emulate this initiative taken by these institutes. I appreciate IIM Jammu and the other two national institutes here, for taking lead in this important area of synergy.

As we know that the United Nations has been publishing a World Happiness Report along with the ranking of countries on happiness related parameters. In a world, full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, right training of people in the art of happiness is as important as their training in skills and professions. In this context, the initiative of setting up a Centre for Happiness, named 'Anandam', by IIM Jammu is a welcome step.

Ladies and gentlemen,

India has the largest pool of young talent in the world. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger.

During my interaction with Chancellors, Vice-Chancellors and representatives of Universities, I have always emphasized that institutes of higher education should take moral responsibility of developing some villages or towns in the proximity of the campus on the lines of corporate social responsibility. I urge your institute and other institutes in your proximity to adopt towns

and villages of the neighbourhood and channelize the potential of the people there for bigger goals, be it in the field of entrepreneurship or research or skill development.

My dear young friends,

As you move out of this institute as young professionals, you are going to witness many new dimensions of life. Try to make the positive aspects of what you see as an integral part of your approach to work and life.

Education and knowledge remove ignorance and set the mind and soul free. This has been beautifully described in your institute's logo which mentions the words; "sa vidya ya vimuktaye". It means, only that learning is real learning which liberates the learner. This liberation is from ignorance, negativity and inertia.

As you step into the world of professional excellence and move from one place to another, I urge you to always remain connected with your roots. Never fail to give back to the society which has given you the opportunity to become a successful individual.

A very important point for all of you is to remain quick learners and re-learners throughout your life. The role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. You have to move beyond your comfort zones to the areas of uncertainty. You have to convert challenges into opportunities. You have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. You have to look at tomorrow while learning from yesterday. You have to create your future based on the relevant learning from the past.

You have to develop and retain a holistic approach to life and work. For that you may have to blend what appear to be opposites. For example, you have to blend compassion with firm decision making. You have to blend competition and team building. You have to keep a sharp eye on the mega-trends and micro-trends. You have to think global and act local. This is the real essence of the mission of making Aatmnirbhar Bharat. I suggest that you keep an open mind, an open heart and a strong will. Most importantly, I wish that you do well by doing good.

I strongly believe that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

My dear young friends,

I once again congratulate the recipients of medals and degrees today. I am delighted to see that all the three medal winners in today's convocation are our daughters. As we know that in the latest results of the Civil Services Examination released recently, our daughters have captured the top three ranks. These happy developments related to the excellence of our daughters indicate that India is moving not only towards greater women empowerment but also towards women-led empowerment.

I hope that each one of you would strive to make our nation proud and make positive contribution in the development of the society and the nation.

Thank you,

Jai Hind!

Education is the greatest enabler. The future of our country depends on good education of our young population. Therefore, I try not to miss any opportunity that is related to promotion of education. I remember having participated, in virtual mode, at the 'Conference on Implementation of the National Education Policy in Jammu and Kashmir' in September, 2020. When the **Lt. Governor, Shri Manoj Sinha Ji** requested me to participate in that conference, I had happily agreed. Many of you may be aware of the fact that the Lt. Governor came into the field of public service with an illustrious academic career as an engineering student from IIT, BHU. On a lighter note, the Lt. Governor is also described as a dhoti-wearing IITian by his friendly associates. I appreciate his efforts for improvement of education in Jammu and Kashmir. Coming from this region, **Dr. Jitendra Singh** has been closely involved with the overall development of Jammu and Kashmir, along with his responsibilities in the Central Government. The presence of Dr. Milind Kamble here, who is also the Founder Chairman of Dalit Indian Chamber of Commerce and Industry or DICCI, is a good example of convergence between academia and industry. I appreciate the team of IIM Jammu, led by its Director, for taking the institute forward in line with the educational objectives of the nation.

Ladies and gentlemen,

As we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable. With this perspective, a presentation was made on global ranking of higher education institutions at the Visitor's Conference I mentioned about. I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking.

We are in an era of enterprise, innovation, and value-creation. I have been informed that innovation councils have been set up in higher education institutions in almost all the states and union territories. India's ranking in Global Innovation Index has improved from 76 in the year 2014 to 46 in 2021. Innovation and entrepreneurship strengthen each other.

Aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all. The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up eco-systems in the world. I feel very happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. I am told that this is going to be the first centre of its kind among the IIMs. I appreciate everyone concerned with this initiative to promote entrepreneurship and inclusion.

Ladies and gentlemen,

The establishment of IIM, Jammu in 2016 marks the beginning of a new chapter of higher education in this area. I am sure that this institute will soon emerge as a major education destination for students from different parts of the country, and even from other countries. I am glad to note that students from 25 States and Union Territories are receiving education from the faculty drawn from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu. I am also happy to note that the Institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programs. I have been told that the new campus of the institute is targetted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target. I am also happy to know about the steps taken to develop Srinagar Off-Campus of IIM Jammu. That will further increase the higher education outreach in this part of the country.

I am glad to note that the educational eco-system of this area is getting stronger by cooperation among the Jammu based IIM, IIT and AIIMS. I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. IIM Jammu has been offering dual degree program with IIT Jammu. It is also starting MBA programs in inter-disciplinary areas with IIT Jammu and AIIMS Jammu. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020. I am told that other higher education institutions have been asked to emulate this initiative taken by these institutes. I appreciate IIM Jammu and the other two national institutes here, for taking lead in this important area of synergy.

As we know that the United Nations has been publishing a World Happiness Report along with the ranking of countries on happiness related parameters. In a world, full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, right training of people in the art of happiness is as important as their training in skills and professions. In this context, the initiative of setting up a Centre for Happiness, named 'Anandam', by IIM Jammu is a welcome step.

Ladies and gentlemen,

India has the largest pool of young talent in the world. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger.

During my interaction with Chancellors, Vice-Chancellors and representatives of Universities, I have always emphasized that institutes of higher education should take moral responsibility of developing some villages or towns in the proximity of the campus on the lines of corporate social responsibility. I urge your institute and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelize the potential of the people there for bigger goals, be it in the field of entrepreneurship or research or skill development.

My dear young friends,

As you move out of this institute as young professionals, you are going to witness many new dimensions of life. Try to make the positive aspects of what you see as an integral part of your approach to work and life.

Education and knowledge remove ignorance and set the mind and soul free. This has been beautifully described in your institute's logo which mentions the words; "sa vidya ya vimuktaye". It means, only that learning is real learning which liberates the learner. This liberation is from ignorance, negativity and inertia.

As you step into the world of professional excellence and move from one place to another, I urge you to always remain connected with your roots. Never fail to give

back to the society which has given you the opportunity to become a successful individual.

A very important point for all of you is to remain quick learners and re-learners throughout your life. The role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. You have to move beyond your comfort zones to the areas of uncertainty. You have to convert challenges into opportunities. You have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. You have to look at tomorrow while learning from yesterday. You have to create your future based on the relevant learning from the past.

You have to develop and retain a holistic approach to life and work. For that you may have to blend what appear to be opposites. For example, you have to blend compassion with firm decision making. You have to blend competition and team building. You have to keep a sharp eye on the mega-trends and micro-trends. You have to think global and act local. This is the real essence of the mission of making Aatmnirbhar Bharat. I suggest that you keep an open mind, an open heart and a strong will. Most importantly, I wish that you do well by doing good. I strongly believe that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

My dear young friends,

I once again congratulate the recipients of medals and degrees today. I am delighted to see that all the three medal winners in today's convocation are our daughters. As we know that in the latest results of the Civil Services Examination released recently, our daughters have captured the top three ranks. These happy developments related to the excellence of our daughters indicate that India is moving not only towards greater women empowerment but also towards women-led empowerment.

I hope that each one of you would strive to make our nation proud and make positive contribution in the development of the society and the nation.

## Institutes of Learning need to be globally comparable for India to become a knowledge hub: President Kovind

9 hours ago

Asserting that the National Education Policy seeks to position India as a “knowledge hub”, President Ram Nath Kovind on Thursday said that for India to become so, the country’s institutes of learning need to be globally comparable.

Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

“The National Education Policy seeks to position India as a knowledge hub in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today,” Kovind

said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute. "For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

"I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added.

Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021. "Innovation and entrepreneurship strengthen each other," he said.

On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added.

He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said. Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences.

"I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelize the potential of the people in the union territory for bigger goals.

To the pass outs, Kovind said education and knowledge remove ignorance and set the mind and soul free. Only learning which liberates the learner is real learning, he added.

Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'," he said.

**Jammu:** Asserting that the National Education Policy seeks to position India as a “knowledge hub”, President Ram Nath Kovind said on Thursday that the country’s need for learning is globally comparable.

Laying focus on start-ups, Kovind said, that many of them have succeeded in converting to technologies and opportunities and being described as the emerging mainstay of the Indian economy.

“The National Education Policy seeks to position India as a knowledge hub in today’s knowledge economy. The fifth convocation of the Indian Institute of Management (IIM) Jammu. The President also inaugurated a diversity cell at the Institute.

“For India to become a global knowledge hub, our institutes have to be globally comparable.” “I expect new institutions like IIM Jammu to adopt a higher ranking for global best practices and aspire,” he added.

Kovind also noted that India’s ranking in global innovation index improved from 76 in 2014 to 46 in 2021. “Innovation and entrepreneurship strengthen each other,” he said. On a successful start-up ecosystem in the country, the President said, “Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for all of you.”

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors of our country having one of the best start-up ecosystems in the world, he added. He hailed the IIT Jammu with the Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said is “set up to go to a special diversity cell with potential casters and scheduled tribes”. “I am told that this is going to be the first center of its kind among the IIMs,” he said.

Kovind also expressed happiness over cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences. “I am happy that these three institutes are integrating and offering courses in which one of the students can access the other. The combination of courses and institutes is in line with the National Education Policy-2020,” he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelize the larger goals of the Union Territory. To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only learning that liberates the learner is real learning, he added. Kovind said, “The shelf life of technologies is getting shorter. Therefore, the management and leadership styles of shelf life are going to be shorter.” With such a scenario, you have to move from the ‘mindset of utilizing the known’ to ‘exploring the unknown’, “he said.

**Institutes Must Be Globally Comparable For India To Become A Global Knowledge Hub: President Kovind**

President Ram Nath Kovind said the National Education Strategy aims to make India a knowledge hub . He said that the countrys institutes of learning must be globally comparable for it to be effective .

Jammu: President Ram Nath Kovind said on Thursday that the National Education Strategy aims to make India a knowledge hub, and that the country's institutes of learning must be globally comparable for it to be effective. President Kovind said that several of them in the region have excelled due to the merger of technologies and opportunities, and are being referred to as the emerging star of the Indian economy. Are You Confused About Which Career Option to Choose Heres How To Find Out Your Best Fit Read More 4 min read Mar 05, 2022 Careers in Sciences View More 01 Apr22 05:00 PM to 01 Apr22 06:00 PM IST The National Education Policy aims to position India as a knowledge hub in todays knowledge economy. In his address to the fifth convocation of the Indian Institute of Management (IIM) Jammu, President Kovind said that it aims to prepare our youth for the 21st century while keeping our traditional values, which are still relevant today.

Our institutes of learning must be globally comparable for India to be a global knowledge hub. The number of Indian institutions in the global rankings is gradually increasing, and I am happy to report that they are achieving significant improvements. I expect new institutions like IIM Jammu to quickly adopt international best practices and strive for higher ranking, he said. India's ranking in the global innovation index had increased from 76 in 2014 to 46 in 2021, according to President Kovind.

Unicorns, which are start-up businesses with a market value of one billion dollars or more, are becoming game changers, according to the President. These unicorns, the bulk of which are made by young people, must be a source of inspiration to you all. According to him, the belief in being a

job-giver rather than a job-seeker among Indian youth is one of the primary reasons for our country's success as one of the world's best start-up ecosystems. He praised the IIM Jammu partnership with the Dalit Indian Chamber of Commerce and Industry and the Confederation of Indian Industry, which, he said, would establish a special diversity cell for potential entrepreneurs from scheduled castes and scheduled tribes.

President Kovind expressed appreciation for the IIM, Indian Institute of Technology, and the All India Institute of Medical Sciences' cooperation, as he described it. I am pleased to see that these three institutes are integrating and offering courses in which students from one institute will have access to the other. According to him, this association of courses and institutes is in accordance with the objectives of the National Education Policy-2020. The President also urged the IIM and other universities in Jammu and Kashmir to annex towns and villages and channelize the population's potential for bigger goals.

He said that only learning that liberates the learner is true learning. President Kovind warned the students that fast-paced technological advancements are going to be disruptive. The shelf life of technologies is getting shorter, he said. Because of this, the shelf life of leadership and leadership styles is also going to be shorter.

### IIM convocation: Future of India depends on better education, says President Kovind

written by [TheSquadron.In](https://thesquadron.in) June 9, 2022 0 comment

President Ram Nath Kovind on Thursday said that the future of India depends on providing better education to the youth and institutions like IIM Jammu were nurturing the youth.

“These talented youths are going to make the future of India. They are going to make the life of the people better and the nation stronger,” he said while addressing the fifth convocation of the Indian Institute of Management (IIM) Jammu here.

He asked IIM Jammu and other higher educational institutions in the country to adopt villages and towns in their surrounding areas and utilise the potential of the people for a bigger goal, be it in the field of entrepreneurship or research or skill development.

He said, “I am happy that IIM Jammu, IIT, Jammu, AIIMS, are providing integrated courses in which students of one institute can take advantage of other institutes. The synergy between courses and institutions is the aim of the National Education Policy 2020”.

“You are going into the world of successful professionals and will move from one place to another. I call upon you to always stay connected with your roots. Don’t fail to return to society. It has given you a chance to become a successful person,” he added.

The President said that to make India a hub of knowledge, institutions also have to improve.

He also said that India was moving towards women-led empowerment.

“Three medals have been won by daughters in the initiation ceremony today. Recently, daughters had also secured the first three top positions in the civil services examination of the Union Public Service Commission. India is moving towards women-led empowerment,” he said.

Earlier, the President arrived on Thursday afternoon on a two-day visit to Jammu. He was received at the Technical Airport Jammu by lieutenant governor Manoj Sinha, and Jammu mayor Chandra Mohan Gupta.

He went straight to the Raj Bhawan and then attended the fifth convocation as the chief guest. He will go to the cave shrine of Shri Mata Vaishno Devi on Friday before returning to Delhi.

A total of 214 degrees were awarded to as many students in which 77 were girls.

Sonali was given the chairperson’s gold medal, Shraddha Shukla was given the director’s silver medal and Rafiq Dagra was given the chairperson’s MBA bronze medal.

The Institute of Company Secretaries of India presented the ICSI Signature Award to Sonali, a topper in MBA. The President also inaugurated the diversity cell of IIM Jammu.

**President of India Kovind graces fifth annual convocation of IIM Jammu |**

June 9, 2022 by [techyparas](#)

New Delhi/Jammu: President Ram Nath Kovind graced and addressed the fifth annual convocation of Indian Institute of Administration Jammu at Jammu on Thursday.

Talking on the event, the President stated that schooling is the best enabler.

The way forward for our nation will depend on good schooling of our younger inhabitants. Institutes like IIM Jammu are nurturing our youth. These proficient younger individuals are going to construct the India of the longer term. They're going to make the lives of the individuals, higher, and the nation, stronger.

The President stated that as we all know, the Nationwide Schooling Coverage seeks to place India as a 'Information Hub' in at the moment's information financial system.

It seeks to make our youth geared up for the world of twenty first century whereas preserving our historical values which stay related even at the moment.

For India to develop into a world information hub, our institutes of studying should be globally comparable.

He was blissful to notice that the variety of Indian establishments within the international rating is progressively rising.

He stated that new establishments like IIM Jammu ought to shortly undertake international finest practices and aspire for increased rating.

The President stated that aided by convergence of applied sciences and alternatives, many start-ups have develop into very profitable and are being described because the rising mainstay of the Indian financial system. Unicorns, most of that are arrange by younger individuals, have to be a supply of inspiration for all college students.

He stated that the mindset of being a job-giver and never a job-seeker among the many youth of India is among the key components in our nation having the most effective start-up ecosystems on the earth.

He was blissful to notice that IIM Jammu, in collaboration with DICCI and CII, goes to arrange a particular range cell for serving to potential entrepreneurs from scheduled castes and scheduled tribes.

He appreciated everybody involved with this initiative to advertise entrepreneurship and inclusion.

The President suggested college students to stay fast learners and re-learners all through their life.

He stated that the position of quick paced technological modifications goes to be disruptive. The shelf lifetime of applied sciences is getting shorter.

Due to this fact, the shelf lifetime of administration and management kinds can also be going to be shorter. To take care of such a state of affairs, they've to maneuver from the mindset of 'utilising the recognized' to the method of 'exploring the unknown'. They've to maneuver past their consolation zones to the areas of uncertainty. They should convert challenges into alternatives. They should be 'pro-changers' and but be sensitise to 'no-changers' for changing them as supporters of change. They've to take a look at tomorrow whereas studying from yesterday. They should create their future primarily based on the related studying from the previous.

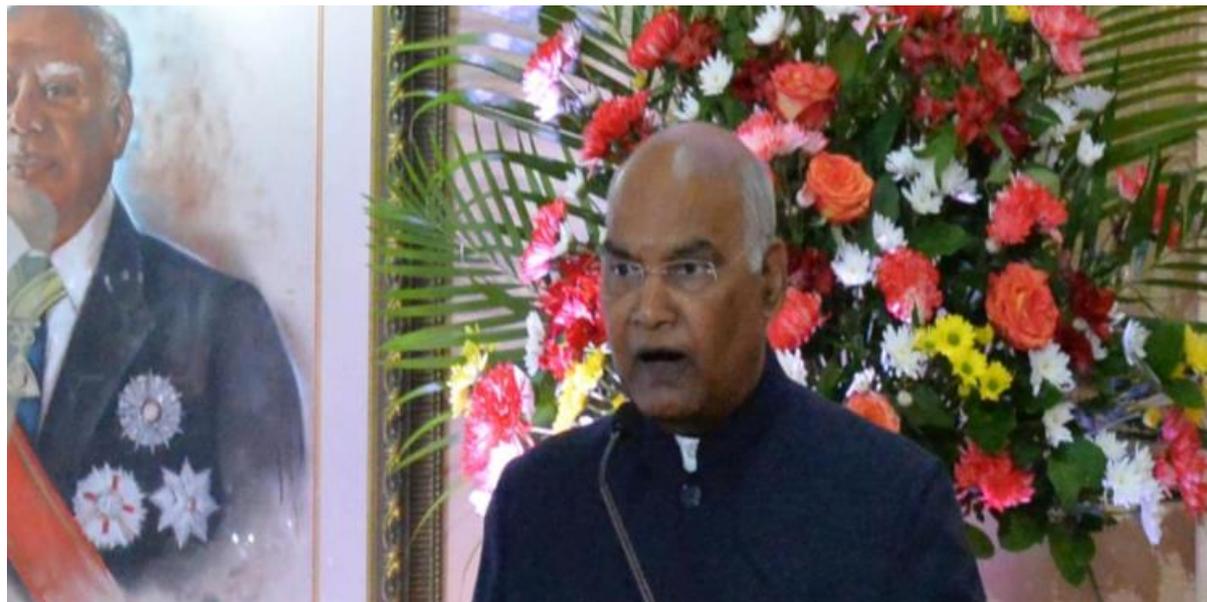

He suggested them to maintain an open thoughts, an open coronary heart and a robust will. He stated {that a} actually good entrepreneur, good supervisor or enterprise chief is one who believes in doing effectively by doing good. Excellence and ethics go collectively.

## India's Future Depends On Providing Better Education To Young People: President Kovind At IIM Jammu Convocation

by Nick Erickson June 10, 2022 in [Education & Career](#)

**152**

SHARES

**1.9k**

VIEWS

“India’s future depends on providing better education to its youth,” President Ram Nath Kovind said Thursday at the fifth annual convening of the Indian Institute of Management (IIM) Jammu. He said education is the biggest factor.

“The future of our country depends on good education from our young population. Institutes like IIM Jammu cherish our youth. These talented young people are going to build the India of the future. They are going to make people’s lives better and the country stronger,” the president said.

On the National Education Policy (NEP), he said: “We know that the National Education Policy aims to position India as a ‘knowledge center’ in today’s knowledge economy. It aims to equip our youth for the 21st century world while preserving our old values that remain relevant even today. For India to become a global center of knowledge, our learning institutions must be globally comparable.”

He noted with satisfaction that the number of Indian institutions in the world rankings is steadily increasing. The president added that many start-ups, helped by the convergence of technologies and opportunities, have become very successful and are described as the emerging mainstay of the Indian economy.

The mindset of being a job giver and not a job seeker among India’s youth is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. The president noted that IIM Jammu, in conjunction with DICCI and CII, will set up a special diversity cell to help would-be entrepreneurs out of scheduled castes and scheduled tribes.

The president advised students to learn and relearn quickly throughout their lives. He said the role of rapid technological change will be disruptive. “The shelf life of technologies is getting shorter and shorter. That is why the shelf life of management and leadership styles is also getting shorter. To deal with such a scenario, they have to move from the mindset of ‘using the known’ to the approach of ‘exploring the unknown’. They have to go outside their comfort zone into the areas of uncertainty. They have to turn challenges into opportunities. They must be “pro-changers” yet sensitive to “no-changers” in order to convert them to advocates of change. They have to look to tomorrow while learning from yesterday,” he said.

He advised them to keep an open mind, an open heart, and a strong will. He said that a really good entrepreneur, good manager, or good business leader is one who believes in doing good by doing good. “Excellence and ethics go hand in hand.”

## President Kovind: 'I am happy about integration of courses and institutions in line with National Education Policy'

 **BYWeforNews DESK** JUNE 10, 2022

Jammu, June 10 : President Ram Nath [Kovind](#) has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the [National Education Policy, 2020](#).

“I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelise the potential of the people for bigger goals, be it in the field of entrepreneurship/research or skill development.”

“I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase higher education outreach in this part of the country.”

“I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu,” Kovind said.

“I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes,” he added.

“I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target.”

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

“In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions,” he added.

He said that in this context, the initiative of setting up a centre for happiness, named ‘Anandam’, by IIM Jammu is a welcome step.

## **President Kovind address 5<sup>th</sup> Annual Convocation of IIM Jammu**

### **IIM convocation: Future of India depends on better education, says President Kovind**

President Ram Nath Kovind on Thursday said that the future of India depends on providing better education to the youth and institutions like IIM Jammu were nurturing the youth.

"These talented youths are going to make the future of India. They are going to make the lives of the people better and the nation stronger," he said while addressing the fifth convocation of the Indian Institute of Management (IIM) Jammu here.

He asked IIM Jammu and other higher educational institutions in the country to adopt villages and towns in their surrounding areas and utilize the potential of the people for a bigger goal, be it in the field of entrepreneurship or research or skill development.

He said, "I am happy that IIM Jammu, IIT, Jammu, AIIMS, are providing integrated courses in which students of one institute can take advantage of other institutes. The synergy between courses and institutions is the aim of the National Education Policy 2020".

"You are going into the world of successful professionals and will move from one place to another. I call upon you to always stay connected with your roots. Do not fail to return to society. It has given you a chance to become a successful person," he added.

The President said that to make India a hub of knowledge, institutions also have to improve.

He also said that India was moving towards women-led empowerment.

"Three medals have been won by daughters in the initiation ceremony today. Recently, daughters had also secured the first three top positions in the civil services examination

of the Union Public Service Commission. India is moving towards women-led empowerment,"he said.

Earlier, the President arrived on Thursday afternoon on a two-day visit to Jammu. He was received at the Technical Airport Jammu by lieutenant governor Manoj Sinha, and Jammu mayor Chandra Mohan Gupta.

He went straight to the Raj Bhawan and then attended the fifth convocation as the chief guest. He will go to the cave shrine of Shri Mata Vaishno Devi on Friday before returning to Delhi.

A total of 214 degrees were awarded to as many students in which 77 were girls.

Sonali was given the chairperson's gold medal, Shraddha Shukla was given the director's silver medal and Rafiq Dagra was given the chairperson's MBA bronze medal.

The Institute of Company Secretaries of India presented the ICSI Signature Award to Sonali, a topper in MBA. The President also inaugurated the diversity cell of IIM Jammu.

## Future of India Depends on Providing Better Education to Youth: President Kovind During IIM Jammu Convocation

By **Umesh Kumar** June 10, 2022

“The future of [India](#) depends on providing better education to the youth,” said President Ram Nath Kovind on Thursday while addressing the fifth annual convocation of the Indian Institute of Management (IIM) Jammu. He said that education is the greatest enabler.

“The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger,” said the president.

Talking about National [Education](#) Policy (NEP) he said, “We know, the National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain

relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable.”

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. The President added that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. The president noted that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes.

The president advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. “The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of ‘utilizing the known’ to the approach of ‘exploring the unknown’. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be ‘pro-changers’ and yet be sensitized to ‘no-changers’ for converting them as supporters of change. They have to look at tomorrow while learning from yesterday,” he said.

He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. “Excellence and ethics go together.”

## India moving towards women-led development: President Ram Nath Kovind

JAMMU: Lauding the feat of women who bagged the top three ranks in the civil services examinations and three female toppers of IIM Jammu, President Ram Nath Kovind said this indicated that India is moving towards greater women empowerment and women-led empowerment.

“The future of our country depends on good education of our young population,” he said as he presented medals to IIM toppers – Sonali (gold), Shraddha Shukla (silver), and Raafeeq Dawara (bronze) at the fifth annual convocation of IIM Jammu.

“The National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values, which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” he added.

The mindset of being a job-creator and not a job-seeker was one of the key factors in the country having one of the best start-up ecosystems in the world, the President. He advised students to remain quick learners and re-learners throughout their life. “Convert challenges into opportunities. You have to be ‘pro-changers’ and yet be sensitive to ‘no-changers’ so as to convert them into supporters of change. They have to look at tomorrow while learning from yesterday,” he said.

Advising students to keep an open mind and heart and a strong will, Kovind said: "I hope that each one of you would strive to make our nation proud and make a positive contribution to the development of society and the nation."

## Kovind: India shifting in direction of women-led growth: President Ram Nath Kovind | India News

By Admin June 11, 2022

JAMMU: Lauding the feat of girls who bagged the highest three ranks within the civil providers examinations and three feminine toppers of IIM Jammu, President Ram Nath Kovind stated this indicated that India is shifting in direction of higher girls empowerment and women-led empowerment.

“The future of our country depends on good education of our young population,” he stated as he introduced medals to IIM toppers – Sonali (gold), Shraddha Shukla (silver), and Raafeeq Dawara (bronze) on the fifth annual convocation of IIM Jammu.

“The National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values, which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” he added. The mindset of being a job-creator and never a job-seeker was one of many key elements within the nation having among the best start-up ecosystems on this planet, the President. He suggested college students to stay fast learners and re-learners all through their life. “Convert challenges into opportunities. You have to be ‘pro-changers’ and yet be sensitive to ‘no-changers’ so as to convert them into supporters of change.

They have to look at tomorrow while learning from yesterday,” he stated. Advising college students to maintain an open thoughts and coronary heart and a robust will, Kovind stated: “I hope that each one of you would strive to make our nation proud and make a positive contribution to the development of society and the nation.”

## **President Kovind during the convening of IIM Jammu**

June 10, 2022

“India’s future depends on providing better education to young people,” President Ram Nath Kovind said on Thursday during a speech at the fifth annual convening of the Indian Institute of Management (IIM) Jammu. He said education is the biggest activator.

“The future of our country depends on the good education of our young population. Institutes like IIM Jammu take care of our youth. These talented young people will build the India of the future. It will make people’s lives better and strengthen the country,” the president said.

Speaking of the National Education Policy (NEP), he said: “We know that the National Education Policy seeks to position India as a ‘knowledge center’ in today’s knowledge economy. It strives to ensure that our youth are equipped for the world of the 21st century, while maintaining our ancient values, which remain relevant today. For India to become a global knowledge hub, our educational institutions must be globally comparable.”

He was pleased to note that the number of Indian institutions in the global rankings is gradually growing. The president added that due to the convergence of technologies and opportunities, many start-ups have become very successful and are described as an emerging major pillar of the Indian economy.

The attitude of Indian youth as a job provider and not a job seeker is one of the key factors in our country, which has one of the best start-up ecosystems in the world, he added. The President noted that IIM Jammu, in collaboration with DICCI and CII, will establish a special diversity cell to help potential entrepreneurs from the planned castes and tribes.

The president advised students to learn quickly and relearn throughout their lives. He said the role of rapid technological change would be disruptive. “The longevity of technology is shortening. Therefore, the storability of management and leadership styles is also shortened. To deal with such a scenario, they must move from thinking “use the known” to a “researching the unknown” approach. They need to move beyond their comfort zones to areas of uncertainty. He has to turn challenges into opportunities. They must be “pro-changers” and yet be sensitive to “non-changers” for turning them into advocates of change. He has to look to tomorrow and at the same time learn from yesterday,” he said.

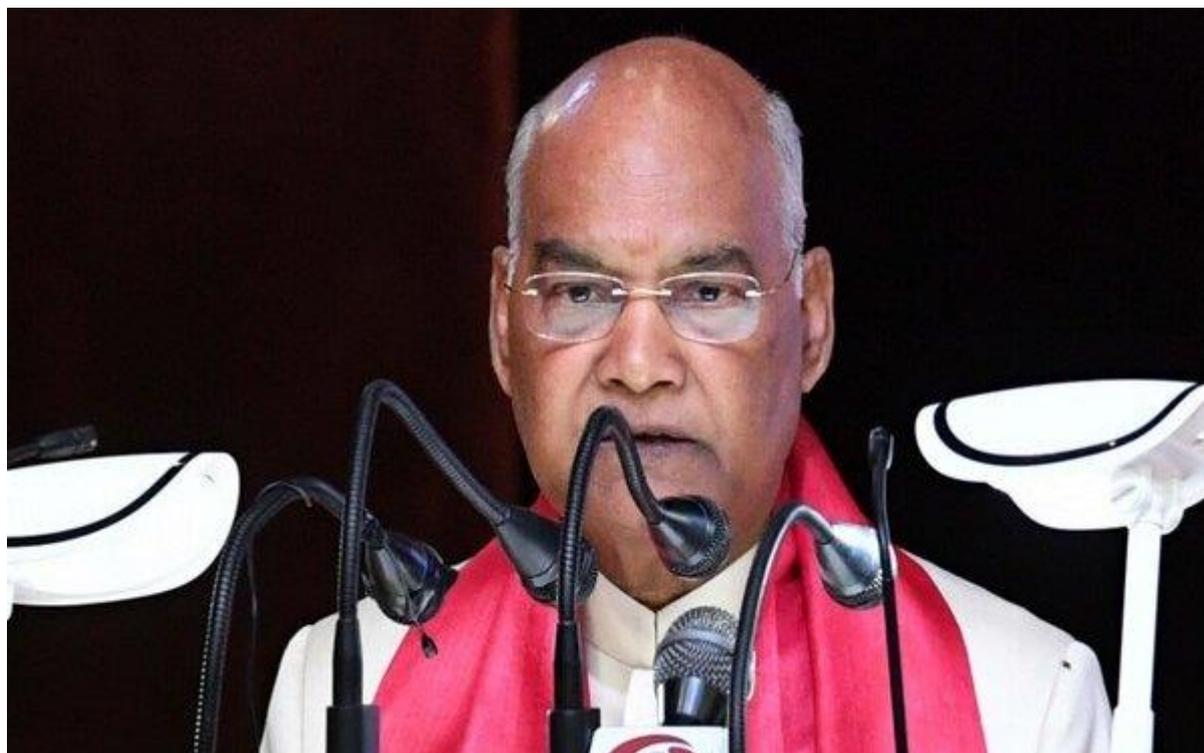

He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, a good manager or a good business leader is one who believes he is doing well by doing good. “Perfection and ethics go together.”

## National Education Policy seeks to position India as 'Knowledge Hub': President Kovind

by **Alwaysfirst** June 9, 2022 in **National**

Jun 09, 2022 23:12 IST

Jammu (Jammu and Kashmir) [India], June 9 (AF): Highlighting that the future of our country depends on the good education of our young population, President Ram Nath Kovind on Thursday said that talented young people are going to build India's future and are going to make the lives of the people better.

President Ram Nath Kovind graced and addressed the 5th annual convocation of the Indian Institute of Management, Jammu on Thursday.

Speaking on the occasion, the President said that education is the greatest enabler. "The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youths. These talented young people are going to build India of the future. They are going to make the lives of the people, better, and the country, stronger."

The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy.

“It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” President said.

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by the convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. “Unicorns, most of which are set up by young people, must be a source of inspiration for all students. The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world,” he said.

He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast-paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter.

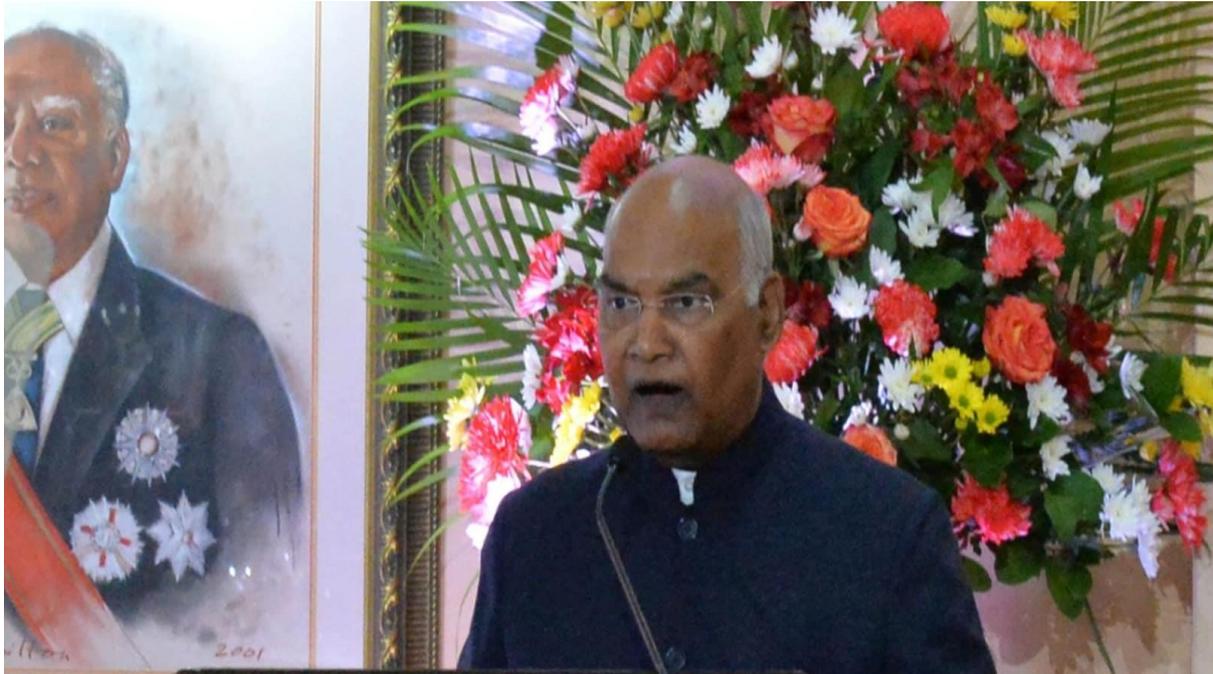

“To deal with such a scenario, they have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be ‘pro-changers’ and yet be sensitised to ‘no-changers’ for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together,” President said. (AF)

## **I Am Happy About Integration Of Courses And Institutions In Line With National Education Policy : Ram Nath Kovind**

By Rashtra Baan News Last updated Jun 11, 2022

### **I am happy about integration of courses and institutions in line with National Education Policy: Prez Kovind**

**Jammu:** President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the National Education Policy, 2020.

“I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelise the potential of the people for bigger goals, be it in the field of entrepreneurship/research or skill development.”

"I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase higher education outreach in this part of the country."

"I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu," Kovind said.

"I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes," he added.

"I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target."

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

"In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions," he added.

He said that in this context, the initiative of setting up a centre for happiness, named 'Anandam', by IIM Jammu is a welcome step.

## भारत को वैश्विक ज्ञान केंद्र बनाने के लिए, शिक्षण संस्थानों को विश्व स्तरीय होना चाहिए: राष्ट्रपति

Published on: Jun 9, 2022, 2:57 PM IST | Updated on: Jun 10, 2022, 6:53 AM IST

राष्ट्रपति रामनाथ कोविंद (President Ram Nath Kovind) दो दिवसीय दौरे पर जम्मू पहुंचे। इस अवसर पर उप राज्यपाल मनोज सिन्हा (Lt Governor of Jammu and Kashmir, Manoj Sinha) ने उनका स्वागत किया। राष्ट्रपति आईआईएम के दीक्षांत समारोह में भाग लेंगे।

**जम्मू :** राष्ट्रपति रामनाथ कोविंद ने बृहस्पतिवार को कहा कि राष्ट्रीय शिक्षा नीति भारत को 'ज्ञान केंद्र' के रूप में स्थापित करना चाहती है और भारत को ऐसा बनाने के लिए देश के शिक्षण संस्थानों को विश्व स्तर के अनुरूप बनाने की जरूरत है। 'स्टार्ट-अप' पर ध्यान केंद्रित किए जाने का उल्लेख करते हुए राष्ट्रपति ने कहा कि कई प्रौद्योगिकियों और अवसरों का लाभ उठाते हुए उसने सफलता पाई है तथा 'स्टार्ट-अप' को भारतीय अर्थव्यवस्था का उभरता हुआ मुख्य आधार बताया जा रहा है।

कोविंद ने भारतीय प्रबंधन संस्थान (आईआईएम), जम्मू के पांचवें दीक्षांत समारोह को संबोधित करते हुए कहा, राष्ट्रीय शिक्षा नीति आज की ज्ञान अर्थव्यवस्था में भारत को ज्ञान केंद्र के रूप में स्थापित करने का प्रयास करती है। यह हमारे प्राचीन मूल्यों को सहेजते हुए 21वीं सदी की दुनिया के लिए हमारे युवाओं को तैयार करने का प्रयास करती है, जो आज भी प्रासंगिक हैं। राष्ट्रपति ने संस्थान में एक विविधता प्रकोष्ठ का भी उद्घाटन किया। उन्होंने कहा, भारत को वैश्विक ज्ञान का केंद्र बनाने के लिए, हमारे शिक्षण संस्थानों को विश्व स्तर के अनुरूप चाहिए।

### राष्ट्रपति रामनाथ कोविंद जम्मू पहुंचे,

राष्ट्रपति ने कहा, मुझे यह जानकर खुशी हो रही है कि वैश्विक रैंकिंग में भारतीय संस्थानों की संख्या धीरे-धीरे बढ़ रही है। मुझे उम्मीद है कि आईआईएम-जम्मू जैसे नए संस्थान तेजी से सर्वोत्तम वैश्विक प्रथाओं को अपनाएं और उच्च रैंकिंग की आकांक्षा करेंगे। कोविंद ने यह भी कहा कि वैश्विक नवाचार सूचकांक में भारत की रैंकिंग 2014 के 76 से सुधर कर 2021 में 46 हो गई। उन्होंने कहा नवाचार और उद्यमिता एक दूसरे को मजबूत करते हैं।

उन्होंने 'दलित इंडियन चैंबर ऑफ कॉमर्स एंड इंडस्ट्री' और भारतीय उद्योग परिसंघ (सीआईआई) के साथ आईआईएम-जम्मू के सहयोग की सराहना करते हुए कहा, 'अनुसूचित जातियों और अनुसूचित जनजातियों के संभावित उद्यमियों की मदद के लिए एक विशेष विविधता प्रकोष्ठ स्थापित किया जा रहा है। कोविंद ने कहा, मुझे बताया गया है कि यह आईआईएम के बीच अपनी तरह का पहला केंद्र होगा।

कोविंद ने जम्मू स्थित आईआईएम, भारतीय प्रौद्योगिकी संस्थान और अखिल भारतीय आयुर्विज्ञान संस्थान के बीच सहयोग पर भी प्रसन्नता व्यक्त की. राष्ट्रपति ने जम्मू कश्मीर में आईआईएम और अन्य संस्थानों से कस्बों और गांवों को अपनाने का भी आग्रह किया.

आईआईएम जम्मू के दीक्षांत समारोह में बोले राष्ट्रपति: समाज की न करें अनदेखी, अपनी जड़ों से जुड़े रहें युवा, 214 विद्यार्थियों को दी डिग्री

अमर उजाला नेटवर्क, जम्मू Published by: विमल शर्मा Updated Thu, 09 Jun 2022 11:01 PM IST

सार

राष्ट्रपति रामनाथ कोविंद जम्मू में भारतीय प्रबंध संस्थान (आईआईएम) के पांचवें दीक्षांत समारोह में बतौर मुख्य अतिथि शामिल हुए। उन्होंने तीन बेटियों को मेडल और 214 विद्यार्थियों को डिग्रियां प्रदान की। कोविंद ने कहा कि शिक्षण संस्थान अपने दायरे में आने वाले गांवों व शहरों को गोद ले वहां की प्रतिभाओं को तराशें।

विस्तार

राष्ट्रपति रामनाथ कोविंद ने कहा कि युवा व प्रोफेशनल मैनेजर अपनी जड़ों से हमेशा जुड़े रहें। कभी समाज की अनदेखी करने की कोशिश न करें जिसने आपको एक सफल व्यक्ति बनने का मौका दिया है। आईआईएम जम्मू तथा अन्य शिक्षण संस्थानों से अपने दायरे में आने वाले गांवों व शहरों को गोद लें और वहां के लोगों की क्षमताओं को वृहद लक्ष्य की प्राप्ति के लिए तराशें। चाहे यह उद्यमिता का क्षेत्र हो या शोध या दक्षता विकास का।

तीन बेटियों को मेडल और 214 विद्यार्थियों को डिग्रियों से नवाजा

राष्ट्रपति वीरवार को जम्मू में भारतीय प्रबंध संस्थान (आईआईएम) के पांचवें दीक्षांत समारोह में बोल रहे थे। इस दौरान आईआईएम की तीन बेटियों को मेडल और 214 विद्यार्थियों को डिग्रियों से नवाजा गया। राष्ट्रपति ने कहा, भारत को वैश्विक ज्ञान का हब बनाने के लिए जरूरी है कि हमारे ज्ञान के संस्थान भी वैश्विक रूप से प्रतिस्पर्धी बनें।

राष्ट्रीय शिक्षा नीति बेहद कारगर

उन्होंने कहा कि यह जानकार प्रसन्नता हुई कि जम्मू में आईआईटी, आईआईएम और एम्स तीनों मिलकर बच्चों को पाठ्यक्रम प्रदान कर रहे हैं, जिसमें बच्चे एक संस्थान से जाकर दूसरे संस्थान की सुविधाओं का इस्तेमाल कर सकते हैं। राष्ट्रीय शिक्षा नीति की तर्ज पर पाठ्यक्रम व संस्थानों का एकीकरण काफी लाभदायक साबित होगा।

हमें नौकरी देने वाला बनना

उन्होंने कहा कि आज का दिन डिग्री लेने वाले युवाओं के लिए काफी महत्वपूर्ण है, क्योंकि ये भविष्य के युवा होने के साथ ही देश का भविष्य भी हैं। इनकी शिक्षा पर ही देश का भविष्य निर्भर है। आज जमाना इनोवेशन और उद्यमिता का है। हमें नौकरी करने वाला नहीं, बल्कि नौकरी देने वाला बनना है।

कल से सबक लेकर बेहतर भविष्य के रास्ते बनाने हैं

भविष्य में काफी चुनौतियों का सामना करना पड़ेगा, लेकिन इन चुनौतियों को अवसर में बदलना होगा। कल से सबक लेकर बेहतर भविष्य के रास्ते बनाने हैं। आत्मनिर्भर भारत और आत्मनिर्भर जम्मू-कश्मीर की दिशा में हमें आगे बढ़ना है, ताकि भविष्य के युवा तैयार हो सकें।

डॉ. जितेंद्र और एलजी रहे मौजूद

दीक्षांत समारोह में केंद्रीय राज्य मंत्री डॉ. जितेंद्र सिंह व उप राज्यपाल मनोज सिन्हा विशिष्ट अतिथि के रूप में मौजूद रहे। साथ ही आईआईएम के बोर्ड ऑफ गवर्नर्स के चेयरमैन डॉ. मिलिंद कांबले व संस्थान के निदेशक प्रो. बीएस सहाय भी मौजूद थे।

आईआईएम के प्रयासों की सराहना

आईआईएम जम्मू के प्रयासों की सराहना करते हुए महामहिम रामनाथ कोविंद ने कहा, यह संस्थान इस दिशा में आगे बढ़ रहा है। छात्रों के बेहतरीन विकास के लिए 15 देशों के साथ स्टूडेंट्स एक्सचेंज प्रोग्राम संचालित किया जा रहा है। एकीकृत पाठ्यक्रम संचालित किए जा रहे हैं। संयुक्त राष्ट्र ने हैप्पीनेस रिपोर्ट जारी की है। इस दिशा में भी संस्थान ने प्रयास जारी रखते हुए आनंदम की स्थापना की है।

कटड़ा में सुरक्षा व्यवस्था कड़ी

राष्ट्रपति रामनाथ कोविंद शुक्रवार को माता वैष्णो देवी के दर्शन करने कटड़ा पहुंचेंगे। उनकी सुरक्षा को ध्यान में रखकर प्रशासन ने व्यवस्था कड़ी कर दी है। शुक्रवार सुबह आठ बजे राष्ट्रपति जम्मू से कटड़ा के लिए रवाना होंगे। दर्शन करने के बाद वह हेलिकॉप्टर से वापस जम्मू जाएंगे।

कटड़ा में सुरक्षा के कड़े इंतजाम

राष्ट्रपति निजी हेलिकॉप्टर से शुक्रवार सुबह कटड़ा पहुंचेंगे। उसके बाद बैटरी कार में सवार होकर वह भवन की ओर प्रस्थान करेंगे। राष्ट्रपति के आगमन पर भवन मार्ग सहित पूरे कटड़ा में सुरक्षा के कड़े इंतजाम किए गए हैं। राष्ट्रपति माता के दर्शन करने भवन जाएंगे, उस दौरान कुछ समय के लिए यात्रा बंद रहेगी।

आम यात्रियों को भवन में जाने की अनुमति नहीं

आम यात्रियों को भवन में जाने की अनुमति नहीं दी जाएगी। देश के सुख शांति की कामना कर जब राष्ट्रपति लौट जाएंगे, तब यात्रा फिर से शुरू हो जाएगी। संवाद

## President Ram Nath Kovind in Jammu: प्रदेश में अब तक 52 हजार करोड़ रुपये के निवेश के प्रस्ताव मिले : उपराज्यपाल मनोज सिन्हा

Author: **Vikas Abrol** Publish Date: Thu, 09 Jun 2022 04:50 PM (IST) Updated Date: Thu, 09 Jun 2022 06:02 PM (IST)

केंद्र शासित प्रदेश जम्मू-कश्मीर के उपराज्यपाल मनोज सिन्हा ने आइआइएम जम्मू के दीक्षा समारोह में कहा कि प्रदेश में निवेश के लिए अब तक 52 हजार करोड़ रुपये के निवेश के प्रस्ताव मिल चुके हैं। उन्होंने विद्यार्थियों को संबोधित करते हुए कहा कि डिजिटल अर्थव्यवस्था का समय आ चुका है

**जम्मू, जेएनएन।** राष्ट्रपति रामनाथ कोविन्द जम्मू के दो दिवसीय दौरे पर पहुंच गए हैं। शाम 4.30 बजे राष्ट्रपति इंडियन इंस्टीट्यूट आफ मैनेजमेंट (आइआइएम) जम्मू के पांचवें दीक्षा समारोह में बतौर मुख्य अतिथि भाग लेने पहुंचे। राष्ट्रपति 214 विद्यार्थियों को दीक्षा समारोह में डिग्री प्रदान करेंगे। राष्ट्रपति रामनाथ कोविन्द ने आइआइएम जम्मू के विविधता प्रकोष्ठ का उद्घाटन किया।

आइआइएम जम्मू के पांचवे दीक्षा समारोह में प्रदेश के उपराज्यपाल मनोज सिन्हा और पीएमओ में राज्यमंत्री डा जितेंद्र सिंह भी पहुंच चुके हैं। आइआइएम जम्मू के निदेशक बीएस सहाय ने सबसे पहले स्वागती भाषण पढ़ा। उन्होंने आइआइएम जम्मू की उपलब्धियों पर प्रकाश डाला और अंत में विद्यार्थियों को शपथ दिलवाई।

यहां यह बता दें कि आइआइएम जम्मू में जारी पांचवां दीक्षा समारोह कार्यक्रम करीब एक घंटे का होगा। कार्यक्रम संपन्न होने के उपरांत राष्ट्रपति रामनाथ कोविन्द राजभवन जाएंगे। वहां पर पह राज्यपाल मनोज सिन्हा के साथ बैठक कर केंद्र शासित प्रदेश जम्मू-कश्मीर की कानून एवं व्यवस्था की स्थिति, विकास कार्यों सहित अन्य मुद्दों पर विस्तारपूर्वक चर्चा करेंगे। रात्रि विश्राम के उपरांत राष्ट्रपति रामनाथ कोविन्द शुक्रवार सुबह श्री माता वैष्णो देवी के दर्शनों के लिए कटड़ा रवाना हो जाएंगे।

राष्ट्रपति दौरे के मद्देनजर आज दिनभर शहर के कनाल रोड को यातायात के लिए बंद रखा गया है। इस रूट पर दौड़ने वाली मेटाडोर सेवा भी प्रभावित है। हालांकि दूसरे रूट से कुछ मेटाडोर का परिचालन जारी है।

केंद्र शासित प्रदेश जम्मू-कश्मीर के उपराज्यपाल मनोज सिन्हा ने आइआइएम जम्मू के दीक्षा समारोह में कहा कि प्रदेश में निवेश के लिए अब तक 52 हजार करोड़ रुपये के निवेश के प्रस्ताव मिल चुके हैं। उन्होंने विद्यार्थियों को संबोधित करते हुए कहा कि डिजिटल अर्थव्यवस्था का समय आ चुका है इसलिए छात्रों को देश और समाज के लिए काम करना चाहिए।

## **President Kovind in IIM Jammu Convocation: राष्ट्रपति रामनाथ कोविन्द बोले- भारत में महिला सशक्तिकरण नहीं बल्कि महिला नेतृत्व सशक्तिकरण हो रहा है**

**Author: Vikas Abrol**

Publish Date: Thu, 09 Jun 2022 07:34 PM (IST) Updated Date: Thu, 09 Jun 2022 08:28 PM (IST)

राष्ट्रपति रामनाथ कोविन्द ने कहा कि भारत में महिला सशक्तिकरण नहीं बल्कि महिला नेतृत्व सशक्तिकरण हो रहा है। इंडियन इंस्टीट्यूट ऑफ मैनेजमेंट (आइआइएम) जम्मू के पांचवें दीक्षा समारोह को संबोधित करते हुए कहा कि आज दीक्षा समारोह में तीन मेडल बेटियों ने हासिल किए हैं।

**जम्मू, राज्य ब्यूरो।** राष्ट्रपति राम नाथ कोविन्द ने कहा कि देश का भविष्य युवाओं को बेहतर शिक्षा देने पर निर्भर करता है। आइआइएम जम्मू जैसे संस्थान हमारे युवाओं का पोषण कर रहे हैं। ये प्रतिभाशाली युवा भारत का भविष्य बनाने जा रहे हैं। वे लोगों का जीवन बेहतर व देश को मजबूत बनाने जा रहे हैं।

उन्होंने आइआइएम जम्मू व देश के अन्य उच्च शिक्षण संस्थानों से कहा कि वे अपने आसपास के इलाकों के गांवों व कस्बों को अपनाए और बड़े लक्ष्य के लिए लोगों की क्षमता का इस्तेमाल करें। चाहे उद्यमिता का क्षेत्र हो या रिसर्च या कौशल विकास का। उन्होंने कहा कि मुझे खुशी है कि आइआइएम जम्मू, आइआइटी जम्मू, एमएस एकीकृत होकर कोर्स उपलब्ध करवा रहे हैं जिसमें एक इंस्टीट्यूट के विद्यार्थी दूसरे इंस्टीट्यूट का फायदा उठा सकते हैं। कोर्स व संस्थानों के बीच तालमेल ही राष्ट्रीय शिक्षा नीति 2020 का मकसद है।

उन्होंने विद्यार्थियों से कहा कि आप सफल पेशेवर लोगों की दुनिया में जा रहे हो और एक जगह से दूसरे जगह मूव करोगे। मैं आप से आह्वान करता हूँ कि आप अपनी जड़ों से हमेशा ही जुड़े रहना। समाज को वापिस करने में विफल मत होना। समाज ने ही सफल व्यक्ति बनने के लिए आपको मौका दिया है। भारत को ज्ञान का केंद्र बनाने के लिए हमारे संस्थानों को भी बेहतर करना होगा। इंडियन इंस्टीट्यूट आफ मैनेजमेंट (आइआइएम) जम्मू के पांचवें दीक्षा समारोह को संबोधित करते हुए कहा कि भारत में महिला सशक्तिकरण नहीं बल्कि महिला नेतृत्व सशक्तिकरण हो रहा है। आज दीक्षा समारोह में तीन मेडल बेटियों ने हासिल किए हैं। हाल ही में संघ लोक सेवा आयोग की सिविल सर्विस परीक्षा में पहले तीन टाप पोजीशन भी बेटियों ने हासिल की थी। उन्होंने आत्मनिर्भर भारत में युवाओं की भूमिका को अहम बताते हुए राष्ट्रीय शिक्षा नीति का जिक्र किया जिसमें भारत जाएन का केंद्र बनेगा।

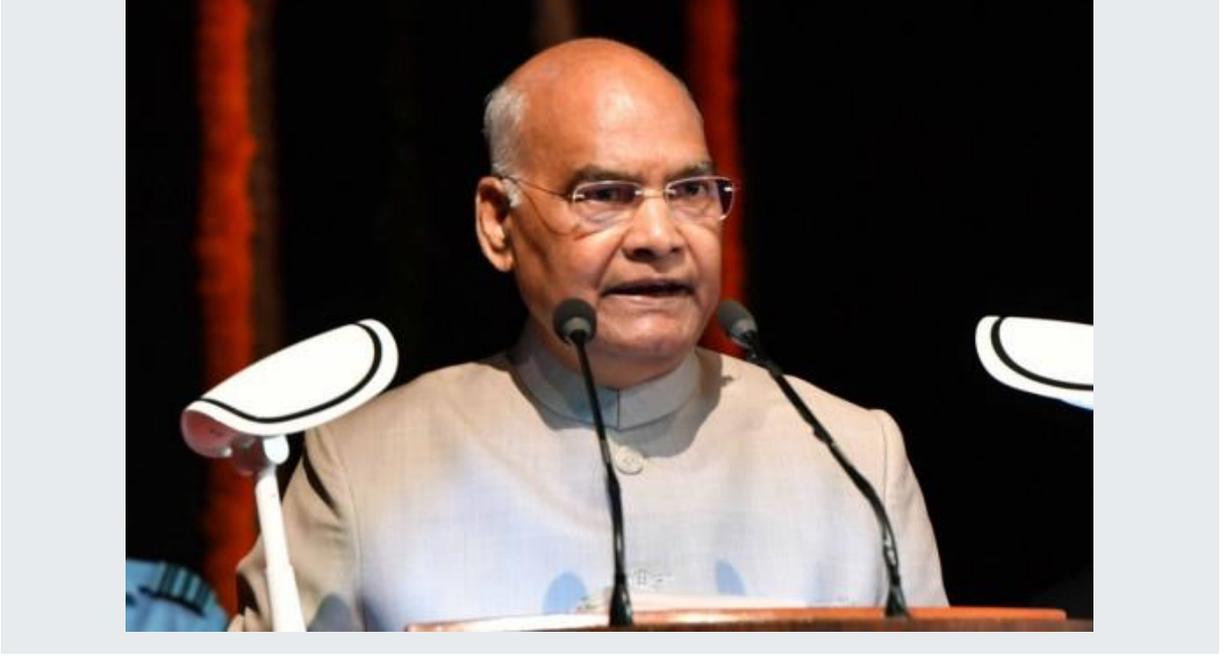

राष्ट्रपति जम्मू के दो दिवसीय दौरे पर आज वीरवार दोपहर को जम्मू पहुंचे। तकनीकी हवाई अड्डे जम्मू में उनका स्वागत उपराज्यपाल मनोज सिन्हा, जम्मू के मेयर चंद्र मोहन गुप्ता ने किया। वह सीधे राजभवन गए और उसके बाद आइआइएम जम्मू के पांचवें दीक्षा समारोह में बतौर मुख्य अतिथि शामिल हुए। वह शुक्रवार को श्री माता वैष्णो देवी के दर्शन के लिए जाएंगे।

जम्मू के कन्वेंशन सेंटर में आयोजित दीक्षा समारोह भाषण देते हुए उन्होंने कहा कि पीएमओ में राज्यमंत्री डा. जितेंद्र सिंह, उपराज्यपाल मनोज सिन्हा, आइआइएम के बोर्ड आफ गवर्नर्स के चेयरमैन मिलिंद कांबले, निदेशक प्रो. बीएस सहाय ने संबोधित किया। समारोह में 214 विद्यार्थियों को डिग्रियां दी गईं जिसमें 77 लड़कियां शामिल थीं। सोनाली को चेयरपर्सन गोल्ड मेडल, श्रद्धा शुक्ला को डायरेक्टर सिल्वर मेडल, रफीक डागरा को चेयरपर्सन एमबीए ब्रांज मेडल दिया गया। इंस्टीट्यूट आफ कंपनी सेक्रेटरीज आफ इंडिया ने एमबीए में टाप करने वाली छात्रा साेनाली को आइसीएसआई सिग्नेचर अवार्ड दिया। राष्ट्रपति ने आइआइएम जम्मू के डायरेक्टरी सैल का उद्घाटन भी किया।

**कोविंद :** मैं राष्ट्रीय शिक्षा नीति के अनुरूप पाठ्यक्रमों और संस्थानों के एकीकरण से खुश हूं  
June 10th, 2022

*हाईलाइट*

• मैं राष्ट्रीय शिक्षा नीति के अनुरूप पाठ्यक्रमों और संस्थानों के एकीकरण से खुश हूं : कोविंद **डिजिटल डेस्क, जम्मू।** राष्ट्रपति राम नाथ कोविंद ने कहा है कि उन्हें यह जानकर खुशी हुई है कि आईआईएम-जम्मू और एम्स-जम्मू ऐसे पाठ्यक्रमों की पेशकश कर रहे हैं, जिनमें एक संस्थान के छात्र दूसरे संस्थान में दाखिला ले सकते हैं।

गुरुवार को आईआईएम-जम्मू के पांचवें दीक्षांत समारोह को संबोधित करते हुए कोविंद ने छात्रों, डिग्री धारकों, उनके माता-पिता और शिक्षकों को बधाई देते हुए कहा कि छात्रों ने इस दिन के लिए कड़ी मेहनत की है जो उनके जीवन में बहुत महत्वपूर्ण है।

उन्होंने कहा कि पाठ्यक्रमों और संस्थानों का एकीकरण राष्ट्रीय शिक्षा नीति, 2020 के उद्देश्यों के अनुरूप है। उन्होंने कहा, मैं आईआईएम-जम्मू और अन्य संस्थानों से आपके पड़ोस के कस्बों और गांवों को अपनाने और बड़े लक्ष्यों के लिए लोगों की क्षमता को चैनलाइज करने का आग्रह करता हूं, चाहे वह उद्यमिता/अनुसंधान या कौशल विकास के क्षेत्र में हो।

मुझे आईआईएम-जम्मू के परिसर के बाहर श्रीनगर को विकसित करने के लिए उठाए गए कदमों के बारे में जानकर खुशी हुई, जिससे देश के इस हिस्से में उच्च शिक्षा की पहुंच और बढ़ेगी।

मुझे यह जानकर खुशी हो रही है कि 25 राज्यों और केंद्र शासित प्रदेशों के छात्र देशभर से चुने गए संकाय से शिक्षा प्राप्त कर रहे हैं। यह आईआईएम-जम्मू को एक युवा मिनी-इंडिया को दर्शाता है। मुझे बताया गया है कि यूके जैसे देशों से सहायक संकाय, फ्रांस, ब्राजील और अमेरिका आईआईएम-जम्मू से जुड़े हुए हैं।

उन्होंने कहा, मुझे यह जानकर खुशी हो रही है कि संस्थान ने छात्र और संकाय विनिमय कार्यक्रमों के लिए अमेरिका, फ्रांस, ऑस्ट्रेलिया, कोरिया और यूके में 15 प्रतिष्ठित संस्थानों के साथ करार किया है।

मुझे बताया गया है कि संस्थान का नया परिसर इस साल नवंबर तक पूरी तरह कार्यात्मक होने का लक्ष्य है। मैं लक्ष्य हासिल करने के लिए यहां की टीम के लिए अपनी शुभकामनाएं देता हूं।

राष्ट्रपति कोविंद ने कहा कि संयुक्त राष्ट्र खुशी से संबंधित मानकों पर देशों की रैंकिंग के साथ-साथ वल्ड हैप्पीनेस रिपोर्ट प्रकाशित करता रहा है।

तनाव से भरी दुनिया में, खुशी व्यक्ति की आत्मा के बारे में उतनी ही है जितनी बाहरी परिस्थितियों के बारे में है। इसलिए, लोगों को खुशी की कला में सही प्रशिक्षण उतना ही महत्वपूर्ण है जितना कि कौशल और व्यवसायों में उनका प्रशिक्षण।

उन्होंने कहा कि इस संदर्भ में आईआईएम-जम्मू द्वारा आनंदम नाम से सेंटर फॉर हैप्पीनेस स्थापित करने की पहल स्वागत योग्य कदम है।

भारत में महिला सशक्तिकरण ही नहीं, बल्कि महिला नेतृत्व सशक्तिकरण हो रहा है : राष्ट्रपति कोविंद

Jun 10, 2022AGNIBAN

**जम्मू।** राष्ट्रपति रामनाथ कोविंद (President Ram Nath Kovind) ने गुरुवार को इंडियन इंस्टीट्यूट ऑफ मैनेजमेंट (आईआईएम) (Indian Institute of Management (IIM)) जम्मू के पांचवें दीक्षांत समारोह (Fifth Convocation) को संबोधित करते हुए कहा कि भारत में महिला सशक्तिकरण ही नहीं, बल्कि महिला नेतृत्व सशक्तिकरण हो रहा है। आज दीक्षांत समारोह में तीन मेडल बेटियों ने हासिल किए हैं। हाल ही में संघ लोक सेवा आयोग की सिविल सर्विस परीक्षा में पहले तीन टॉप पोजीशन भी बेटियों ने हासिल की थी। उन्होंने आत्मनिर्भर भारत में युवाओं की भूमिका को अहम बताते हुए राष्ट्रीय शिक्षा नीति का जिक्र किया जिसमें भारत ज्ञान का केंद्र बनेगा।

राष्ट्रपति ने आईआईएम जम्मू व देश के अन्य उच्च शिक्षण संस्थानों से कहा कि वे अपने आसपास के इलाकों के गांवों व कस्बों को अपनाएं और बड़े लक्ष्य के

लिए लोगों की क्षमता का इस्तेमाल करें, फिर चाहे उद्यमिता का क्षेत्र हो या रिसर्च या कौशल विकास का। उन्होंने कहा कि मुझे खुशी है कि आईआईएम जम्मू, आईआईटी जम्मू, एम्स एकीकृत होकर कोर्स उपलब्ध करवा रहे हैं, जिसमें एक इंस्टीट्यूट के विद्यार्थी दूसरे इंस्टीट्यूट का फायदा उठा सकते हैं। कोर्स व संस्थानों के बीच तालमेल ही राष्ट्रीय शिक्षा नीति 2020 का मकसद है।

राष्ट्रपति कोविंद ने विद्यार्थियों से कहा कि आप सफल पेशेवर लोगों की दुनिया में जा रहे हो और इस दौरान आप एक जगह से दूसरी जगह जाएंगे। मैं आप से आह्वान करता हूँ कि आप अपनी जड़ों से हमेशा ही जुड़े रहना। समाज को वापिस करने में विफल मत होना। समाज ने ही आपको सफल व्यक्ति बनने के लिए मौका दिया है। भारत को ज्ञान का केंद्र बनाने के लिए हमारे संस्थानों को भी बेहतर करना होगा।

समारोह में 214 विद्यार्थियों को डिग्रियां दी गईं, जिसमें 77 लड़कियां शामिल थीं। इनमें छात्रा सोनाली को चेयरपर्सन गोल्ड मेडल, श्रद्धा शुक्ला को डायरेक्टर सिल्वर मेडल, रफीक डागरा को चेयरपर्सन एमबीए ब्रांज मेडल दिया गया। इंस्टीट्यूट ऑफ कंपनी सेक्रेटरीज ऑफ इंडिया ने एमबीए में टॉप करने वाली छात्रा सोनाली को आईसीएसआई सिग्नेचर अवॉर्ड दिया। राष्ट्रपति ने आईआईएम जम्मू के डायरेक्टर सिटी सेल का उद्घाटन भी किया।

इससे पहले राष्ट्रपति रामनाथ कोविन्द दो दिवसीय दौरे पर गुरुवार दोपहर जम्मू पहुंचे थे। तकनीकी हवाई अड्डे जम्मू पर उनका स्वागत उपराज्यपाल मनोज सिन्हा और जीएमसी जम्मू के मेयर चंद्र मोहन गुप्ता ने किया। हवाई अड्डे से वह सीधे राजभवन गए और उसके बाद आईआईएम जम्मू के पांचवें दीक्षांत समारोह में बतौर मुख्य अतिथि शामिल हुए।

राष्ट्रपति शुक्रवार सुबह श्री माता वैष्णो देवी के दर्शन के लिए जाएंगे। राष्ट्रपति कोविन्द धर्म पत्नी के साथ विशेष हेलीकॉप्टर से सीधे मां वैष्णो देवी के बैटरी कार मार्ग पर बने पंछी हेलीपैड पर उतरेंगे। वहां से विशेष बैटरी कार में सवार होकर सीधे भवन के लिए रवाना हो जाएंगे। भवन में कुछ देर विश्राम के बाद राष्ट्रपति मां वैष्णो देवी के चरणों में हाजिरी लगाकर विशेष पूजा-अर्चना कर देश की सुख-शांति की कामना करेंगे। इस दौरान हेलिकॉप्टर सेवा कुछ देर के लिए बाधित रहेगी और राष्ट्रपति के भवन पहुंचने के दौरान कुछ समय के लिए श्रद्धालुओं को

गुफा में पिंडी रूप में विराजमान मां वैष्णो देवी के दर्शनों के लिए जाने नहीं दिया जाएगा।

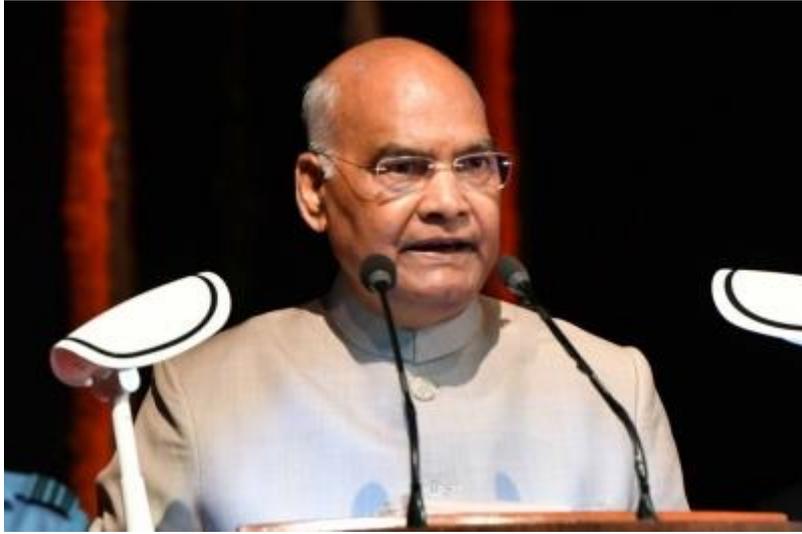

मां वैष्णो देवी के अलौकिक दर्शन करने के उपरांत भवन में श्री माता वैष्णो देवी श्राइन बोर्ड द्वारा मां वैष्णो देवी की चुनरी के साथ ही प्रसाद तथा मां वैष्णो देवी का चित्र देकर राष्ट्रपति रामनाथ कोविंद को सम्मानित किया जाएगा। इसके साथ ही राष्ट्रपति भवन में विजटर बुक पर अपने अनुभव लिखेंगे। (एजेसी, हि.स.)

**मैं राष्ट्रीय शिक्षा नीति के अनुरूप पाठ्यक्रमों और संस्थानों के एकीकरण से खुश हूँ : कोविंद**

एजेसी Send an email जून 10, 2022 2:32:22 पूर्वाह्न IS

जम्मू, 10 जून ()। राष्ट्रपति राम नाथ कोविंद ने कहा है कि उन्हें यह जानकर खुशी हुई है कि आईआईएम-जम्मू और एम्स-जम्मू ऐसे पाठ्यक्रमों की पेशकश कर रहे हैं, जिनमें एक संस्थान के छात्र दूसरे संस्थान में दाखिला ले सकते हैं।

गुरुवार को आईआईएम-जम्मू के पांचवें दीक्षांत समारोह को संबोधित करते हुए कोविंद ने छात्रों, डिग्री धारकों, उनके माता-पिता और शिक्षकों को बधाई देते हुए कहा कि छात्रों ने इस दिन के लिए कड़ी मेहनत की है जो उनके जीवन में बहुत महत्वपूर्ण है।

उन्होंने कहा कि पाठ्यक्रमों और संस्थानों का एकीकरण राष्ट्रीय शिक्षा नीति, 2020 के उद्देश्यों के अनुरूप है।

उन्होंने कहा, मैं आईआईएम-जम्मू और अन्य संस्थानों से आपके पड़ोस के कस्बों और गांवों को अपनाने और बड़े लक्ष्यों के लिए लोगों की क्षमता को चैनलाइज करने का आग्रह करता हूँ, चाहे वह उद्यमिता/अनुसंधान या कौशल विकास के क्षेत्र में हो।

मुझे आईआईएम-जम्मू के परिसर के बाहर श्रीनगर को विकसित करने के लिए उठाए गए कदमों के बारे में जानकर खुशी हुई, जिससे देश के इस हिस्से में उच्च शिक्षा की पहुंच और बढ़ेगी।

मुझे यह जानकर खुशी हो रही है कि 25 राज्यों और केंद्र शासित प्रदेशों के छात्र देशभर से चुने गए संकाय से शिक्षा प्राप्त कर रहे हैं। यह आईआईएम-जम्मू को एक युवा मिनी-इंडिया को दर्शाता है। मुझे बताया गया है कि यूके जैसे देशों से सहायक संकाय, फ्रांस, ब्राजील और अमेरिका आईआईएम-जम्मू से जुड़े हुए हैं।

उन्होंने कहा, मुझे यह जानकर खुशी हो रही है कि संस्थान ने छात्र और संकाय विनिमय कार्यक्रमों के लिए अमेरिका, फ्रांस, ऑस्ट्रेलिया, कोरिया और यूके में 15 प्रतिष्ठित संस्थानों के साथ करार किया है।

मुझे बताया गया है कि संस्थान का नया परिसर इस साल नवंबर तक पूरी तरह कार्यात्मक होने का लक्ष्य है। मैं लक्ष्य हासिल करने के लिए यहां की टीम के लिए अपनी शुभकामनाएं देता हूं।

राष्ट्रपति कोविंद ने कहा कि [संयुक्त राष्ट्र](#) खुशी से संबंधित मानकों पर देशों की रैंकिंग के साथ-साथ वलूड हैप्पीनेस रिपोर्ट प्रकाशित करता रहा है।

तनाव से भरी दुनिया में, खुशी व्यक्ति की आत्मा के बारे में उतनी ही है जितनी बाहरी परिस्थितियों के बारे में है। इसलिए, लोगों को खुशी की कला में सही प्रशिक्षण उतना ही महत्वपूर्ण है जितना कि कौशल और व्यवसायों में उनका प्रशिक्षण।

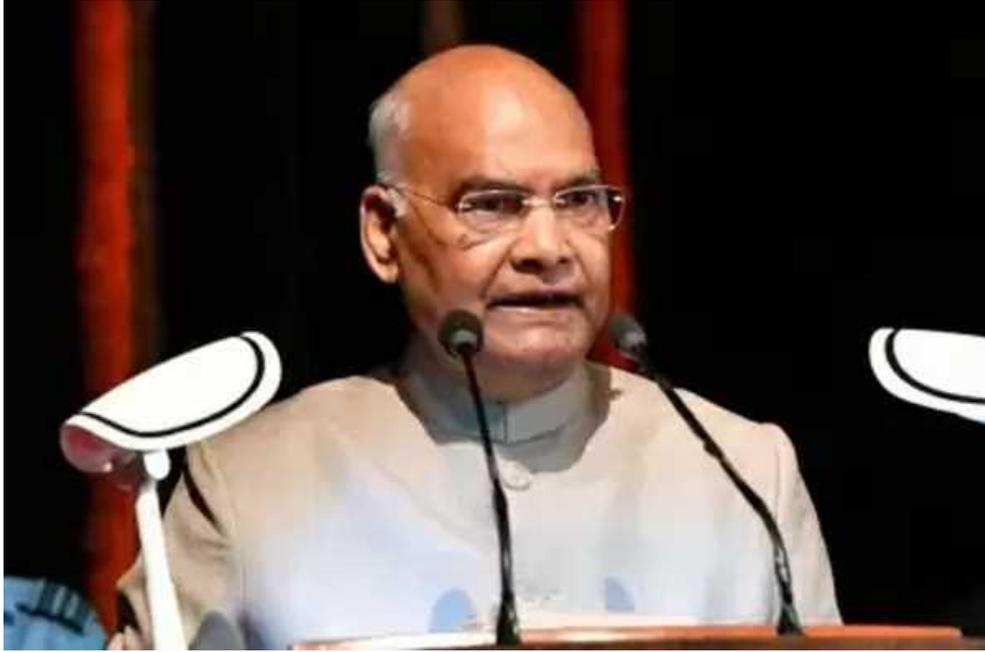

उन्होंने कहा कि इस संदर्भ में आईआईएम-जम्मू द्वारा आनंदम नाम से सेंटर फॉर हैप्पीनेस स्थापित करने की पहल स्वागत योग्य कदम है।

- कर्नाटक पाठ्यक्रम विवाद : सिद्धारमैया ने समिति अध्यक्ष की गिरफ्तारी की मांग की  
**जम्मू।** राष्ट्रपति राम नाथ कोविंद ने कहा है कि उन्हें यह जानकर खुशी हुई है कि आईआईएम-जम्मू और एम्स-जम्मू ऐसे पाठ्यक्रमों की पेशकश कर रहे हैं, जिनमें एक संस्थान के छात्र दूसरे संस्थान में दाखिला ले सकते हैं। गुरुवार को आईआईएम-जम्मू के पांचवें दीक्षांत समारोह को संबोधित करते हुए कोविंद ने छात्रों, डिग्री धारकों, उनके माता-पिता और शिक्षकों को बधाई देते हुए कहा कि छात्रों ने इस दिन के लिए कड़ी मेहनत की है जो उनके जीवन में बहुत महत्वपूर्ण है।

उन्होंने कहा कि पाठ्यक्रमों और संस्थानों का एकीकरण राष्ट्रीय शिक्षा नीति, 2020 के उद्देश्यों के अनुरूप है।

उन्होंने कहा, "मैं आईआईएम-जम्मू और अन्य संस्थानों से आपके पड़ोस के कस्बों और गांवों को अपनाने और बड़े लक्ष्यों के लिए लोगों की क्षमता को चैनलाइज करने का आग्रह करता हूं, चाहे वह उद्यमिता/अनुसंधान या कौशल विकास के क्षेत्र में हो।"

"मुझे आईआईएम-जम्मू के परिसर के बाहर श्रीनगर को विकसित करने के लिए उठाए गए कदमों के बारे में जानकर खुशी हुई, जिससे देश के इस हिस्से में उच्च शिक्षा की पहुंच और बढ़ेगी।"

"मुझे यह जानकर खुशी हो रही है कि 25 राज्यों और केंद्र शासित प्रदेशों के छात्र देशभर से चुने गए संकाय से शिक्षा प्राप्त कर रहे हैं। यह आईआईएम-जम्मू को एक युवा मिनी-इंडिया को दर्शाता है। मुझे बताया गया है कि यूके जैसे देशों से सहायक संकाय, फ्रांस, ब्राजील और अमेरिका आईआईएम-जम्मू से जुड़े हुए हैं।"

उन्होंने कहा, "मुझे यह जानकर खुशी हो रही है कि संस्थान ने छात्र और संकाय विनिमय कार्यक्रमों के लिए अमेरिका, फ्रांस, ऑस्ट्रेलिया, कोरिया और यूके में 15 प्रतिष्ठित संस्थानों के साथ करार किया है।"

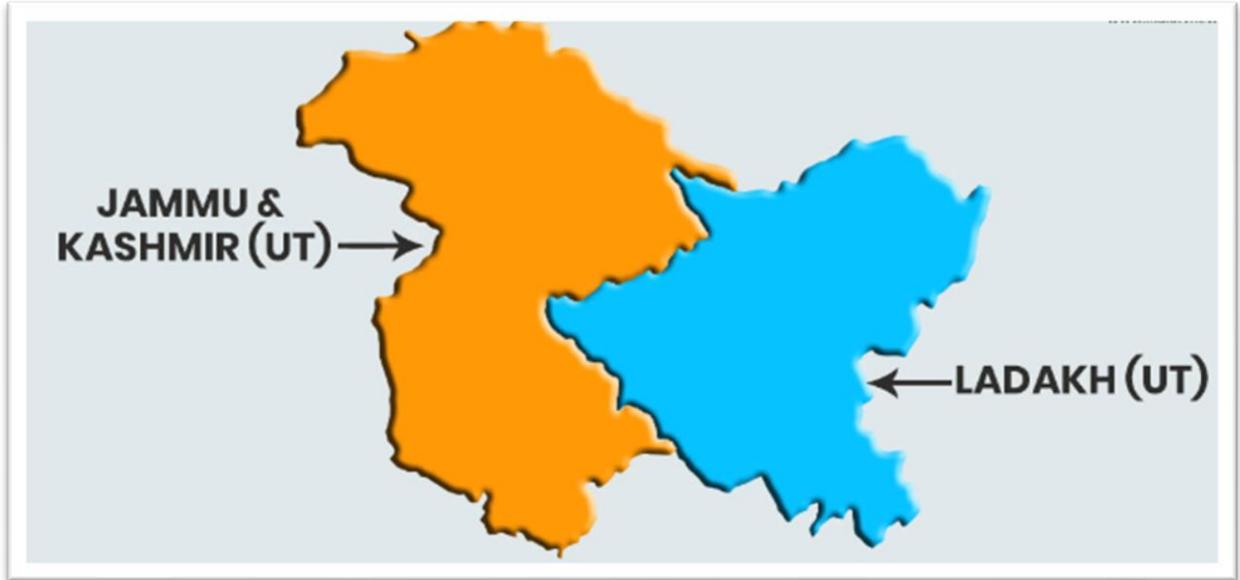

"मुझे बताया गया है कि संस्थान का नया परिसर इस साल नवंबर तक पूरी तरह कार्यात्मक होने का लक्ष्य है। मैं लक्ष्य हासिल करने के लिए यहां की टीम के लिए अपनी शुभकामनाएं देता हूं।"

राष्ट्रपति कोविंद ने कहा कि संयुक्त राष्ट्र खुशी से संबंधित मानकों पर देशों की रैंकिंग के साथ-साथ वल्ड हैप्पीनेस रिपोर्ट प्रकाशित करता रहा है।

"तनाव से भरी दुनिया में, खुशी व्यक्ति की आत्मा के बारे में उतनी ही है जितनी बाहरी परिस्थितियों के बारे में है। इसलिए, लोगों को खुशी की कला में सही प्रशिक्षण उतना ही महत्वपूर्ण है जितना कि कौशल और व्यवसायों में उनका प्रशिक्षण।"

उन्होंने कहा कि इस संदर्भ में आईआईएम-जम्मू द्वारा 'आनंदम' नाम से सेंटर फॉर हैप्पीनेस स्थापित करने की पहल स्वागत योग्य कदम है।

## NEP will make India 'Knowledge Hub', nation moving towards women-led empowerment: Prez

IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one Institute can get access to the other. This integration of courses and Institutes is in line with the objectives of National Education Policy-2020," he said.

He urged IIM Jammu and other Institutes in its proximity to other towns and villages of the neighbourhood and channelize potential of the people there for bigger goals, be it in the field of entrepreneurship, research or skill development.

He asserted that for India to become a global knowledge hub, our Institutes of learning have to be globally comparable.

He urged students to always remain connected with their roots.

"As you step into the world of professional excellence and move from one place to another, I urge you to always remain connected with your roots. Never fail to give back to the society which has given you the opportunity to become a successful individual," he said.

He added that education is the greatest enabler and the future of our country depends on good education of our young population.

"Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger," the President said.

He added: "As we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable."

Kovind expressed happiness that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many Startups have become very successful and are being described as the emerging mainstay of the Indian economy.

"Unicorns, most of which are set up by young people, must be a source of inspiration for all students," he asserted.

Kovind said that the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best Startup ecosystems in the world.

He noted with happiness that IIM Jammu, in collaboration with

DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from Scheduled Castes and Scheduled Tribes.

He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive.

"The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of 'utilizing the known' to the approach of 'exploring the unknown'. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitive to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past," he said.

He advised them to keep an open mind, an open heart and a strong will.

He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

**Addressing the convocation, Union Minister of State for Science & Technology and Independent Charge of Earth Sciences, MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy and Space, Dr Jitendra Singh said that National Education Policy-2020 and StartUps movement are the two important pillars of Modi Government taking India fast among the frontline countries in the world.**

Dr Jitendra Singh said, under the new mandate of Modi Government, IIMs and other higher institutes of learning must not only produce managers and executives for multinational companies, but they should add values through managerial skills in fostering the Startups eco-system. He said, Integration and Sustainability will create thousands of job opportunities in the booming Start-up culture happening in India.

Dr Jitendra Singh informed that because of the impetus given by Prime Minister Narendra Modi which began with his call for "StartUp India StandUp India" from the ramparts of Red Fort on Independence Day Address in 2015,

the number of StartUps in India has grown to 70,000 from about 300 to 400 in 8 years from 2014 to 2022.

"India has the world's third largest ecosystem in this area and in just eight to 10 days a StartUp takes the shape of a unicorn," Dr Jitendra Singh said and added that after a whopping 44 unicorns in 2021, the milestone of 100 unicorns was

achieved a few days ago with a valuation Rs 25 lakh crore.

Referring to the huge success of CSIR promoted Aroma Mission through Lavender cultivation in Jammu, Dr Jitendra Singh said, Management Graduates must explore the two most unexplored areas of Agri-tech and Dairy Start-Ups. He said active 25 years of the Management Graduates and their vocations will determine the shape of India, when it turns 100 and they will be known as one of the architects of New India of 2047.

Dwelling on the National Education Policy-2020, Dr Jitendra Singh said, for the first time in 70 years, focus was placed on Aptitude, rather than on making students as careerists and crackers of exam.

Referring to the merits of NEP-2020, the Minister said, the provision of multiple entry/exit option is something to be cherished as this academic flexibility will have a positive impact on the students related to the availing of different career opportunities at different times, depending upon their intrinsic learning and inherent aptitude.

Saying that one of the objectives of NEP-2020 is de-linking degree from education, Dr Jitendra Singh said that linking degrees with education has taken a heavy toll on our education system and society as well.

"One of the fall-outs has been an increasing number of educated unemployed," he asserted.

He also added that NEP-2020 also addresses the problem of Drop-Outs, as one can now easily Drop-Back.

**Throwing light on his favourite theme of Integration, Dr Jitendra Singh said that from a radius of 10 kilometres of IIM, Jammu, there are premier institutes like Indian Institute of Technology, AIIMS, Indian Institute of Mass Communication, upgraded Indian Institute of Integrative Medicine, National Institute of High Altitude Medicine at Bhaderwah, 1st Industrial Biotech Park of North India at Kathua, North India's first Space Centre at Central University Jammu etc.**

Moreover, other Centrally funded institutes like over half a dozen Government Medical Colleges, RUSA funded Engineering colleges, Ayurvedic College, an upcoming Homeopathic College and a chain of Kendriya Vidyalayas in the Jammu province is a reality today, he added.

Dr Jitendra Singh said IIM Jammu is one of the major achievements of the Modi Government in the education sector for J&K and is catering to all sections of society, irrespective of region, religion or gender.

He said the Institute has made a mark in a very short span of time within mere five years of its existence, it is equated at par with best management institutes in the country. He added that this became possible because of its academic excel-

lence, research, executive education and corporatized international linkages.

**Lieutenant Governor Manoj Sinha congratulated the Graduating students remarking that learning shouldn't be confined to books and courses but should also be used in the real world.**

Sinha proposed to make Jammu and Kashmir 'Aatmanirbhar' in the upcoming years.

He stressed the need for interdisciplinary and holistic education which if the main motto of National Education Policy-2020.

**In his Presidential address, Dr Milind P Kamble, Chairman Board of Governors, IIM, Jammu said it is heartening to see IIM Jammu making rapid strides and earning an outstanding reputation in such a short period of time because of its academic excellence, research, executive education and corporatized international linkages.**

He took pride in opening up the Centre of Happiness-Anandam, first of its kind in the country. He also wished success to all the 214 students Graduating for a brighter future ahead.

Professor B.S. Sahay, Director IIM Jammu, in his welcome address, said that our vision is to develop leaders and entrepreneurs who can perform globally and give valuable contribution to the society.

He also expressed satisfaction that the recent hiring by Industries from the IIM, Jammu campus saw a hike of 31 percent for the first time. He also informed that by the end of the year, they will move to the state-of-the-art campus at Jagati.

Sahay said that apart from the off-campus at Srinagar, two new Centres of Innovation at Jammu and Srinagar have been set up.

**Meanwhile, a total of 214 students were conferred with a Master of Business Administration (MBA) Degree.**

On this occasion, the Institute confers the Chairman's Gold Medal, Director's Silver medal and Chairperson MBA's Bronze Medal for their scholastic performance. Sonali of the batch 2020-22 was awarded the Gold medal, Shradha Shukla received the silver medal, and Raafiq Dawara got the bronze medal. Kovind, presented the medals to the students.

The Institute of Company Secretaries of India (ICSI) awarded the ICSI signature award to Sonali, who is the top rank holder in the MBA programme.

On this occasion, the President of India inaugurated the diversity cell at IIM Jammu for the SC/ ST Community in the IIM Incubation Center with the support of the Confederation of Indian Industries (CII) and the Dalit Indian Chamber of Commerce and Industry (DICCI).

The Diversity Cell aims to promote entrepreneurship in this segment of society for their economic and social upliftment.

JAMMU, June 9: President Ram Nath Kovind said today that future of the country depends on good education of young population and talented youth are going to build India. He added that the National Educational Policy (NEP) seeks to position India as a 'Knowledge Hub' in today's knowledge economy.

On his two-day visit to Jammu, Kovind was addressing 5th annual convocation of Indian Institute of Management Jammu here today.

Union Minister of State in the Prime Minister's Office (PMO) Dr Jitendra Singh, Lieutenant Governor Manoj Sinha and other dignitaries were present at the convocation.

The President reached here this morning and was received by the Lieutenant Governor and senior officers of civil and police administration. **Click here to watch video** Tomorrow morning, he will visit holy cave shrine of Mata Vaishno Devi Ji to pay obeisance to the Goddess before flying to Himachal Pradesh.

Kovind said India is moving towards women-led empowerment. All three toppers of UPSC this year are women. Three medals today have also gone to girls, he added

"I'm happy that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one Institute can get access to the other. This integration of courses and Institutes is in line with the objectives of National Education Policy-2020," he said.

He urged IIM Jammu and other Institutes in its proximity to adopt towns and villages of the neighbourhood and channelize potential of the people there for bigger goals, be it in the field of entrepreneurship, research or skill development.

He asserted that for India to become a global knowledge hub, our Institutes of learning have to be globally comparable.

He urged students to always remain connected with their roots.

"As you step into the world of professional excellence and move from one place to another, I urge you to always remain connected with your roots. Never fail to give back to the society which has given you the opportunity to become a successful individual," he said.

He added that education is the greatest enabler and the future of our country depends on good education of our young population.

"Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger," the President said.

He added: "As we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today. # For India to become global knowledge hub, institutes of learning need to be comparable: Kovind

### ■ STATE TIMES NEWS

JAMMU: Asserting that the National Education Policy seeks to position India as a "knowledge hub", President Ram Nath Kovind on Thursday said that for India to become so, the country's institutes of learning need to be globally comparable.

Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy.

"The National Education Policy seeks to position India as a knowledge hub in today's knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today," Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute.

"For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

"I am happy to note that the number of Indian institutions in the global rank-

President Ram Nath Kovind presenting medal to a MBA Degree holder at fifth convocation of IIM Jammu. Union Minister, Dr Jitendra Singh and Lt Governor Manoj Sinha also seen in picture.

ing is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt global best practices and aspire for higher ranking," he added.

Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

"Innovation and entrepreneurship strengthen each other," he said.

On a successful start-up ecosystem in the country, the President said,

"Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all."

The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in

## For India to...

the world, he added. He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes".

"I am told that this is going to be the first centre of its kind among the IIMs," he said.

Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences.

"I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals.

To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added.

Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of utilising the known to the approach of exploring the unknown," he said.

While President Ramnath Kovind was the Chief Guest on the occasion, Dr. Jitendra Singh, Union Minister of State (Independent Charge), Govt of India, and Manoj Sinha, Lieutenant Governor, Union territory of J&K were the Guests of Honour.

Chandrajit Banerjee, Director General, Confederation of Indian Industries (CII), and Ravi Kumar Narra, President, Dalit Indian Chamber of Commerce and Industry (DICC) were the special guests on the occasion.

The Convocation was declared open by Dr. Milind P. Kamble, Chairman, BoG, IIM Jammu, who also delivered the welcome address while Prof. B.S. Sahay, Director IIM Jammu presented the Directors' Report.

As many as 214 students were conferred with a Master of Business Administration (MBA) Degree. On this meritorious occasion, the Institute confers the Chairman's Gold Medal, Director's Silver medal, and Chairperson MBA's Bronze Medal for their scholastic performance.

Sonali of the Batch 2020-22 was awarded the Gold medal, Shraddha Shukla received the Silver medal, and Raafiq Dawara got the Bronze medal.

President Ram Nath Kovind presented the medals to the students.

The Institute of Company Secretaries of India (ICSI) awarded the ICSI signature award to Sonali, the top rank holder in the MBA programme.

The President also inaugurated the diversity cell at IIM Jammu for the SC/ ST Community in the IIM Incubation Center with the support of the Confederation of Indian Industries (CII) and the Dalit Indian Chamber of Commerce and Industries (DICC).

The Diversity Cell aims to promote entrepreneurship in this segment of society for their economic and social upliftment.

Dr. Jitendra Singh, Union Minister of State encouraged the graduating MBA batch to actively participate in taking India to the next pedestal.

Dr Jitendra also emphasized that the establishment of IIM Jammu happened during the commencement of two important events: NEP 2020 and Start-Up India. He stressed the growing importance of start-ups, especially in the agricultural, dairy industries and agritech.

Lieutenant Governor Manoj Sinha congratulated the graduating students, remarking that learning shouldn't be confined to books and courses but should also be used in the real world. He also proposed to make Jammu and Kashmir 'Aatmanirbhar' in the upcoming years and stressed the need for interdisciplinary and holistic education, which is the main motto of NEP2020.

Dr. Milind P. Kamble, Chairman, Board of Governors, IIM Jammu gave an overview of the Institute and mentioned that IIM Jammu provides a conducive environment for nurturing talent, excellence, and innovation. He reminded everyone of the importance of adaptability and preparedness in this new era and wished success to future corporate leaders.

Prof. B. S Sahay, Director, IIM Jammu presented highlights of IIM Jammu in the past one year where he spoke about the progress of the Institute in the form of research publications, academics, infrastructure development, and setting up of the new state of the art campus at Jagti which is nearing completion.

He gave an insight into the programmes currently offered by IIM Jammu and mentioned the various MoUs that have been signed between IIM Jammu and various institutions, both nationally and internationally. He mentioned that was an increase of 33% in average salary with the highest salary of 32 LPA. He congratulated the graduating students and wished them good luck in their future endeavors.

The event was attended by all the Chairpersons, faculty members, staff members, graduate students, their family members, and media personnel. A live web-cast of the event was done through National Informatics Centre (NIC). The link was <https://webcast.gov.in/moe/iimj>.

Dr. Milind Kamble declared the Convocation closed and the event concluded with the National Anthem.

## **For India to become global knowledge hub, institutes of learning need to be comparable: Kovind**

By **Editor State Times** June 10, 2022

### ***5th Convocation of IIM Jammu***

#### **STATE TIMES NEWS**

JAMMU: Asserting that the National Education Policy seeks to position India as a “knowledge hub”, President Ram Nath Kovind on Thursday said that for India to become so, the country’s institutes of learning need to be globally comparable.

Laying focus on start-ups, Kovind said that several of them in the country have become successful with the convergence of technologies and opportunities and are being described as the emerging mainstay of the Indian economy. “The National Education Policy seeks to position India as a knowledge hub in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today,” Kovind said in his address at the fifth convocation of the Indian Institute of Management (IIM) Jammu.

The President also inaugurated a diversity cell at the institute. “For India to become a global knowledge hub, our institutes of learning have to be globally comparable.

“I am happy to note that the number of Indian institutions in the global ranking is gradually increasing. I expect new institutions like IIM Jammu to quickly adopt

global best practices and aspire for higher ranking," he added. Kovind also noted that India's ranking in global innovation index had improved from 76 in 2014 to 46 in 2021.

"Innovation and entrepreneurship strengthen each other," he said. On a successful start-up ecosystem in the country, the President said, "Unicorns, which are start-up enterprises with market valuation of one billion dollars and above, are proving to be game changers. These unicorns, most of which are set up by young people, must be a source of inspiration for you all." The mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world, he added. He hailed the collaboration of IIM Jammu with Dalit Indian Chamber of Commerce and Industry and Confederation of Indian Industry, which he said "is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes". "I am told that this is going to be the first centre of its kind among the IIMs," he said.

Kovind also expressed happiness over the cooperation among the Jammu-based IIM, Indian Institute of Technology and All India Institute of Medical Sciences. "I am happy that these three institutes are integrating and offering courses in which students from one institute can get access to the other. This integration of courses and institutes is in line with the objectives of the National Education Policy-2020," he said.

The President also urged the IIM and other institutes in Jammu and Kashmir to adopt towns and villages and channelise the potential of the people in the union territory for bigger goals.

To the passouts, Kovind said education and knowledge remove ignorance and set the mind and soul free.

Only that learning which liberates the learner is real learning, he added. Asserting that the role of fast-paced technological changes is going to be disruptive, Kovind told the students, "The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of utilising the known' to the approach of exploring the unknown'," he said.

While President Ramnath Kovind was the Chief Guest on the occasion, Dr. Jitendra Singh, Union Minister of State (Independent Charge), Govt of India, and Manoj Sinha, Lieutenant Governor, Union territory of J&K were the Guests of Honour.

Chandrajit Banerjee, Director General, Confederation of Indian Industries (CII), and Ravi Kumar Narra, President, Dalit Indian Chamber of Commerce and Industry (DICC) were the special guests on the occasion.

The Convocation was declared open by Dr. Milind. P. Kamble, Chairman, BoG, IIM Jammu, who also delivered the welcome address while Prof. B.S. Sahay, Director IIM Jammu presented the Directors' Report.

As many as 214 students were conferred with a Master of Business Administration (MBA) Degree. On this meritorious occasion, the Institute confers the Chairman's Gold Medal, Director's Silver medal, and Chairperson MBA's Bronze Medal for their scholastic performance.

Sonali of the Batch 2020-22 was awarded the Gold medal, Shraddha Shukla received the Silver medal, and Raafeeq Dawara got the Bronze medal. President Ram Nath Kovind presented the medals to the students. The Institute of Company Secretaries of India (ICSI) awarded the ICSI signature award to Sonali, the top rank holder in the MBA programme. The President also inaugurated the diversity cell at IIM Jammu for the SC/ ST Community in the IIM Incubation Center with the support of the Confederation of Indian Industries (CII) and the Dalit Indian Chamber of Commerce and Industries (DICCI). The Diversity Cell aims to promote entrepreneurship in this segment of society for their economic and social upliftment.

Dr. Jitendra Singh, Union Minister of State encouraged the graduating MBA batch to actively participate in taking India to the next pedestal. Dr Jitendra also emphasized that the establishment of IIM Jammu happened during the commencement of two important events: NEP 2020 and Start-Up India. He stressed the growing importance of start-ups, especially in the agricultural, dairy industries and agritech.

Lieutenant Governor Manoj Sinha congratulated the graduating students, remarking that learning shouldn't be confined to books and courses but should also be used in the real world. He also proposed to make Jammu and Kashmir 'Aatmanirbhar' in the upcoming years and stressed the need for interdisciplinary and holistic education, which is the main motto of NEP2020. Dr. Milind P. Kamble, Chairman, Board of Governors, IIM Jammu gave an overview of the Institute and mentioned that IIM Jammu provides a conducive environment for nurturing talent, excellence, and innovation. He reminded everyone of the importance of adaptability and preparedness in this new era and wished success to future corporate leaders.

Prof. B. S Sahay, Director, IIM Jammu presented highlights of IIM Jammu in the past one year where he spoke about the progress of the Institute in the form of research publications, academics, infrastructure development, and setting up of the new state of the art campus at Jagti which is nearing completion.

He gave an insight into the programmes currently offered by IIM Jammu and mentioned the various MoUs that have been signed between IIM Jammu and various institutions, both nationally and internationally. He mentioned that was an increase of 33% in average salary with the highest salary of 32 LPA. He congratulated the graduating students and wished them good luck in their future endeavors.

The event was attended by all the Chairpersons, faculty members, staff members, graduate students, their family members, and media personnel. A live webcast of the event was done through National Informatics Centre (NIC).

The link was <https://webcast.gov.in/moe/iimj>.

Dr. Milind Kamble declared the Convocation closed and the event concluded with the National Anthem.

**Jammu:** Asserting that “excellence and ethics go together”, the President of India Ram Nath Kovind on Thursday asked the students to move beyond “their comfort zones to the areas of uncertainty to convert challenges into opportunities.”

He was addressing the 5th annual convocation of Indian Institute of Management (IIM) Jammu here this evening at the Convention Centre.

Lauding the prevailing education ecosystem in J&K, President Kovind, who was the chief guest on the occasion, said, “A new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better.”

Lieutenant Governor Manoj Sinha and the Union Minister of State in PMO Dr Jitendra Singh were the guests of honour on this occasion.

Urging students to positively contribute to the development of a stronger nation, the President said, “The education sets mind and soul free from ignorance and negativity and the youth are catalysts of a future and stronger India.” He said, “A really good

entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.”

Commending girls for bagging three gold medals, the President also referred to the recent result of Civil Services examination where top three ranks were also secured by the girls.

“In the results of the Civil Services examination announced recently, our daughters have captured the top three ranks. These happy developments related to the excellence of our daughters indicate that India is moving not only towards greater women empowerment but also towards women led empowerment. I hope that each one of you will strive to make our nation proud and make a positive contribution in the development of society and the nation,” he said.

He asserted that to deal with a scenario where the shelf life of technologies, management and leadership styles was shorter, the students would have to move from the mindset of “utilising the known to the approach of ‘exploring the unknown’.” He advised them to keep an open mind, an open heart and a strong will.

Describing education as the greatest enabler, the President said, “The future of our country depends on the good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better and the country, stronger.”

He said, “The National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today.”

President Kovind stated that for India to become a global knowledge hub, the institutes of learning would have to be globally comparable. He was happy to note that the number of Indian institutions in the global ranking was gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups had become very successful and were being described as the emerging mainstay of the Indian economy. “Unicorns, most of which are set up by young people, must be a source of inspiration for all students,” he added.

He said that the mindset of being a job-giver and not a job-seeker among the youth of India was one of the key factors in the country having one of the best start-up ecosystems in the world. He lauded that IIM Jammu, in collaboration with DICCI and CII, was setting up a special diversity cell for helping potential entrepreneurs from Scheduled Castes and Scheduled Tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain “quick learners and re-learners throughout their life.” He said, “The role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, the students will have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring

the unknown'. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities."

"You have to be 'pro-changers' and yet also sensitise yourself to 'no-changers' for converting them as supporters of change. The students will have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past," President said.

A total of 214 students were conferred with a Master of Business Administration (MBA) degree this year. The main highlight of the convocation was that 77 female students were awarded their degrees.

President conferred the chairperson's gold medal, director's silver medal and chairperson MBA bronze medal to the meritorious students for their scholastic performance.

LG Sinha and Dr Jitendra Singh also addressed the gathering.

Director General, Confederation of Indian Industries (CII), Dr Chandrajit Banerjee and the President Dalit Indian Chamber of Commerce (DICCI) Ravi Kumar Narra were the special guests on the occasion. The event was presided over by the chairman Board of Governors, IIM Jammu, Dr Milind Kamble. Director IIM Jammu Prof B S Sahay presented the Director's report highlighting the achievements of the Institute.

On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu.

Earlier, President Kovind along with his family arrived in Jammu this afternoon on a two-day visit to Jammu amid multi-layered fool proof security arrangements. The Lieutenant Governor Manoj Sinha received him at Jammu airport. They directly drove to the Raj Bhawan from where in the evening he went to the Convention Centre to attend the IIM Jammu convocation programme. He will have a night halt at Raj Bhawan. The President is likely to be apprised about the J&K situation, development projects and other important issues being confronted by the UT.

President Kovind along with his family will visit Shri Mata Vaishno Devi shrine at Katra in Reasi district tomorrow morning. After paying obeisance there, he will leave for the union capital in the afternoon.

President Kovind address 5th Annual Convocation of IIM Jammu

### **Says new era of higher education flourishing in J&K**

**Jammu Tawi, Jun 09:** President of India, Ramnath Kovind addressed the 5th Annual Convocation of the Indian Institute of Management in Jammu this evening.

Speaking on this occasion, President Kovind said that a new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better.

Urging students to positively contribute to the development of a stronger nation, the President said that education sets mind and soul free from ignorance and negativity, adding youth are catalysts of a future and stronger India.

Commending girls for getting the top three gold medals, Kovind said that India is moving forward with greater women empowerment.

The President said that education is the greatest enabler.

"The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger," the president said.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

The President advised students to remain quick learners and re-learners throughout their life.

He said that the role of fast paced technological changes is going to be disruptive.

The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter.

To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'.

He also urged IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelize the potential of the people there for bigger goals, be it in the field of entrepreneurship or research or skill development.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree this year.

The main highlight of the convocation was that 77 female students were awarded their degrees. On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu. He will also pay obeisance at the shrine of Shri Mata Vaishno Devi tomorrow.

# President Kovind address 5th Annual Convocation of IIM Jammu

## Says new era of higher education flourishing in J&K

**NORTHLINES  
CORRESPONDENT**

JAMMU TAWI, JUN 09: President of India, Ramnath Kovind addressed the 5th Annual Convocation of the Indian Institute of Management in Jammu this evening.

Speaking on this occasion, President Kovind said that a new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better.

Urging students to positively contribute to the development of a stronger nation, the President said that education sets mind and soul free from ignorance and negativity, adding youth are catalysts of a future and stronger India.

Commending girls for

getting the top three gold medals, Kovind said that India is moving forward with greater women empowerment.

The President said that education is the greatest enabler.

"The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger," the president said.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the

emerging mainstay of the Indian economy.

The President advised students to remain quick learn-

ers and re-learners throughout their life.

He said that the role of

India has best StartUp ecosystem; Lauds Shift in mindset of youth: Prez Kovind

By **Greater Jammu** June 9, 2022

**5th Annual Convocation of IIM Jammu**  
**NEP seeks to make the nation a global knowledge hub**  
**Youth will have to convert challenges into opportunities**

JAMMU: The President of India, Ram Nath Kovind has asserted that the nation has one of the best StartUp ecosystems in the world while appreciating the shift in the mindset of today's youth from Becoming job providers instead of job seekers. The President stated this while addressing the 5th annual convocation of Indian Institute of Management Jammu here today. Speaking on the occasion, the President said that education is the greatest enabler. The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future.

They are going to make the lives of the people, better, and the country, stronger. The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy. It seeks to make our youth equipped for the world of 21st century while

preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable. He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, most of which are set up by young people, must be a source of inspiration for all students. He said that the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world. He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of 'utilizing the known' to the approach of 'exploring the unknown'. They have to move beyond their comfort zones to the areas of uncertainty.

They have to convert challenges into opportunities. They have to be 'pro-changers' and yet be sensitise to 'no-changers' for converting them as supporters of change. They have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past. He advised them to keep an open mind, an open heart and a strong will. He said that a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

Earlier the President Ram Nath Kovind arrived at Jammu Airport where he was received by the LG Manoj Sinha, Dr Jitendra Singh and the Mayor Chander Mohan Gupta.

## Education is the biggest enabler: President Kovind

[Decrease Font Size](#)[Increase Font Size](#)[Text Size](#)[Print This Page](#) [Send by Email](#)

*Address 5th Annual Convocation of IIM Jammu; asks students to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'*

Jammu: President of India, Ramnath Kovind today said that education is the greatest enabler and the future of our country depends on good education of our young population.

He made these remarks while addressing 5th Annual Convocation of the Indian Institute of Management (IIM) in Jammu this evening.

Speaking on the occasion, the President said Institutes like IIM Jammu are nurturing our youth and these talented young people are going to build the India of the future.

[native advertising](#)

"They are going to make the lives of the people, better, and the country, stronger," he said.

He said that the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy.

"It seeks to make our youth equipped for the world of 21st century while preserving our ancient values which remain relevant even today," he said.

He said that for India to become a global knowledge hub, institutes of learning have to be globally comparable and added that he was happy to note that the number of Indian institutions in the global ranking is gradually increasing.

He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy. Unicorns, most of which are set up by young people, must be a source of inspiration for all students and the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country.

He expressed his pleasure that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes.

The President advised students to remain quick learners and re-learners throughout their life.

“The role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, you have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown’,” the President told students.

He advised students to keep an open mind, an open heart and a strong will.

Commending girls for getting the top three gold medals, Kovind said that India is moving forward with greater women empowerment.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree this year.

The main highlight of the convocation was that 77 female students were awarded their degrees.

On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu.

He will also pay obeisance at the shrine of Shri Mata Vaishno Devi tomorrow.

**'I am happy about integration of courses and institutions in line with National Education Policy'**

President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Author : [IANS](#)

President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the National Education Policy, 2020.

"I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelise the potential of the people for bigger goals, be it in the field of entrepreneurship/research or skill development."

"I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase higher education outreach in this part of the country."

"I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu," Kovind said.

"I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes," he added.

"I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target."

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

"In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions," he added.

He said that in this context, the initiative of setting up a centre for happiness, named 'Anandam', by IIM Jammu is a welcome step.

## President Confers Degrees To 214 Students At IIM Jammu Convocation

Posted on June 9, 2022 by Suraj Sewatkar

### Expansion

President Ram Nath Kovind said that young and professional managers should always stick to their roots. Never try to ignore the society which has given you a chance to become a successful person. Adopt villages and cities under its purview from IIM Jammu and other educational institutions and hone the potential of the people there to achieve the larger goal. Be it the field of entrepreneurship or research or skill development.

### Medals to three daughters and degrees to 214 students

The President was speaking at the fifth convocation of the Indian Institute of Management (IIM) in Jammu on Thursday. During this, three daughters of IIMs were awarded medals and 214 students were awarded degrees. The President said that to make India a global knowledge hub, it is necessary that our knowledge institutions also become globally competitive.

### National education policy very effective

He said that it was heartening to know that all the three IITs, IIMs and AIIMS in Jammu are jointly providing courses to the children, in which children can move from one institution to another and use the facilities of other institutes. Integration of curriculum and institutions on the lines of National Education Policy will prove to be very beneficial.

### to hire us

He said that today is a very important day for the youth who are pursuing degrees, as they are the future of the country as well as being the youth of the future. The future of the country

depends on their education. Today is the age of innovation and entrepreneurship. We have to be job creators, not job creators.

### **Take lessons from yesterday and make way for a better future**

There will be many challenges in the future, but these challenges have to be converted into opportunities. We have to take lessons from yesterday and make way for a better future. We have to move towards self-reliant India and self-reliant Jammu and Kashmir, so that the youth of the future can be prepared.

### **Dr. Jitendra and LG were present**

Union Minister of State Dr. Jitendra Singh and Lieutenant Governor Manoj Sinha were present as special guests at the convocation. Along with this, Dr. Milind Kamble, Chairman of the Board of Governors of IIM and Prof. BS Sahai were also present.

### **Appreciate the efforts of IIMs**

Appreciating the efforts of IIM Jammu, His Excellency Ram Nath Kovind said, this institute is moving in this direction. Students Exchange Program is being conducted with 15 countries for the best development of the students. Integrated courses are being conducted. The United Nations has released the Happiness Report. Continuing efforts in this direction, the institute has established Anandam.

### **Security tightened in Katra**

President Ram Nath Kovind will reach Katra on Friday to visit Mata Vaishno Devi. Keeping in mind their safety, the administration has tightened the system. The President will leave for Katra from Jammu at 8 am on Friday. After darshan, he will go back to Jammu by helicopter.

### **Tight security arrangements in Katra**

The President will reach Katra on Friday morning by a private helicopter. After that he will leave for the building by boarding the battery car. On the arrival of the President, tight security arrangements have been made in entire Katra including Bhawan Marg. The President will go to the building to see the mother, during which the yatra will be closed for some time.

### **Common passengers are not allowed in the building**

Common passengers will not be allowed to enter the building. When the President returns after wishing for peace and happiness of the country, then the journey will start again.

Friday 10<sup>th</sup> June 2022

### **IIM Jammu successfully holds its 5<sup>th</sup> Convocation**

The Fifth Annual Convocation of IIM Jammu was successfully held on 09<sup>th</sup> June 2022 at the Convention Centre in the city of Jammu. Shri Ramnath Kovind, Hon'ble President of India was the Chief Guest on the occasion and delivered the convocation address. Dr. Jitendra Singh, Hon'ble Union Minister of State (Independent Charge), Govt of India, and Shri Manoj Sinha, Hon'ble Lieutenant Governor, Union territory of J&K were the Guests of Honour on the occasion. Shri Chandrajit Banerjee, Director General, Confederation of Indian Industries (CII), and Shri Ravi Kumar Narra, President, Dalit Indian Chamber of Commerce and Industry (DICCI) were the special guests on the occasion.

After the arrival of the dignitaries, the event started with the national anthem and the Convocation was declared open by Dr. Milind. P. Kamble, Chairman, BoG, IIM Jammu. Dr. Milind. P. Kamble, Chairman, Board of Governors, IIM Jammu delivered the welcome address, and Prof. B.S. Sahay, Director IIM Jammu presented the Directors' Report.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree. On this meritorious occasion, the Institute confers the Chairman's Gold Medal, Director's Silver medal, and Chairperson MBA's Bronze Medal for their scholastic performance. Ms. Sonali of the Batch 2020-22 was awarded the Gold medal, Ms. Shraddha Shukla received the Silver medal, and Ms. Raafeeq Dawara got the Bronze medal. Hon'ble President of India, Shri Ram Nath Kovind, the Chief Guest for the Convocation, presented the medals to the students. The Institute of Company Secretaries of India (ICSI) awarded the ICSI signature award to Ms. Sonali who is the top rank holder in the MBA programme.

On this occasion, the Hon'ble President of India inaugurated the diversity cell at IIM Jammu for the SC/ ST Community in the IIM Incubation Center with the support of the Confederation of Indian Industries (CII) and the Dalit Indian Chamber of Commerce and Industries (DICCI). The Diversity Cell aims to

*promote entrepreneurship in this segment of society for their economic and social upliftment.*

*Speaking on the occasion, Shri Ramnath Kovind, Hon'ble President of India stated that 'Education is the greatest enabler' and congratulated the students, parents, and the faculty for providing the country with its future. He appreciated IIM Jammu for its accomplishments over the past years, with special emphasis on IIM Jammu's Centre of Happiness, 'Anandam', hoping that it would continue a similar growth trajectory in the upcoming years. He advised everyone to remain quick learners and contribute to the growth of the country. The three medal winners of IIM Jammu were women, and the Hon'ble President lauded them, calling them the Nation's daughters.*

*Dr. Jitendra Singh, Hon'ble Union Minister of State (Independent Charge), Govt of India encouraged the graduating MBA batch to actively participate in taking India to the next pedestal. He also emphasized that the establishment of IIM Jammu happened during the commencement of two important events: NEP 2020 and Start-Up India. He stressed the growing importance of start-ups, especially in the agricultural, dairy industries and agritech.*

*Sh. Manoj Sinha, Hon'ble Lieutenant Governor, Union territory of J&K, congratulated the graduating students, remarking that learning shouldn't be confined to books and courses but should also be used in the real world. He also proposed to make Jammu and Kashmir 'Aatmanirbhar' in the upcoming years and stressed the need for interdisciplinary and holistic education, which is the main motto of NEP2020.*

*Dr. Milind P. Kamble, Chairman, Board of Governors, IIM Jammu gave an overview of the Institute and mentioned that IIM Jammu provides a conducive environment for nurturing talent, excellence, and innovation. He reminded everyone of the importance of adaptability and preparedness in this new era and wished success to future corporate leaders.*

*Prof. B. S Sahay, Director, IIM Jammu presented highlights of IIM Jammu in the past one year where he spoke about the progress of the Institute in the form of research publications, academics, infrastructure development, and setting up of the new state of the art campus at Jagti which is nearing completion. He gave an insight into the programmes currently offered by IIM Jammu and mentioned the various MoUs that have been signed between IIM Jammu and*

*various institutions, both nationally and internationally. He mentioned that was an increase of 33% in average salary with the highest salary of 32 LPA. He congratulated the graduating students and wished them good luck in their future endeavors.*

*The event was attended by all the Chairpersons, faculty members, staff members, graduate students, their family members, and media personnel. A live webcast of the event was done through National Informatics Centre (NIC). The link was <https://webcast.gov.in/moe/iimj>.*

*Dr. Milind Kamble declared the Convocation closed and the event concluded with the National Anthem.*

## **President Kovind visits IIM Jammu; emphasises good education to youth [details]**

admin 9 June 2022

President Ram Nath Kovind's heart winning gesture

The President of India, Ram Nath Kovind on Thursday said that education is the greatest enabler and emphasized providing good education to the youth.

"The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build India of the future. They are going to make the lives of the people, better, and the country, stronger", [the President](#) said while addressing the 5th annual convocation of the Indian Institute of Management (IIM) Jammu.

The President said that as we know, the National Education Policy seeks to position India as a 'Knowledge Hub' in today's knowledge economy.

President Ram Nath Kovind addressing convocation of IIM JammuDIPR J&K

"It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today. For India to become a global knowledge hub, our institutes of learning have to be globally comparable", he said.

He was happy to note that the number of Indian institutions in the global ranking is gradually increasing. He said that new institutions like IIM [Jammu](#) should quickly adopt global best practices and aspire for a higher ranking.

DIPR J&K

### **Asks youth to become job-giver, not the job seeker**

The President said that aided by the convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

"Unicorns, most of which are set up by young people, must be a source of inspiration for all students", he said.

The President said that the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country has one of the best start-up ecosystems in the world.

He was happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

### **Advises students to remain learners, re-learners throughout life**

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast-paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter.

**LIVE: President Kovind's address at the 5th annual convocation of Indian Institute of Management, Jammu** <https://t.co/MJRAHtFhjK>

– President of India (@rashtrapatibhvn) [June 9, 2022](#)

“Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, they have to move from the mindset of ‘utilizing the known’ to the approach of ‘exploring the unknown. They have to move beyond their comfort zones to the areas of uncertainty”, he said.

“Youth have to convert challenges into opportunities. They have to be ‘pro-changers’ and yet be sensitized to ‘no-changers’ for converting them into supporters of change. They have to look at tomorrow while learning from yesterday”, the President said.

“Our youth have to create their future based on the relevant learning from the past”, he said and advised them to keep an open mind, an open heart, and a strong will. He said that a really good entrepreneur, good manager, or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.

Union Minister, Dr. Jitendra Singh and Lieutenant Governor Manoj Sinha also addressed the convocation.

### **President Kovind address 5th Annual Convocation of IIM Jammu**

Says 'new era of higher education flourishing in J&K' by [Agencies](#)

[June 10, 2022](#) in [Top News](#)

Jammu: In Jammu and Kashmir, President of India, Ramnath Kovind addressed the 5th Annual Convocation of the Indian Institute of Management in Jammu this evening.

Speaking on this occasion, President Kovind said that a new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better. Urging students to positively contribute to the development of a stronger nation, the President said that education sets mind and soul free from ignorance and negativity, adding youth are catalysts of a future and stronger India.

Commending girls for getting the top three gold medals, Kovind said that India is moving forward with greater women empowerment. The President said that education is the greatest enabler.

“The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger,” the president said.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

The President advised students to remain quick learners and re-learners throughout their life. He said that the role of fast paced technological changes is going to be

disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter.

To deal with such a scenario, they have to move from the mindset of 'utilising the known' to the approach of 'exploring the unknown'. He also urged IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelize the potential of the people there for bigger goals, be it in the field of entrepreneurship or research or skill development.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree this year. The main highlight of the convocation was that 77 female students were awarded their degrees. On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu. He will also pay obeisance at the shrine of Shri Mata Vaishno Devi tomorrow

## Higher education scaling new heights in J&K with improved ecosystem: President Kovind

by Kashmir Dot Com June 10, 2022

Lieutenant Governor Manoj Sinha and the Union Minister of State in PMO Dr Jitendra Singh were the guests of honour on this occasion. Special arrangement

**Jammu:** Asserting that “excellence and ethics go together”, the President of India Ram Nath Kovind on Thursday asked the students to move beyond “their comfort zones to the areas of uncertainty to convert challenges into opportunities.”

He was addressing the 5th annual convocation of Indian Institute of Management (IIM) Jammu here this evening at the Convention Centre.

Lauding the prevailing education ecosystem in J&K, President Kovind, who was the chief guest on the occasion, said, “A new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better.”

Lieutenant Governor Manoj Sinha and the Union Minister of State in PMO Dr Jitendra Singh were the guests of honour on this occasion.

Urging students to positively contribute to the development of a stronger nation, the President said, “The education sets mind and soul free from ignorance and negativity and the youth are catalysts of a future and stronger India.” He said, “A really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.”

Commending girls for bagging three gold medals, the President also referred to the recent result of Civil Services examination where top three ranks were also secured by the girls.

“In the results of the Civil Services examination announced recently, our daughters have captured the top three ranks. These happy developments related to the excellence of our daughters indicate that India is moving not only towards greater women empowerment but also towards women led empowerment. I hope that each one of you will strive to make our nation proud and make a positive contribution in the development of society and the nation,” he said.

He asserted that to deal with a scenario where the shelf life of technologies, management and leadership styles was shorter, the students would have to move from the mindset of “utilising the known to the approach of ‘exploring the unknown’.” He advised them to keep an open mind, an open heart and a strong will.

Describing education as the greatest enabler, the President said, “The future of our country depends on the good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better and the country, stronger.”

He said, “The National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today.”

President Kovind stated that for India to become a global knowledge hub, the institutes of learning would have to be globally comparable. He was happy to note that the number of Indian institutions in the global ranking was gradually increasing. He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups had become very successful and were being described as the emerging mainstay of the Indian economy. “Unicorns, most of which are set up by young people, must be a source of inspiration for all students,” he added.

He said that the mindset of being a job-giver and not a job-seeker among the youth of India was one of the key factors in the country having one of the best start-up ecosystems in the world. He lauded that IIM Jammu, in collaboration with DICCI and CII, was setting up a special diversity cell for helping potential entrepreneurs from Scheduled Castes and Scheduled Tribes. He appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The President advised students to remain “quick learners and re-learners throughout their life.” He said, “The role of fast paced technological changes is going to be disruptive. The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter. To deal with such a scenario, the students will have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown’. They have to move beyond their comfort zones to the areas of uncertainty. They have to convert challenges into opportunities.”

“You have to be ‘pro-changers’ and yet also sensitise yourself to ‘no-changers’ for converting them as supporters of change. The students will have to look at tomorrow while learning from yesterday. They have to create their future based on the relevant learning from the past,” President said.

A total of 214 students were conferred with a Master of Business Administration (MBA) degree this year. The main highlight of the convocation was that 77 female students were awarded their degrees.

President conferred the chairperson's gold medal, director's silver medal and chairperson MBA bronze medal to the meritorious students for their scholastic performance.

LG Sinha and Dr Jitendra Singh also addressed the gathering.

Director General, Confederation of Indian Industries (CII), Dr Chandrajit Banerjee and the President Dalit Indian Chamber of Commerce (DICCI) Ravi Kumar Narra were the special guests on the occasion. The event was presided over by the chairman Board of Governors, IIM Jammu, Dr Milind Kamble. Director IIM Jammu Prof B S Sahay presented the Director's report highlighting the achievements of the Institute.

On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu.

Earlier, President Kovind along with his family arrived in Jammu this afternoon on a two-day visit to Jammu amid multi-layered fool proof security arrangements. The Lieutenant Governor Manoj Sinha received him at Jammu airport. They directly drove to the Raj Bhawan from where in the evening he went to the Convention Centre to attend the IIM Jammu convocation programme. He will have a night halt at Raj Bhawan. The President is likely to be apprised about the J&K situation, development projects and other important issues being confronted by the UT.

President Kovind along with his family will visit Shri Mata Vaishno Devi shrine at Katra in Reasi district tomorrow morning. After paying obeisance there, he will leave for the union capital in the afternoon.

**India's future depends on good education of young population: President**

by **United News Of India** [10/06/2022](#)

## Addresses 5<sup>th</sup> convocation of IIM Jammu

Jammu: Advising students to remain quick learners and re-learners throughout their life, President Ram Nath Kovind on Thursday said that India's future depends on good education of our young population.

“Remain quick learners and re-learners throughout your life. The role of fast paced technological changes is going to be disruptive,” Kovind said while addressing the Fifth Convocation of Indian Institute Management of Jammu here this evening.

Union Minister Dr Jitendra Singh and Jammu and Kashmir Lieutenant Governor Manoj Sinha also attended the event.

The President said that the role of fast paced technological changes is going to be disruptive, adding, “Education is the greatest enabler. The future of our country depends on the good education of our young population.”

“Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people better, and the country stronger,” the President observed.

He said, “as we know, the National Education Policy seeks to position India as a ‘Knowledge Hub’ in today’s knowledge economy. It seeks to make our youth equipped for the world of the 21st century while preserving our ancient values which remain relevant even today.”

“For India to become a global knowledge hub, our institutes of learning have to be globally comparable,” he said and expressed happiness noting that the number of Indian institutions in the global ranking is gradually increasing.

He said that new institutions like IIM Jammu should quickly adopt global best practices and aspire for higher ranking.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

“Unicorns, most of which are set up by young people, must be a source of inspiration for all students,” he said and added, “the mindset of being a job-giver and not a job-seeker among the youth of India is one of the key factors in our country having one of the best start-up ecosystems in the world.”

“I am happy to note that IIM Jammu, in collaboration with DICCI and CII, is going to set up a special diversity cell for helping potential entrepreneurs from scheduled castes and scheduled tribes,” he added and appreciated everyone concerned with this initiative to promote entrepreneurship and inclusion.

The shelf life of technologies is getting shorter, he said.

Kovind added that therefore, the shelf life of management and leadership styles is also going to be shorter and added, to deal with such a scenario, they have to move from the mindset of ‘utilizing the known’ to the approach of ‘exploring the unknown’.

“They (students) have to move beyond their comfort zones to the areas of uncertainty and have to convert challenges into opportunities,” he advised.

The President further asked the students to be ‘pro-changers’ and yet be sensitise to ‘no-changers’ for converting them as supporters of change.

Students have to look at tomorrow while learning from yesterday and have to create a future based on the relevant learning from the past, said Kovind.

The President advised them to keep an open mind, an open heart and a strong will and said, “a really good entrepreneur, good manager or a good business leader is one who believes in doing well by doing good. Excellence and ethics go together.” (UNI)

**Happy to know IIT, IIM & AIMS Jammu are integrating courses, institutes: President Kovind**

Says integration of courses, institutes in line with objectives of NEP-2022

ByKNS Posted on Jun 09, 2022 | Updated on Jun 09, 2022

Srinagar, June 09 (KNS): President of India Ram Nath Kovind on Thursday that he was happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

In his address during the 5th Convocation at IIM Jammu, President Kovind congratulated the students and degree holders for their achievements.

He also congratulated their parents and teachers and stated that they have toiled hard to witness this day which is so important in the lives of these young students.

He said that the integration of courses and institutes is in line with the objectives of the National Education Policy-2020.

“I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighborhood and channelize the potential of the people for bigger goals, be it in the field of entrepreneurship or research or skill development,” he said.

He also said that he was happy to know about the steps taken to develop Srinagar Off-Campus of IIM Jammu, which will further increase higher education outreach in this part of the country.

“I am glad to note that students from 25 States and Union Territories are receiving education from the faculty drawn from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu, ” he said.

He added that he was happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programs.

“I am told that the new campus of the institute is targeted to be fully functional by November this year. I extend my best wishes for the team here to achieve the target.”

President Kovind added that the United Nations has been publishing a World Happiness Report along with the ranking of countries on happiness related parameters.

“In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions,”

He added that in this context, the initiative of setting up a Centre for Happiness, named ‘Anandam’, by IIM Jammu is a welcome step. (KNS)

### New Delhi June 9

The Fifth Annual Convocation of IIM Jammu was successfully held on 09th June 2022 at the Convention Centre in the city of Jammu. Shri Ramnath Kovind, Hon'ble President of India was the Chief Guest on the occasion and delivered the convocation address. Dr. Jitendra Singh, Hon'ble Union Minister of State (Independent Charge), Govt of India, and Shri Manoj Sinha, Hon'ble Lieutenant Governor, Union territory of J&K were the Guests of Honour on the occasion. Shri Chandrajit Banerjee, Director General, Confederation of Indian Industries (CII), and Shri Ravi Kumar Narra,

President, Dalit Indian Chamber of Commerce and Industry (DICCI) were the special guests on the occasion. After the arrival of the dignitaries, the event started with the national anthem and the Convocation was declared open by Dr. Milind. P. Kamble, Chairman, BoG, IIM Jammu. Dr. Milind. P. Kamble, Chairman, Board of Governors, IIM Jammu

delivered the welcome address, and Prof. B.S. Sahay, Director IIM Jammu presented the Directors' Report. A total of 214 students were conferred with a Master of Business Administration (MBA) Degree. On this meritorious occasion, the Institute confers the Chairman's Gold Medal, Director's Silver medal, and Chairperson

**IIM Jammu ON PAGE 2**

## **IIM Jammu**

MBA's Bronze Medal for their scholastic performance. Ms. Sonali of the Batch 2020-22 was awarded the Gold medal, Ms. Shraddha Shukla received the Silver medal, and Ms. Raafesq Dawara got the Bronze medal. Hon'ble President of India, Shri Ram Nath Kovind, the Chief Guest for the Convocation, presented the medals to the students. The Institute of Company Secretaries of India (ICSI) awarded the ICSI signature award to Ms. Sonali who is the top rank holder in the MBA programme. On this occasion, the Hon'ble President of India inaugurated the diversity cell at IIM Jammu for the SC/ ST Community in the IIM Incubation Center with the support of the Confederation of Indian Industries (CII) and the Dalit Indian Chamber of Commerce and Industries (DICCI). The Diversity Cell aims to promote entrepreneurship in this segment of society for their economic and social upliftment. Speaking on the occasion, Shri Ramnath Kovind, Hon'ble President of India stated that 'Education is the greatest enabler' and congratulated the students, parents, and the faculty for providing the country with its future. He appreciated IIM Jammu for its accomplishments over the past years, with special emphasis on IIM Jammu's Centre of Happiness, 'Anandam', hoping that it would continue a similar growth trajectory in the upcoming years. He advised everyone to remain quick learners and contribute to the growth of the country. The three medal winners of IIM Jammu were women, and the Hon'ble President lauded them, calling them the Nation's daughters. Dr. Jitendra Singh, Hon'ble Union Minister of State (Independent Charge), Govt of India encouraged the graduating MBA batch to actively participate in taking India to the next pedestal. He also emphasized that the establishment of IIM Jammu happened during the commencement of two important events: NEP 2020 and Start-Up India. He stressed the growing importance of start-ups, especially in the agricultural, dairy industries and agritech. Sh. Manoj Sinha, Hon'ble Lieutenant Governor, Union territory of J&K, congratulated the graduating students, remarking that learning shouldn't be confined to books and courses but should also be used in the real world. He also proposed to make Jammu and Kashmir 'Aatmanirbhar' in the upcoming years and stressed the need for interdisciplinary and holistic education, which is the main motto of NEP 2020. Dr. Milind P. Kamble, Chairman, Board of Governors, IIM Jammu gave an overview of the Institute and mentioned that IIM Jammu provides a conducive environment for nurturing talent, excellence, and innovation. He reminded everyone of the importance of adaptability and preparedness in this new era and wished success to future corporate leaders. Prof. B. S. Sahay, Director, IIM Jammu presented highlights of IIM Jammu in the past one year where he spoke about the progress of the Institute in the form of research publications, academics, infrastructure development, and setting up of the new state-of-the-art campus at Jagt which is nearing completion. He gave an insight into the programmes currently offered by IIM Jammu and mentioned the various MoUs that have been signed between IIM Jammu and various institutions, both nationally and internationally. He mentioned that there was an increase of 33% in average salary with the highest salary of 32 LPA. He congratulated the graduating students and wished them good luck in their future endeavors. The event was attended by all the Chairpersons, faculty members, staff members, graduate students, their family members, and media personnel. A live webcast of the event was done through National Informatics Centre (NIC). The link was <https://webcast.gov.in/moe/iimj>. Dr. Milind Kamble declared the Convocation closed and the event concluded with the National Anthem.

## President Kovind address 5th Annual Convocation of IIM Jammu

by KD DESK June 10, 2022 in Local

**Jammu:** In the Union Territory of Jammu and Kashmir, President of India, Ramnath Kovind addressed the 5th Annual Convocation of the Indian Institute of Management in Jammu this evening.

As per news agency—Kashmir News Observer (KNO), speaking on this occasion, President Kovind said that a new era of higher education is flourishing in Jammu and Kashmir and the education ecosystem is getting better.

Urging students to positively contribute to the development of a stronger nation, the President said that education sets mind and soul free from ignorance and negativity, adding youth are catalysts of a future and stronger India.

Commending girls for getting the top three gold medals, Kovind said that India is moving forward with greater women empowerment.

The President said that education is the greatest enabler.

“The future of our country depends on good education of our young population. Institutes like IIM Jammu are nurturing our youth. These talented young people are going to build the India of the future. They are going to make the lives of the people, better, and the country, stronger,” the president said.

The President said that aided by convergence of technologies and opportunities, many start-ups have become very successful and are being described as the emerging mainstay of the Indian economy.

The President advised students to remain quick learners and re-learners throughout their life.

He said that the role of fast paced technological changes is going to be disruptive.

The shelf life of technologies is getting shorter. Therefore, the shelf life of management and leadership styles is also going to be shorter.

To deal with such a scenario, they have to move from the mindset of ‘utilising the known’ to the approach of ‘exploring the unknown’.

He also urged IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and channelize the potential of the people there for bigger goals, be it in the field of entrepreneurship or research or skill development.

A total of 214 students were conferred with a Master of Business Administration (MBA) Degree this year.

The main highlight of the convocation was that 77 female students were awarded their degrees.

On this occasion, the President also inaugurated the Diversity Cell at IIM, Jammu.

He will also pay obeisance at the shrine of Shri Mata Vaishno Devi tomorrow—**(KNO)**

## I am happy about integration of courses and institutions in line with National Education Policy: Prez

**Jammu, June 10:** President Ram Nath Kovind has said he is happy to know that IIM Jammu, IIT Jammu and AIIMS Jammu are integrating and offering courses in which students from one institute can get access to the other.

Addressing the fifth convocation of IIM Jammu on Thursday, Kovind congratulated the students, degree holders, their parents and teachers, saying that the students have worked hard for this day which is very important in their lives.

He added that the integration of courses and institutes is in line with the objectives of the National Education Policy, 2020.

"I urge IIM Jammu and other institutes in your proximity to adopt towns and villages of the neighbourhood and chan-

nelise the potential of the people for bigger goals, be it in the field of entrepreneurship/research or skill development."

"I am happy to know about the steps taken to develop Srinagar off-campus of IIM Jammu, which will further increase

higher education outreach in this part of the country."

"I am glad to note that students from 25 states and Union Territories are receiving education from the faculty chosen from all over the country. This makes IIM Jammu reflect a young mini-India. I am told that adjunct faculty from countries like the UK, France, Brazil and the US are associated with IIM Jammu," Kovind said.

"I am happy to note that the institute has tied up with 15 prestigious institutions in the US, France, Australia, Korea and the UK for student and faculty exchange programmes," he added.

"I am told that the new campus of the institute is targeted to be fully functional by November

this year. I extend my best wishes for the team here to achieve the target."

President Kovind said that the UN has been publishing a World Happiness Report along with the ranking of countries on happiness-related parameters.

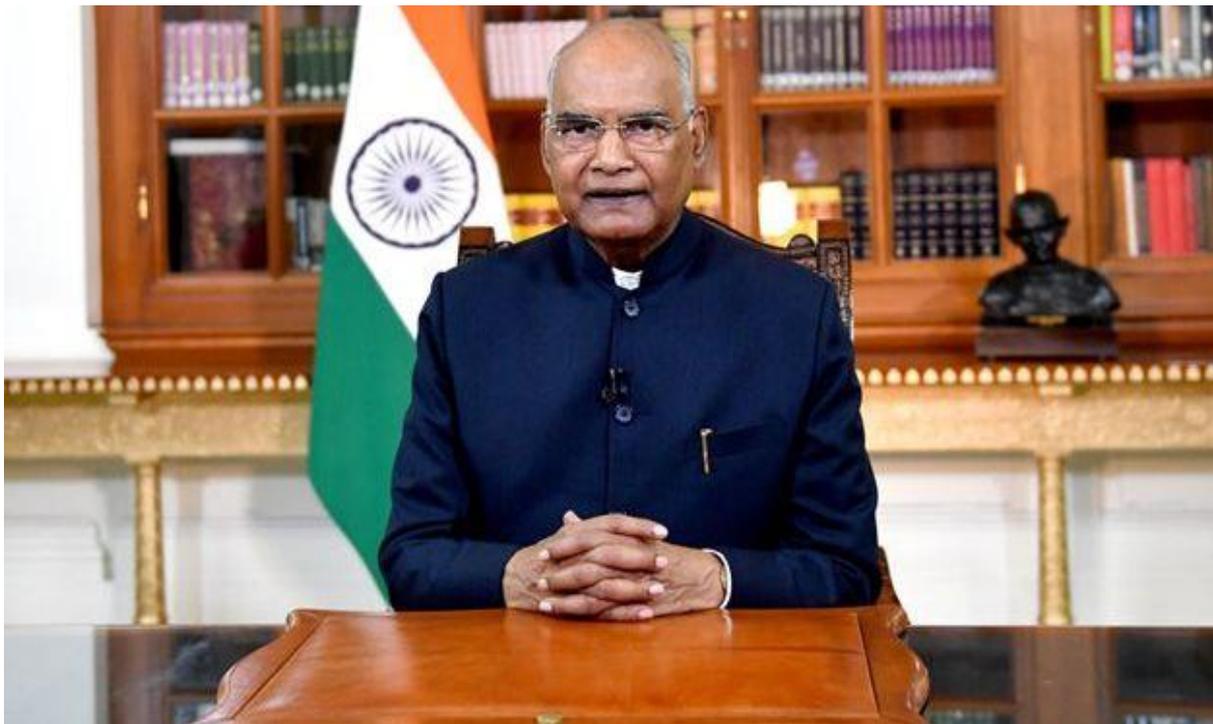

"In a world full of stress, happiness is as much about the spirit of the person as it is about external conditions. Therefore, the right training of the people in the art of happiness is as important as their training in skills and professions," he added.

He said that in this context, the initiative of setting up a centre for happiness, named 'Anandam', by IIM Jammu is a welcome step. (IANS)
